have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... *domestic*...

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... *1916, used continuously*...

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... *1 gallon per minute*...

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... *no irrigation*...

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... *pump, jet and motor*...

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... *1916*...

8. The depth of water table... *not known*...

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... *40 feet*...

10. The estimated amount of groundwater withdrawn each year... *230,000*...

11. The log of formations encountered in the drilling of each well if available... *no log available*...

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...

Signature of Owner...

Date... *12-4-63*...

Three copies to be filled by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 247, Montana Session Laws, 1961)

Harold Sparks (Name of Appropriator) of Bozeman, Bozeman (Town)
County of Daniels, State of Montana
have appropriated groundwater according to the Montana laws in force prior to January 1, 1963, as follows:

1. The beneficial use on which the claim is based ____________________________ Irrigating

2. Date or approximate date of earliest beneficial use, and how continuous the use has been _______ 1948

3. The amount of groundwater claimed (in miner's inches or gallons per minute) ___________ 1.0 gallon per minute

4. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof ________________________________ No irrigation

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal _____________________________ Natural processes - Gravity flow

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater ______ 1940

7. The depth of water table ____________________________ not known

8. The type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater ____________________________ spring 2.5 feet deep and 20 feet wide

9. The estimated amount of groundwater withdrawn each year _______ 365,000 gallons per year

10. The log of formations encountered in the drilling of each well if available ____________________________ no log needed

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record ____________________________ No

Signature of Owner ____________________________ Date Dec. 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws 1961)

We, Earl Norman and V. Phyllis Norman, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   - Well for livestock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   - 4.5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   - None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   - Pump jack and cylinder, 12 inch pipe. Well located 480 feet west and 1,880 feet north of the SE corner of the SW corner of Sec. 17, Twp. 35 N., Rge. 49 E.M.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   - October 15, 1956.

8. The depth of water table.
   - 24 inches of water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   - Shallow hand dug well. 6 foot deep. 6 foot square. Wood casing.

10. The estimated amount of groundwater withdrawn each year.
    - 115,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available.
    - None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
    - None.

Signature of Owner: Earl Norman

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplet to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights

We, Earl Norman and Phyllis Norman of Stoby (Name of Appropator), of County of Daniels and State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropator: Earl Norman and Phyllis Norman
2. Address: Stoby
3. County: Daniels
4. State: Montana

2. The beneficial use on which the claim is based: Well for livestock water.

3. Date or approximate date of earliest beneficial use: 1953. Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 4.5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Cylinder pump with pump jack. Well is located in the northeast 1/4 Sec. 19, T. 35 N., R. 49 W.M., as indicated on plat.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Fall of 1953.

8. The depth of water table: Unknown.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 14 inch wood curbing. Well is 32 feet deep.

10. The estimated amount of groundwater withdrawn each year: 115,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Earl Norman

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Mr. Earl Norman and Phyllis Norman
(Name of Appropriator)

County of Daniels
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Spring for livestock water.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1938. Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1.2 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Gravity flow spring located in the NE1/4SW1/4 of Sec. 19, Tp. 35 N., Rg. 49 E.M.N., as indicated on plat.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1938.

8. The depth of water table: Unknown.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Dugout 10 foot deep, 50 foot square on top to intercept groundwater.

10. The estimated amount of groundwater withdrawn each year: 267,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Earl Norman

Date: December 17, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Harold Skerritt, of Box 275, Booby
(State of Appropriator) (Address) (Town)
County of Daniels State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: livestock.

3. Date or approximate date of earliest beneficial use: 1943, continuous use since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 140 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: gravity flow.

7. The date of commencement and completion of the construction of the well, or other works for withdrawal of groundwater: July 1952.

8. The depth of water table: not known.

9. So far as it may be available, the type, size and depth of each well or the general specification of any other works for the withdrawal of groundwater: drilled out and 45 feet of 1 1/4" pipe run out to the tank.

10. The estimated amount of groundwater withdrawn each year: 550,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: no log needed, spring.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: no.

Signature of Owner: Harold Skerritt
Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(under Chapter 97, Montana Code Annotated)

Date of Appropriation of Groundwater
Owner: [Name]
Contractor (if any): [Name]
Address of Contractor:

Date Started: [Date]
Date Completed: [Date]

Describe means of obtaining groundwater without use of wells
and other artificial means of production, include dept to measure or estimate such amount if use is intermittent:

Water when applicable: [Type]
Dugout in:
Deep well:
Quantity of water developed and means of measuring or estimating such amount:

Signatures:
Signature of Owner: [Signature]
Date: [Date]

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropnater.
# Declaration of Vested Groundwater Rights

**Harvey L. Blake**

(Name of Appropriator)

**of Butte, Montana, Electric**

(Address)

**Daniels**

(County of)

**Montana**

(State of)

I, Harvey L. Blake, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>W</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1. The beneficial use on which the claim is based is for pasture for cattle and other stock.

2. The date or approximate date of earliest beneficial use, if any, has been known when drilled but is in continuous use for 30 years.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) is 10 gal per min.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

6. The depth of the water table is 40 ft.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater is unknown.

8. The estimated amount of groundwater withdrawn each year is water for cattle about 2000 yd.

9. The log of formations encountered in the drilling of each well is available: mostly sand.

10. The log of formations encountered in the drilling of each well is available: mostly sand.

11. The log of formations encountered in the drilling of each well is available: mostly sand.

12. The estimated amount of groundwater withdrawn each year is water for cattle about 2000 yd.

Signature of Owner: Harvey L. Blake

Date: Dec 12, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(UNDER CHAPTER 237, MONTANA SESSION LAWS, 1961)

Name of Claimant: Harvey Lepke

Address: 4810 Boston Flagstaff

County of: Dan. Co.

State of: Montana

I hereby declare that I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: Household, Irrigating lawn & garden

3. Date or approximate date of earliest beneficial use; and how continuously the use has been in effect since: 1948 & continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per. min.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof: Small garden & lawn ground

6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal: Rotary pressure pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1948

8. The depth of water table: 40 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 18 in. Hand dug well

10. The estimated amount of groundwater withdrawn each year: about 35,000 gal.

11. The log of formations encountered in the drilling of each well if available: Water vs. in. in gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

Signature of Owner: Harvey Lepke

Date: Dec. 12, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate Owner.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

W. E. Rowe
(Name of Appropriator)

County of DANIELS
State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic Use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Approx. 1947

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 2 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 4 Acre, located in the SE 1/4 of the NE 1/4 of the NE 1/4, Sec. 26, T.35N R.49E, W. E. Rowe.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Cylinder Type Pump with Electric Motor; Located 250' west 40' south of the NE corner of Sec. 26, T.35N R.49E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Approx. 1947

8. The depth of water table: Well is 55' deep with 10' of water

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled hole with 18" x 12" curbing

10. The estimated amount of groundwater withdrawn each year: 260,000 gal. per year

11. The log of formations encountered in the drilling of each well if available: No log available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: W. E. Rowe
Date: Dec. 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

County of DANIELS State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based.
   **LIVESTOCK WATER**

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Approx. 1948
   **CONTINUOUS USE**

4. The amount of groundwater claimed (in miner’s inches or gallons per minute). 10 GAL. PER MINUTE

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   **NONE**

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Jet pump with electric motor. Located about 1280' south 380' west of the NE corner of Sec. 26 T35N. R.49E

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Approx. 1943

8. The depth of water table. **55' deep with about 15' of water**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Bored hole with 18" 18" curbing

10. The estimated amount of groundwater withdrawn each year. 360,000 GAL. PER YEAR

11. The log of formations encountered in the drilling of each well if available. **NO LOG AVAILABLE**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. **NONE**

Signature of Owner: W. E. Rowe
Date: DEC. 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, Duplicate to the State Engineer; Duplicate to the Bureau of Mines and Geology, and Quadruplicate to the Appropiirator
Declaration of Vested Groundwater Right
(Under Chapter 239, Montana Session Laws, 1961)

Versailles L. Pearson, Legate, husband and wife, as joint tenants with right of survivorship

Address (Town) Glendive

County of Dawson Valley

State of Montana

have applied for a groundwater right, according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: Spring, spring water, used for live stock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: April, 1962, used in 1948, continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 8.2 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Spring flows to service. Located in the Benchmark of Sec. 27, Twp. 35 N., Rge. 49 W.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1948

8. The depth of water table: Not known

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 32 foot deep. Round hole about 10-foot in diameter.

10. The estimated amount of groundwater withdrawn each year: 81,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Frances L. Pearson

Date: December 10, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions: If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Charles M. Gustitis
   of ____________
   County of Daniels, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Well for domestic use and irrigation of lawn and garden.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: July, 1958. Continuous use.

4. The amount of groundwater claimed (in inches per minute): 2 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Approximately 1/2 acre of garden and lawn, located in NE 1/4 of Sec. 33, Twp. 35 N., Rge. 49 E.M.M.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump located 1,020 feet west and 1,200 feet north of the SE corner of the NE 1/4 of Sec. 33, Twp. 35 N., Rge. 49 E.M.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well commenced and completed in July, 1958.

8. The depth of water table: Well is approximately 25 feet deep with 12 feet of water in well.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Wood casing 18 inches in diameter from top to bottom. The water is withdrawn with a 1 inch plastic pipe to surface of ground. Well is approximately 25 feet deep.

10. The estimated amount of groundwater withdrawn each year: 650,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Charles M. Gustitis
Date: December 12, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate 1 to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approprietor.

   County of Daniels
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1966, as follows:

2. The beneficial use on which the claim is based: Spring for irrigation (62).

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1955. Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 95 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   20 acres of irrigated pasture and hayland in the NE 1/4 of Sec. 33, Twp. 35 N., Rge. 49 E.M.M. Owner: Charles M. Gustitis.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Surface pump, approximately 100 gallons per minute capacity, located approximately 500 feet west and 450 feet north of the southwest corner of Sec. 33, Twp. 35 N., Rge. 49 E.M.M.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: June 1955.

8. The depth of water table: Unknown. Very large ground storage of water near surface of ground.

9. Where as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Size of pipe coming from water source is 4 inches. 20 feet long, steel pipe and 2 inch plastic pipe to pump approximately 15 feet farther, and 2 inch plastic pipe from pump to sprinkler system.

10. The estimated amount of groundwater withdrawn each year: 6,534,000 gallons used per year.

11. The log of formations encountered in the drilling of each well if available: None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.
