STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1964
Owner: J.R. Luckow
Address: Glendive 87, Route

Contractor (if any)
Address of Contractor: J.R. Luckow
Date Started: June 16, 1964
Date Completed: July 1964

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Sec. 10 - Boared and piped 490 ft.
Sec. 11 - Boared and piped 330 ft.
Sec. 14 - Boared and piped 530 ft.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Measured with Gallon
pail and stop watch

Signature of Owner: J.R. Luckow
Date: Oct. 30, 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
County of Dawson

Filed for record this 28th day of December, A. D. 1963, at 3:00 o'clock M.

Gordon W. Powell
County Clerk and Recorder.

Free Pd. 4.20
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1962)

1. RAYMOND HILDEBRAND
   (Name of Appropriate)
   of Box 821
   Glendale, Montana
   (Address) (Town)

   County of Dawson State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Livestock, agricultural, and domestic use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   March 20, 1935 - continuous use since appropriation

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1 cubic foot of water per second

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   SW¼ Sec. 12, T.17 N, R.56 E
   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Water rises to surface face from the spring and runs down a natural coulee where it is impounded by a earthen dam

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   March 1935, excavation of spring and construction of pipe lines; 1938 to 1958, construction of 3 earthen dams and installation of electrically driven pumps and pipe lines, all at a cost of approximately $2,500

8. The depth of water table:
   Estimated 10' to 17'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   The spring is approximately 15' below the surface. The water rises therein and some of it runs out by gravity for watering animals and household use. Surplus water is impounded by the three dams, through which, through electrically driven pumps and a pipe distribution system, it is applied to fruit trees, ornamental trees, native trees, garden, and lawn

10. The estimated amount of groundwater withdrawn each year:
    Groundwater withdrawn during entire year, but principally from the 1st of March to the 1st of November of each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner
   Date December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

N. W. Dism, of Box 1027, Glendive, Montana

County of Dawson State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:  Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  July 1, 1911  live-stock in pasture

4. The amount of groundwater claimed (in miner's inches or gallons per minute): no estimate

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: July 1, 1911

8. The depth of water table: 125 feet to 165 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4" well pipe casing

10. The estimated amount of groundwater withdrawn each year: no estimate available

11. The log of formations encountered in the drilling of each well if available: none available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Date Completed: 1965

Describe means of obtaining groundwater without a well: "as by sub-irrigation and other natural processes". Include depth to water when applicable. Based out by count. #

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: 6 gal per min.

During summer months: _________________.

Signature of Owner: Willis L & Olive A. Milliron

Date: Dec 30 65

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be invalidated.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Willis L. & Olive L. Milliron, of Rts. S Glendive
   (Name of Appropriator) (Address) (Town)
   County of Dawson State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   - Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   - 1961 Continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 8 Gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - No

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - Windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Completed and completed 1961

8. The depth of water table 180'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled 24' Casing 270'

10. The estimated amount of groundwater withdrawn each year. Unknown

11. The log of formations encountered in the drilling of each well if available. Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

Signature of Owner Willis L. & Olive L. Milliron
Date 1/6/64

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana School of Mines Act 1961)

Owner: Harold Davis  Address: Lindsay, Montana

Date Notice of Appropriation of Groundwater: May 15, 1964
Date well started: May 15, 1964

Type of well: Churn Drilled
Equipment Used: Churn

Well: Dug

Water Use: Domestic  Municipal  Other  Irrigation  Industrial  Drainage  Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 110 feet.
Shut-in Pressure for Flowing Well: 140 feet at 500 gals. per minute.
Pumping Water Level: 140 feet.
Discharge in gals. per min. of flowing well: 200 gals.

How Tested: Submersible length of Test 2 ft.

Remarks: (Gravel packing, cementing, packers, type of shut-off, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation).

Driller's License Number: 95
Driller's Signature: Harold Davis

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appraiser.

2. The beneficial use on which the claim is based: 30-house, stock garden, 32-stock water, 3-Stock water.
3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 30-1930 used all year, every year; 32-1943 used 13 months every year; 3-1947 used 3 months each year.
4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30-10 gallon per minute; 32-5 gallons per minute, 3-10 gallons per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 30-1000 ac., ft. garden and lawn; 32-500 ac., 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 30-force pump and jet pump in same well; 32-cylinder pump; 3-cylinder pump.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 30-1930, 32-1940, 3-1947.
8. The depth of water table: 30-50 ft., 32-40 ft., 3-50 ft., 4-10 ft.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 30-Total depth, 105 ft., 32-115 ft., drilled six inch casing, 3-120 ft., drilled with six inch casing, 4-30 ft., drilled with six inch casing.
10. The estimated amount of groundwater withdrawn each year: 30-1000 gal. per day 6 months each year; 32-500 gal. per day six months each year; 3-1400 gal. per day six months each year.
11. The log of formations encountered in the drilling of each well if available.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner  V.F. Dillon
Date  June 16, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Static Water Level for non-flowing well: feet.

Shut-in Pressure for flowing well: feet at gal. per minute.

Pumping Water Level: feet at gal. per minute.

Discharge in gal. per min. of flowing well:

How Tested: pump bucket 
Length of Test: hours.

Remarks: Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation:

Driller's License Number

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Watered Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1982)

Dale Stevenson, Appropriate
(Address) (Town)
County of Dawson, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1982, as follows:

2. The beneficial use on which the claim is based: Household

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1947- Present, daily

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 17 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: None

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Not Known

8. The depth of water table: Not Known

9. So far as it may be available, the type, size and depth of each well, or the general specifications of any other works for the withdrawal of groundwater, or the depth of the water table: Not Known

10. The estimated amount of groundwater withdrawn each year: 2,500,000 gallons

11. The log of formations encountered in the drilling of each well if available: Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of county record: Not Available

Signature of Owner: Dale Stevenson
Date: July 11, 1983

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1909

Owner: Highland Brothers
Address: Lindo Lake

Contractor (if any): N/A
Address of Contractor: N/A

Date Started: N/A
Date of Completion: N/A

Describe means of obtaining groundwater without a well, "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Signature of Owner: Highland Brothers
Date: 12/11/63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Lee pl. 2.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Spring

Owner: KENNETH LEE
Address: LINDSAY

Contractor (if any): BERT LEE
Address of Contractor: TERRY, MONT.

Date Started: JUNE 30, 1967
Date Completed: JUNE 22, 1967

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

The ground is partly well sub-irrigated already and a newly dug closing 36 by eight feet and piped out to a tank for

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

I use it eight months of the year. I have a three quarter inch pipe running into the tank and

the spring was this pipe. This will fall off by this a day. I imagine it will flow for ten minutes.

Kenneth Liles

This form to be prepared by contractor (if any), otherwise by the owner.
