STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

Lelon Fladager, of Peerless
County of Daniels, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1961, as follows:

2. The beneficial use on which the claim is based: Domestic, Irrigation, Livestock and Sypning.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: June, 1959.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 24 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

Agent Hill, 2390' North of S.E. corner of Sec. 2.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump at point of appropriation.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: June 1959.

8. The depth of water table: 15' deep.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well 4" casing, 100' deep with 1.5 of well.

10. The estimated amount of groundwater withdrawn each year: 300,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: Brown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Lelon Fladager
Date: 7-16-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

R. Laney Fladager
of Peerless

County of Daniels, State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based, Wine

3. Date or approximate date of earliest beneficial use, and how continuous the use has been
   Approx. 1945

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 8 gals per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   A. 20 acres of land

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Drilled wells

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Approx. July 1945

8. The depth of water table
   15' deep in well

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   10' deep with 15' pipe

10. The estimated amount of groundwater withdrawn each year
    13,000 gals per year

11. The log of formations encountered in the drilling of each well if available
    None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None

Signature of Owner

Date: 7-16-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. John J. Dighans, of Peerless, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Well for domestic use and livestock water.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Approximately October, 1949, Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 18 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump with electric power located 1850 feet north and 395 feet west of the SE corner of Sec. 5, Twp. 35 N., Rge. 45 E.M.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: October, 1949.

8. The depth of water table: Well is 47 feet deep with 13 feet of water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Bored 10 inch hole with wood curbing.

10. The estimated amount of groundwater withdrawn each year: 115,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

**Notice of Completion of Groundwater Appropriation by Means of Well**

(Under Chapter 237, Montana Session Laws, 1961)

**Owner:** Milton W. Pledger
**Address:** Fairlea, Montana

**Driller:** Boone W. Whitmer & Sons
**Well Point:** Wolf Point, Montana

**Date of Notice of Appropriation of Groundwater:** August 10, 1969

**Date well started:** August 5, **Date Completed:** August 10, 1969

**Type of well:** Drilled

**Equipment Used:** Cable Tool

**Water Use:**
- Domestic ☑
- Municipal ☐
- Other ☐
- Irrigation ☑
- Industrial ☐
- Drainage ☐
- Stock ☐

**Sand (Set) Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc.**

**Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.**

Walde LaP Fladager
(Address)

State of Montana

County of Daniels

of Peerless
(Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic, use-watering sheep, cows and horses; irrigating lawn and garden.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: It was dug about 1914 and been in use ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: There is a submersible pump at the bottom of the well and the capacity is 10 gallons at 650 lbs. pressure per min.

7. The date of commencement and completion of the construction of the well, or other works for withdrawal of groundwater: About 1914. Exact date is unknown.

8. The depth of water table: 10 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: The well is 100ft. deep, iscased with 24 inch steel casing, the top 12ft. is 3 by 3 ft. Pit. The bottom is 16 ft. arecured with 10 inch curking, the curking is wood. There is an 1 1/2 inch galvanized metal pipe extending to the surface of the well from the submersible pump.

10. The estimated amount of groundwater withdrawn each year: 270485 gallons used per year.

11. The log of formations encountered in the drilling of each well if available: None made.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None recorded.

Signature of Owner

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available. None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 1922
Owner: Harold C. Leland
Address: Seeley, Mont.
Contractor (if any): None
Address of Contractor: None
Date Started: May 1922
Date Completed: May 1922
Describe means of obtaining groundwater without a well, "as by sub-irrigation and other natural processes". Include depth to water when applicable. Water flows into natural waterhole, water is maintained by ground water on or near surface, located 200 ft. west and 20 ft. south of 78 degree. Sec. 19-35-46.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Harold C. Leland
Date: Dec. 31, 1962

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec. 7, 1963
Owner: L. Lien  Address: Peerless, Mont.
Contractor (if any) 
Address of Contractor 
Date Started: July 15, 1961  Date Completed: July 16, 1961
Describe means of obtaining groundwater, without a well, "as by sub-irrigation and other natural processes". Include depth to water when applicable. 
Dugout was developed into the groundwater table with about 2' of maintained water depth. Dugout has about 1200 sq. ft. of bottom area, and holds about 330,000 gals. Depth to water is about 2'. Location is about 2500' So. & 185' E. of the NW corner of Sec. 25 R. 135 N. 
Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Intermittent use for livestock water for a period of about 120 days for 30 to 40 head of cattle.

Signature of Owner: B. J. Lien  Date: Dec. 7, 1963

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Milton W. Fledager
   Peerless
   (Name of Apprppriator) (Address) (Town)
   County of: Daniels State of: Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Stockwater
      date or approximate date of earliest beneficial use; and how continuous the use has been: June 1, 1948

   3. The amount of groundwater claimed (in miner’s inches or gallons per minute): 10 gallon per Min.

   4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Motor + Pump Jack

   6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jan 1, 1948

   7. The depth of water table: 27 ft.

   8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   9. The estimated amount of groundwater withdrawn each year: 800,000

   10. The log of formations encountered in the drilling of each well if available:

   11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Milton W. Fledager
   Date: March 3, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Apprppriator.
NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL
Developed after January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: Arnold Anderson
Address: Beekman, Montana
File: 129/32

Date well started: July 24, 1982
Completed: Aug. 2, 1982

Type of well: Drilled
Equipment used: A.T.

Water Use: Domestic [X] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ] Garden/Lawn [ ]

Describe [ ] Use if used for irrigation, industrial, number of acres and other data (e.g., lot, block, and addition).

ESTIMATED ANNUAL WITHDRAWAL: 10,000

Pumping rate: 266 ft³ per day

PERFORATIONS

Kiln Size | Depth (Feet) | Time (Min.)
--- | --- | ---
3 | 2.8 | 2.8

Static water level: 30 ft

Pumping water level: 266 ft

Top of Ground
