RECEIVED
DEC 19 1962

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

101800

1. Charlie W. Oglesby, of Peerless
(Name of Appropriator) (Address) (Town)

County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 Sec. 30 T. 35 R. 45

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based stock water and domestic use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1941, and the use has been continuous since 1941

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Irrigation of garden only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Two electric pumps, one for stock water and one for domestic use, located at building site of appropriator in NW 1/4 of 30-35-45.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1941

8. The depth of water table Total depth of well is 28 feet. Distance from ~~surface~~ surface to top of water level is 18 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater The well commences with a hole 6 foot by 6 foot by 8 foot deep, containing water system; 18 feet of 10 inch tile from the surface, then 10 feet of 12 inch hole with wood curbing. Total depth of well is 28 feet. Two electric pumps.

10. The estimated amount of groundwater withdrawn each year 10,950 gallons

11. The log of formations encountered in the drilling of each well if available No log available, but formations encountered consist of gravel and clay.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

Signature of Owner Charlie W. Oglesby

Date December 14, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Eddie Oscar Wahl, of Four Buttes
(Name of Appropriator) (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 6 T35 R47

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Well for domestic use and irrigation. Also agricultural use.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1942. Continuous use.
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1 gallon per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 1/4 acre of garden irrigated, located 50 feet south of well in SE 1/4 of Sec. 6, Twp. 35 N., Rge. 47 E.M.M. Owner is Eddie Oscar Wahl.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric jet pump located 540 feet north and 180 feet west of the SE corner of the SE 1/4 of Sec. 6, Twp. 35 N., Rge. 47 E.M.M.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Spring of 1942.
8. The depth of water table Well is 86 feet deep with 45 feet of water.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Well is cased with 14 inch tile to the bottom. 1 1/2 inch plastic pipe to bottom of well. Well is 86 feet deep.
10. The estimated amount of groundwater withdrawn each year 186,000 gallons per year.
11. The log of formations encountered in the drilling of each well if available None available.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None.

Signature of Owner Eddie Oscar Wahl

Date December 11, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

1. Eddie Oscar Wahl, of Four Buttes
(Name of Appropriator) (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 6 T35 R. 47

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Well for livestock water.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1934. Continuous use.
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1 gallon per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner None.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric motor & pump jack located 740 feet north & 480 feet west of the SE corner of the SE 1/4 of Sec. 6, Twp. 35 N. Rge. 47 E.M.M.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Spring of 1934.
8. The depth of water table Well is 74 feet deep with 45 feet of water.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Well is cased with wood, 14 inch diameter, to bottom. Metal galvanized pipe 1 1/2 inch from surface to cylinder in well. Well is 74 feet deep.
10. The estimated amount of groundwater withdrawn each year 186,000 gallons per year.
11. The log of formations encountered in the drilling of each well if available None available.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None.

STATE ENGINEER

I, Alfred J. Ostby, of Box 55, Four Buttes, Montana
(Name of Appropriator) (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

of
NW 1/4 SW 1/4 Sec. 6, T. 35N R. 47E

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based.....on.....
domestic use. Well at house.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....1942. Used continuously.
4. The amount of groundwater claimed (in miner's inches or gallons per minute).....one gallon per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....1/2 acre near South side of house.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Withdrawn by electric pump. Well is near Southeast corner of house.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....Commenced drilling June, 1941. Completed same period.
8. The depth of water table.....Approximately 50 feet of waterbearing material.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....Cased with 18" tile. 60' deep. Pumped with an electric pump. Suction pump size unknown, 1 1/2" plastic hose used to pump water from well.
10. The estimated amount of groundwater withdrawn each year.....350,000 gallons per year.
11. The log of formations encountered in the drilling of each well if available.....No log kept.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....None.

1. Great Northern Railway Company, of 175 E. 4th St., St. Paul, Minnesota
(Name of Appropriator) (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based Railroad
purposes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Well No. 1 - August 1936
Well No. 2 - August 10, 1956
Both wells have been used continuously.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) Well No. 1 - N/A
Well No. 2 - 24 GPM

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
N/A

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Two wells
at Four Buttes; and two wells at Peerless.

NW 1/4 Sec. 8 T35N R47E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

Two wells at Four Buttes

(see reverse side for location of 2 wells at Peerless)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Well No. 1 - Work done in August 1936.
Well No. 2 - August 1, 1956 - August 10, 1956

8. The depth of water table Well No. 1 - Static level 33' Well No. 2 - Static level 32'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Well No. 1 - 18" drilled well - 50' deep
Well No. 2 - 6" drilled well - 112' deep - cased to 106'

10. The estimated amount of groundwater withdrawn each year Well No. 1 - 200,000 gallons
Well No. 2 - 100,000 gallons

11. The log of formations encountered in the drilling of each well if available Well No. 1 - N/A
Well No. 2 - See attached log sheet.

(Under Chapter 237, Montana Session Laws, 1961)

1. Tom W. Davis, of Staley
(Name of Appropriator) (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Well for domestic use and livestock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Approximately 1925. Continuous use until 1958. Use has been intermittent since then.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof No irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Cylinder pump with gas engine located about 645' south and 490' east of the NW corner of Sec. 10, Twp. 35 N., Rge. 47 E.K.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Approximately 1925.

8. The depth of water table Well is 65' deep with 8' of water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Drilled well with 8" casing.

10. The estimated amount of groundwater withdrawn each year 600,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None.

Signature of Owner Tom W. Davis
