Notice of Completion of Groundwater Appropriation Without Well

(Insert Date)

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 187, Montana Session Laws, 1951)

MONTANA

Date of Appropriation of Groundwater

Owner: __________________________
Address: _______________________

Contractor (if any): __________________________
Address of Contractor: _______________________

Date Started: __________________ Date Completed: __________________

Describe means of obtaining groundwater without a well, as by sub-irrigation and other natural processes. Include description of water when applicable. Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used, with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Signature of Owner: __________________________

Date: __________________

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Alvin Leumpy**, of **Sec. 15, T. 14 N., R. 1 W.**

   - **Address**
   - **Town**

2. The beneficial use on which the claim is based:
   - Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   - 1942不间断use
   - 1952不间断use

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Pump, 1942
   - Approx. 1942, 1943-1950
   - Approx. west of Sec. 15, T. 14 N., R. 1 W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Summer 1943

8. The depth of water table:
   - 14 feet of water

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Drilled with 1½" wood combination, 4 ft. each

10. The estimated amount of groundwater withdrawn each year:
    - 18,000 gallons per year

11. The log of formations encountered in the drilling of each well if available:
    - No log available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    - No

Signature of Owner: **Alvin Leumpy**

Date: **Dec 31, 1963**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Year Vested, _____________ of _____ Scooty

County of Daniels, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: Domestic use and livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1918. Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 2 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Pump. Well is located in the NE1/4SW1/2 of Sec. 17, Twp. 34 N. Rge. 47 W.M. as indicated on plat.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. July 1918.

8. The depth of water table 12 feet of water

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Hand dug well. 4 foot square curbing for 38 feet down to water, then 18" wood curbing or down to 42 feet.

10. The estimated amount of groundwater withdrawn each year 92,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: John Doe
Date: Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approprietor.

(Under Chapter 237, Montana Session Laws, 1961)

1. Inger Pereaard, of Scooby,
   (Name of Appropriator) (Address) (Town)
   County of Daniels, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Well for domestic uses, livestock water and irrigation.

   3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1916. Continuous use.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 2,600 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Used to irrigate 1 acre of garden located approximately 60 feet east of well, location of which is described below. Owner is Inger Pereaard.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 3/4" cylinder with an electric 3/4 H.P. motor & pump jack. Located 800 feet east and 340 feet south of the NW corner of SE 1/4 of Sec. 18, Twp. 34 N., Rge. 49 W.M.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1916.

   8. The depth of water table: 20 feet of water in the well.

   9. So far as it may be available, the type, size and depth of each well etc. or the general specifications of any other works: The well is 66 feet deep and cased with the 16 inch in diameter. There is metal galvanized pipe, 1/2" from 3/4" cylinder to surface of well. The well is pumped by an electric 3/4 horse motor and a pump jack.

   10. The estimated amount of groundwater withdrawn each year: 2,600,000 gallons per year.

   11. The log of formations encountered in the drilling of each well etc. if available: None.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

   Signature of Owner: Inger Pereaard, December 30, 1963

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: APRKXIMATELY 1961
Owner: OWEN L. WOLFORD Address: SCOBEE, MONT.
Contractor (if any): NONE
Address of Contractor: NOT APPLICABLE
Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

Each year:

Signature of Owner: OWEN L. WOLFORD ESTATE
Date: December 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.

---

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropiator.
DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

This is to certify that I, Lucilla DeLellis, of 12th Street, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: Lucilla DeLellis
   Address: 12th Street
   Town: State of Montana

2. The beneficial use on which the claim is based: Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1960

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 0.5 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pumping stations

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1960

8. The depth of water table: Not Known

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: See App. 1

10. The estimated amount of groundwater withdrawn each year: 100,000 gallons per year

11. The log of formations encountered in the drilling of each well if available: No log available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: See App. 1

Signature of Owner: Lucilla DeLellis
Date: Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicates to the State Engineer; Tripletale to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Office of State Engineer
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Earl Norman
   (Name of Appropriator) Scobey
   (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use and agriculture use.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Fall of 1956. Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 8 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1 acre of land around the house. Lawn and garden situated in the NW 1/4 of Sec. 3, Twp. 34 N., Rge. 48 E.M.M. Owner is Earl Norman.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Full pressure system with electric motor and 12 H.P. pump located 200 feet south and 1,900 feet west of the NE corner of NW 1/4 of Sec. 3, Twp. 34 N., Rge. 48 E.M.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: October 15, 1958.

8. The depth of water table: 31 inches.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Bag well. 12 inch tile at top. 4 x 4 x 4 steel stump at bottom of well. Well is 21 feet deep.

10. The estimated amount of groundwater withdrawn each year: 4,075,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Earl Norman
Date: December 13, 1963

Three copies to be filed by the owner with the Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, write so, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

We, J. K. Benson & Minnie P. Benson, husband and wife as joint tenants with right of survivorship, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: J. K. Benson & Minnie P. Benson

2. The beneficial use on which the claim is based: Well for domestic use and livestock water.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: About 1916. Continues use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 9 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump located 990' west and 490' south of the NW corner of Sec. 21, T. 34 R. 48.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1916.

8. The depth of water table: Well is 82' deep with 3/4 40' of water.

9. So far as it may be available, the type, size and depth of each well or the general description of any other works for the withdrawal of groundwater: Drilled well with 6' casing and 62 feet deep.

10. The estimated amount of groundwater withdrawn each year: 970,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Driller's Signature: ______________________

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the space will be removed.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the operator.
### Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Name of Appropriate**: Evan K. Benson  
   **Address**:  
   **Town**:  
   **County of**: Daniels  
   **State of**: Montana

2. The beneficial use on which the claim is based. **Spring for livestock water.**

3. Date or approximate date of earliest beneficial use, and how continuous the use has been. **Approximately 1925.**

4. The amount of groundwater claimed (in miner's inches or gallons per minute): **5 gallons per minute.**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. **None.**

6. The means of withdrawing such water from the ground and the location of each well or other works for withdrawal of groundwater. **Natural hole about 30 feet wide, 200 feet long and 2 feet deep, with 2 feet of water.**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal. **Approximately 1925.**

8. The depth of water table: **Unknown.**

9. As far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. **Natural hole about 30 feet wide, 200 feet long and 2 feet deep, with 2 feet of water.**

10. The estimated amount of groundwater withdrawn each year: **54,000 gallons per year.**

11. The log of formations encountered in the drilling of each well if available. **None.**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. **None.**

**Signature of Owner**: Evan K. Benson  
**Date**: December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriate.
