---

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. George A. Hammer, at Helena
   (Name of Appropriator) (Address)
   County of Daniels, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:  livestock use.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1948

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pump jack gas engine.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1948

8. The depth of water table: 25 feet. 18" pipe, bored.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 35 feet deep, 18" pipe, bored.

10. The estimated amount of groundwater withdrawn each year: 10,000 gallons.

11. The log of formations encountered in the drilling of each well if available: No log available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: George A. Hammer
   Date: Dec 15 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator: 11/24/48.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House use, cattle, and weed spraying.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1952, Still in use Continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1 gallon per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet Pump, Location: Direct north of the house, east Located in the Southeast of Sec. 30, Twp. 35 N., Rge. 50 E.M.N. as indicated on plat.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Construction 1952. Wood curbing. Water drawn by Jet Pump.

8. The depth of water table: 14 foot.

9. So far as it may be available, the type, size and depth of each well or other means of withdrawal and any other works for the withdrawal of groundwater: None.

10. The estimated amount of groundwater withdrawn each year: 60,000 gal.

11. The log of corrections encountered in the drilling of each well if available: Sand, heavy clay, small vein coal and water.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Frances Legare
Date: December 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quaduplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Graddie Crandell
(Name of Appropriator)

of Scooby, Mont.
(Address)

County of
Doniphan
(State of)

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based: Livestock
3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1920 to present
4. The amount of groundwater claimed (in million inches or gallons per minute): Three gallons/minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not extensively
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Spring
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: unknown
8. The depth of water table: Not known
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: (Old 100L well) dug out + spring
10. The estimated amount of groundwater withdrawn each year: 216,000 gallons/year
11. The log of formations encountered in the drilling of each well if available: unknown
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any annual record

Signature of Owner: Graddie Crandell
Date: 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

Owner: John J. Helen A. Dignan
Address: Peerless, Wyo.
Driller: Derr Drilling Co.
Address: Wolf Point, Wyo.

Date of Notice of Appropriation of Groundwater: 10-30-67
Date Well Started: 10-17-67
Date Completed: 10-30-67

Type of Well: Drilled
Equipment Used: (Chur, drill, delay or other)

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Ray J. Digmann
(Name of Appropriaor)
of
(Interess)
County of
Daniels
State of
Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Spring for livestock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1928... Continuous use.

4. The amount of groundwater claimed... in miner's inches or gallons per minute... 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... Not dug out, located 1,810 feet north and 1,000 feet west of the SE corner of Sec. 9, Twp. 34 N., Rge. 44 E.M.N.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 1928... Additional work done in October 1963.

8. The depth of water table... Actual depth of water unknown.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... Present means of withdrawal is by well dug out, with plans to develop further by use of pipe and tank with gravity flow...

10. The estimated amount of groundwater withdrawn each year... 525,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available... No log.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... None.

Signature of Owner...

Date... December 11, 1963...

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriaor.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Law 1961)

Date of Appropriation of Groundwater: SEPT. 15, 1964
Owner: JOHN D. HELEN A. Blegen
Address: PEERLESS, MONT.
Contractor (if any): SELF
Address of Contractor: PEERLESS, MONT.
Date Started: SEPT. 15, 1964
Date Completed: SEPT. 20, 1964

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. INSTALLED A WELL AUGOUT, 15' OF WATER WHEN FULL.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:
60,000 C.F.T. OF WATER,
AVE. WIDTH 50' AVE. LENGTH 300' AVE. DEPTH 15' TIMES 4.

Signature of Owner: John D. Blegen
Date: July 10, 1969

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

   - Town

   County of **Daniels**, State of **Montana**

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: **Livestock water**.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: **August 1957. Continuous use**.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): **3 gallons per minute**.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: **None**.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: **A wet dugout located 1,780 feet east and 460 feet north of the SW corner of Sec. 10, Twp. 34 N., Rge. 44 E.M.M.**

7. The date of commencement and completion of the construction of the well, walls, or other works for withdrawal of groundwater: **August, 1957**.

8. The depth of water table: **Water stays about 4 feet deep in dugout**.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: **A wet dugout has been dug into the water-bearing material and a small dam placed across the coulee. The dugout is about 100 feet wide and 130 feet long, 8 feet deep.**

10. The estimated amount of groundwater withdrawn each year: **340,000 gallons per year**.

11. The log of formations encountered in the drilling of each well if available: **None**.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: **None**.

   
   Signature of Owner:
   
   **[Signature]**
   
   Date: **December 1, 1963**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws 1961)

Owner: John J. Diggans
Address: Peerless Montana
Driller: Diggans Drilling Co.
Address: Won Point, MT

Date of Notice of Appropriation of Groundwater: 10-16-65
Date well started: 10-14-65
Date completed: 10-16-65

Type of Well: Drilled
Equipment Used: Drill

Water Use: Domestic X
Municipal
Other
Irrigation
Industrial
Drainage
Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Size of Drilled Hole: 6"
Size and Weight of Drilling Tool: 14' 6"
Present: 66' 60'-66'

PERFORATIONS:

Static Water Level for non-flowing Well: 44' 9" feet.
Shut-in Pressure for Flowing Well: None.
Pumping Water Level: 25' 11" feet at 140.6 gal per minute.
Discharge in gal per min. of flowing well: None.
How Tested: SLUICE BUCKET
Length of Test: 30 MIN.
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation.)

Reprinted from original form:

Driller's License Number: 63

Information taken from drillers: John J. Diggans

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237, Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 7-10-69
Owner: JOHN J. HELENA, MONT.
Address: PEERLESS, MONT.
Contractor (if any): SELF
Address of Contractor: PEERLESS, MONT.
Date Started: JUN 3, 64  Date Completed: STILL WORKING ON

Describe means of obtaining groundwater without a well, e.g., by sub-irrigation and other natural processes. Include depth to water when applicable.

TWO BOXES, TWO TANKS, WATER DITCHED FOR 3/4 MILE, TOO NORTH PASTURE.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

100 GALLS. PER MIN. MEASURED BY PIPE FLOW METER AROUND USE.

Indicate point of appropriation and place of use, if possible.

STATE ENGINEER

John J. Dighans
(Name of Appropriator)

County of Daniels
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based. Spring for livestock water.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been 1908. Continuous use.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof None.

5. Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Gravity flow. Spring located 2,205 feet north and 160 feet west of the SE corner of Sec. 15, Tp. 34 N., Rg. 44 E.M.T.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1908. Additional development in November 1963.

8. The depth of water table. About 4 feet to ground surface with surface water running year around.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Spring. Concreted box and pipe with gravity flow to trough.

10. The estimated amount of groundwater withdrawn each year 52,000,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available. None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Signature of Owner

Date: December 16, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to County Clerk and Recorder; Duplicate to State Engineer; Triplicate to Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights

County: Daniels
State of Montana

A. Declaration of Vested Groundwater Rights

1. Description of Appropriation
   - School District # 3, a public corporation
   - (Name of Appropriator)

2. The beneficial use on which the claim is based: Well for domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: About 1952. Continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 7 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump with electric motor located about 50 feet north & 25 feet east of the SW corner of Sec. 24, Twp. 34 N., Rge. 44 E.M.N.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1952.

8. The depth of water table: Well is 50 feet deep with 25 feet of water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well 50 feet deep with 6 inch steel casing.

10. The estimated amount of groundwater withdrawn each year: 45,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Milton H. Shipstead  
   (Name of Appropriate)  
   777  
   (Address)  
   (Town)

   County of Daniels  
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: Well for domestic use, livestock water and irrigation.

3. Date or approximate date of earliest beneficial use: 1916. Continuous use since 1916.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 4,000 gallons per day or approximately 3 gallons per minute.

5. If used for irrigation, give the acreage, description of the lands to which water has been applied and name of the owner thereof. 
   1/2 acre located north of house 85' to go south located in NE/4 of Sec. 1, Twp. 34 N., Rge. 45 E.M.M. Appropriator is the owner.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 2" cylinder pump. Well is located approximately 85' to go south of house, 85' west and 360' north of SE/4 of Sec. 1, Twp. 34 N., Rge. 45 E.M.M.

7. The date of commencement and completion of the construction of the well, or other works for withdrawal of groundwater: Begun 1916 and completed in 1916. 6" steel casing with 4" pipe and 2" cylinder. Electric pump jack.

8. The depth of water table: approximately 10'.

9. So far as it may be available, the type, size, and depth of each well or other means of withdrawal: Casing steel 6" 1/2" pipe with 2" cylinder, 120' deep. Water withdrawn with an electric pump jack.

10. The estimated amount of groundwater withdrawn each year: 2,190,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: Not logged.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None recorded.

Signature of Owner:

Date: October 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1941)

Date of Appropriation of Groundwater: unknown
Owner: Valdo T. Finley Address: Pearzina, Mont.
Contractor (if any): This was already developed when I acquired the land.
Address of Contractor: Unknown
Date Started: unknown Date Completed: unknown
Describe means of obtaining groundwater, without a well, as by sub-irrigation and other natural processes. Include depth to water when applicable. The means of obtaining the groundwater is a hole dug into the bottom of a water course with a high water table. Livestock drink the water from the hole which is approximately 50 by 150 ft. at the surface, about 40 ft. deep.
Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. There is 75 head of cattle that use this watering place beginning May 20th, to the 15th of November each year. The depth of the water table is unknown. The amount of ground water claimed for watering cattle is 2760 gal. per day or 47,760,000 gal. per year.
Signature of Owner: [Signature]
Date: Dec 25, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropiater.
