Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec. 1941

Owner: James E. Jones
Address: 123 Main St, Helena, MT

Contractor (if any): John D. Smith
Address of Contractor: 456 Oak Ave, Helena, MT

Date Started: Jan 1, 1942
Date Completed: Dec 31, 1942

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Signature of Owner: James E. Jones
Date: Dec 31, 1942

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: [Name]
Address: [Address]

Date of Notice of Appropriation of Groundwater: [Date]
Date Well Started: [Date]
Date Completed: [Date]

Type of Well: Drilled
Equipment Used: Rotary

Water Use: Domestic [ ] Municipal [ ] Other [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Stock [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Decloration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

County _______ State of _______

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: __________
   __________
   __________

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: __________
   __________
   __________

4. The amount of groundwater claimed (in miner's inches or gallons per minute): __________
   __________
   __________

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and the name of the owner thereof: __________
   __________
   __________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: __________
   __________
   __________

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: __________
   __________
   __________

8. The depth of water table: __________
   __________
   __________

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: __________
   __________
   __________

10. The estimated amount of groundwater withdrawn each year: __________
    __________
    __________

11. The log of formations encountered in the drilling of each well if available: __________
    __________
    __________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: __________
    __________
    __________

Signature of Owner: __________

Date: __________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ole Flekkerud, Box 253, Glendive
   (Name of Approptrator) (Address) (Town)

   County of Dawson State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   2. The beneficial use on which the claim is based: Household and irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: October 1956; Continuous

   4. The amount of groundwater claimed (in minor's inches or gallons per minute): 450 gallons per min.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 2 acres owned by Ole and Beatrice Flekkerud

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: October 10, 1956

   8. The depth of water table: 9 ft.

   9. So far as it may be available, the type, size and depth of each well or the general formations of any other works for the withdrawal of groundwater: 4" casing; 34½ ft. from top casing

   10. The estimated amount of groundwater withdrawn each year: Unknown

   11. The log of formations encountered in the drilling of each well if available: gravel; 1½ ft; cord wood; water at 7½

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

   Signature of Owner: Beatrice Flekkerud
   Date: Dec. 31, 1963

   Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

   Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approptrator.

County of Dawson
State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation of Truck Garden, lawns, trees, shrubs and household use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: September 1, 1956. Used daily since this date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 g.p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1.85 acres. Lawns, Gardens, Shelter break trees, and ornamental shrubs, flowers, etc.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electrically powered jet pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: August 27, 1956, well completed August 24, 1956.

8. The depth of water table: 35 to 40 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 9" casing 87 ft. deep.

10. The estimated amount of groundwater withdrawn each year: 150,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Water drawn from Colgate sands formation.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Colin E. Grumman
Date: 12-30-65

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

(Under Chapter 237, Montana Session Laws, 1961)

1. CHARLES S. KIRK, of GLENDIVE
   (Name of Appropriate) (Address) (Town)
   County of DAWSON State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: HOUSE, YARD, and GARDEN.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1-6-60.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 GAL PER MIN.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: NONE.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: SUBMERSIBLE PUMP, 10' BACK OF HOUSE.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1-6-60.

8. The depth of water table: WATER STANDING AT 30'.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 75'-6'' HOLE AND CASE WITH 4'/2'' O.D. CASING, CEMENTED 30' IN BOTTOM PERFORATED. PUMP FENCED ON SECOND TOWN DOWNS.

10. The estimated amount of groundwater withdrawn each year: 23,750 GAL PER YEAR.

11. The log of formations encountered in the drilling of each well if available:

   0'-7' Silty soil
   7'-72' Granite & sand
   72'-82' Sandy clay
   82'-90' Sandy clay
   90'-117' Sand

DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

HARRY B. AND DOLLY M. WILKINS

(Name of Appropriate) (Address) (Town)

County of Dawson State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.

HOUSEHOLD, LAW, TREES, AND GARDEN

2. Date or approximate date of earliest beneficial use; and how continuous the use has been.

APRIL 1955 CONTINUOUS USE

3. The amount of groundwater claimed (in miner's inches or gallons per minute).

EIGHT GALLONS

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

ELECTRIC PER PUMP, LOCATED ABOUT 25 FEET FROM FRONT LINE OF LOT AND 25 FEET FROM SOUTH LINE OF LOT.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

COMMENCEMENT DATE ABOUT APRIL 25TH 1955

COMPLETION DATE ABOUT APRIL 29TH 1955

7. The depth of water table.

DEPT OF WELL 78 FEET, 37 FEET OF WATER

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

4 INCH PIPE, 78 FEET DEEP.

9. The estimated amount of groundwater withdrawn each year.

50,000 GALLONS PER YEAR

10. The log of formations encountered in the drilling of each well if available.

NONE

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

NONE

Signature of Owner

Date DEC 20 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Harry J. and/or Elaine A. Wilkins, of River Road, Glendive, Montana
   (Name of Appropriator) (Address) (Town)

County of Dawson State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Household, lawn, garden, and trees.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Jan. 1957 - continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 8 to 10 gallons per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1957.

8. The depth of water table. 35 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Four inch casing, 75 to 80 feet deep.

10. The estimated amount of groundwater withdrawn each year. 250,000 gallons.

11. The log of formations encountered in the drilling of each well if available. None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Signature of Owner: Harry J. Wilkins
Date: Dec. 30, 1963

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: John Dicker
Address: Mandan
Driller: Elton Allison
Well: Water Well
Date of Notice of Appropriation of Groundwater
Date well started: 12.7.63
Date well completed: 12.21.63
Type of well: Drilled
Equipment Used: Rotary

Water Use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

| Size of | Size and Weight of | From | To | PERFORATIONS |
| Drilled Hole | Casing | (Feet) | (Feet) | |
| 6" | 45 x 9 ft | 0 | 47 | 80 | 69 | 78 |

Static Water Level for non-flowing Well: 20 feet.
Shut-in Pressure for Flowing Well
Pumping Water Level: 2.5 feet at 20 gal. per minute.
Discharge in gal, per min. of flowing well
How Tested: Bailed
Length of Test: 192 hrs
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation)

Showing exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA
County of Dawson

   256 Prospect Drive

   Glendive

   (Address)

   (Town)

   County of Dawson

   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Domestic use, recreational use, irrigation use, livestock use, Mining use, gravel and sand washing etc.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: June 28, 1961

   Continuous use.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): Ten gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Lakers, trees, shrubbery and meadow as required on approximately 40 acres.

   Jacqueline R. Morasko, owner.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pumped from a cased water well. Location marked with the symbol "X" on section plan this page.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Completed on June 28, 1961.

   8. The depth of water table: approximately 160 ft. at well site.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater drilled to total depth of 120 ft. 6 inch hole, cased with 4 ft. OD casing. Casing perforated 10 ft. at bottom of string. Casing sealed on outside at 1/3 ft.

   10. The estimated amount of groundwater withdrawn each year: 400,000 gallons.

   11. The log of formations encountered in the drilling of each well if available: 0'-3' sandy silt 37'-22'; clay 21'-39' sand rock 39'-38'; clay 38'-43' brown sand 43'-61' gray shale 61'-125'; firm sandstone 125'-127' blue shale 127'-162' loose sand 162'-195' soft rock shell 195'-196' hard rock 196'-176' blue sand. Lost circulation at 170 feet.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: unknown.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1961

Owner: Jacqueline E. Morse
Address: 256 Prospect Drive, Glendive, Montana

Contractor (if any)
Address of Contractor

Date Started: 1960
Date Completed: 1961

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural springs and seepsapers

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Natural flow from developed springs, flowing to

Swimming Ponds, stock tanks and overflows to meadows, “unn, trees etc.

Estimated apparent rate of flow or recovery.
Average per spring two (2) gallons per minute.

Signature of Owner
Date: December 29, 1961

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
