STATE OF MONTANA  
County of Dawson  

Filed for record this 17th day of  
January A. D. 1902, at  
1:30 o'clock P. M.  

[Signature]  
County Clerk and Recorder.  

By [Signature], Deputy.
STATE WATER CONSERVATION BOARD

File No. DEC 1 1965

DUPLIQUATE

STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Irene Jeanna Brody of Route One Circle Montana
   (Name of Appropriator) (Address) (Town)

   County Dawson State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: one house water well and root stock wells

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: from 1954 intermittently through 1963

4. The amount of groundwater claimed (in miner's inches or gallons per minute): unknown to me

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: all are electrically pumped

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: unknown to me as this was in the past when record was not required of this.

8. The depth of water table: varied which I also do not know

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: unknown

10. The estimated amount of groundwater withdrawn each year: unknown

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

   Signature of Owner: Irene Jeanna Brody
   Date: Nov 30, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws 1961)

Owner: E. C. Lease
Address: Mink Run Circle, Helena, Montana
Driller: Daniel G. Baggert
Address: Lindsay, Montana

Date of Notice of Appropriation of Groundwater: February 11, 1963
Date well started: December 13, 1962

Type of well: Drilled
Equipment Used: Drill Tool

Water Use:
- Domestic
- Municipal
- Industrial
- Stock
- Irrigation

Strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc.
Show depth at which water is encountered, thickness and character of water-bearing strata, and height to which water rises in the well.

<table>
<thead>
<tr>
<th>Size of Drilled Hole</th>
<th>Size and Weight of Casing</th>
<th>From (Feet)</th>

<td>184 ft</td>
<td>244 ft</td>
</tr>
</tbody>
</table>

Static Water Level for non-flowing Well: 219 ft down
Shut-in Pressure for flowing Well: 244 ft
Pumping Water Level: 244 ft at 6 gal. per minute.
Discharge in gal. per min. of flowing well:
How Tested: Bailer
Length of Test: 2 hours
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater, if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation)

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata, and height to which water rises in the well.

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Daniel G. Baggert
Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: E. O. Lease
Address: Two Rte, Circle, Montana

Contractor (if any): None (Natural Springs)
Address of Contractor: None

Date Started: Natural
Date Completed: Springs

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable. By sub-irrigation and other natural processes (natural spring) Three springs identified as Spring A, Spring B, and Spring C.

Quantity of water developed with explanation of methods used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Spring A: 55 gallons per minute, Spring B: 50 gallons per min, Spring C: 25 gallons per minute.

All water is needed.

Signature of Owner: E. O. Lease, Circle, Montana
Date:

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriate.

Pariette Miller
(Name of Appropiator)

County of Dawson

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Well A., used for livestock watering and operational use on the ranch. Well B. used for livestock and household.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Well A. used every day April 1950, well B. used every day Aug. 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Well A. 10. gallons per minute,

Well B. 35 gallon per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No use of water for irrigation except for garden on well B.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Well A., pump & cylinder from a six inch casing, well B., pump & cylinder from a four inch casing. Located as designated on map as well A. & well B.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well A. April 1, 1950 completed April 15, 1950,

8. The depth of water table: Well A. 75 feet to table. Well B. 75 feet to table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well A. 75' 6' casing, pump and cylinder.

Well B. 75' 4' casing, pump and cylinder.

10. The estimated amount of groundwater withdrawn each year: Well A. 150,000 gallons

Well B. 200,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Not available for either well.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: Parriette Miller
Date: DEC 27 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

## Declaration of Vested Groundwater Rights

1. **Name of Appropriator**
   - Address
   - Town
   - County: ____________
   - State: Montana

   Have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. **The beneficial use on which the claim is based:**
   - **Water for livestock use and operational use on the ranch**
   - **Well A:** 15 gallons per minute
   - **Well B:** 15 gallons per minute

3. **Date or approximate date of earliest beneficial use:**
   - About June 1952, we used almost every day.

4. **The amount of groundwater claimed (in miner's inches or gallons per minute):**
   - **Well A:** 15 gallons per minute
   - **Well B:** 15 gallons per minute

5. **If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:**

6. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:**
   - **Well A:** Pump and cylinder from 30-inch casing OD, located as designated on map as Well A and Well B.
   - **Well B:** 

7. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:**
   - **Well A:** Commenced June 1, 1954—completed July 2, 1954
   - **Well B:** Completed the spring of 1954

8. **The depth of water table:**
   - **Well A:** 140' to table
   - **Well B:** 136'

9. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:**
   - **Well A:** 160'-6 inch casing pump and cylinder
   - **Well B:** 150'-6 inch casing—pump and cylinder

10. **The estimated amount of groundwater withdrawn each year:**
    - **Well A:**
    - **Well B:**

11. **The log of formations encountered in the drilling of each well if available:**
    - Not available

12. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:**

   **Signature of Owner:** ____________________________

   **Date:** ____________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Evelyn Mealy, of Lindsay
County of Dawson State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Homestead & Stockwater

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. January 1, 1943, has been in continuous use since. Well was in use during gold rush since March 1942.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) Well #1, 20 gph, per min., #2, 40 gph, per min., #3, 30 gph, per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. By pump and electric motor or gasoline engine.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. #1, June 30, 1942; #2, March 25, 1942; #3, unknown.

8. The depth of water table. #1, 62′; #2, 74′; #3, 40′

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. #1, 8 inch, 10 ft. casing, #2, 12 inch, 12 ft. casing, #3, unknown, 10 inch diameter, wooden casing.

10. The estimated amount of groundwater withdrawn each year. #1, 225,000 gph, #2, 100,000 gph, #3, unknown.

11. The log of formations encountered in the drilling of each well if available. #2, 22′, yellow clay, 21′, blue shale, 1′, yellow sand.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. I have none.

(Under Chapter 237, Montana Session Laws, 1961)

GEORGE and LULU MAY STORTZ, of Lindsay, Montana
(Name of Appropriator)
(Address)

County of Dawson
(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1951 - continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: September, 1951

8. The depth of water table: 90 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4" casing, 10" production pipe, 150 feet deep

10. The estimated amount of groundwater withdrawn each year: 500 gallons a day

11. The log of formation entered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

R. J. and CARLA J. STORCH
(Name of Appropriator)

of Lindsey
(Address)

County of
Town

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1941, continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 4 gallons a minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1961

8. The depth of water table: Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4-inch casing, 1½-inch production pipe, well is 120 feet deep

10. The estimated amount of groundwater withdrawn each year: 500 gallons a day, 6 months a year

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signatures of Owners: Robert Storck

Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 4-4-1968

Owner: CARL J. STORZ. Address: Lindsay, Montana

Contractor (if any): Davis & Eagle, No. 2 & 4

Address of Contractor: both of Glendive, Montana

All started and completed in year shown

Date Started: Date Completed: above except #3 in 1961

Describe means of obtaining groundwater without a well, i.e., by sub-irrigation and other natural processes. Include depth to water when applicable. all are natural springs, dug out

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

Estimate approximate lengths of periods of use:
#1 - 125 gallons a day from May 1 to December 1
#2 - 350 gallons a day from May 1 to December 1
#3 - 250 gallons a day the year around
#4 - 500 gallons a day from August 1 to December 1

Signature of Owner: CARL J. STORZ

Date: December 30, 1968

This form to be prepared by contractor (if any), otherwise by the owner.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

(Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic, water for stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1929, continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pump, see plat

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1929

8. The depth of water table: 115 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
3½ casing, 1½ production pipe, lift pump, 120 feet deep

10. The estimated amount of groundwater withdrawn each year: 120,000 gallons

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 227 Montana Session Laws, 1981)

Date of Appropriation of Groundwater: January 1980
Owner: F. R. Kreiman  Address: Lindsay, Montana
Contractor (if any): Natural springs
Address of Contractor: None
Date Started: Natural  Date Completed: Springs

Describe means of obtaining groundwater without a well as by sub-irrigation and other natural processes. Include depth to water when applicable. By sub-irrigation and other natural processes (natural springs)

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If used an intermittent well, estimate approximate lengths of periods of usage. Spring A, 40 gal. per min., piloted and piped into tank. Spring B, 10 gal. per min., natural flow. Flow measured by pipe and timing, all used for livestock water.

Signature of Owner: F. R. Kreiman
Date: July 2, 1980

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS

STATE OF MONTANA

DECLARATION OF VESTED GROUNDWATER RIGHTS

(CodeChapter 237, Montana Session Laws, 1963)

Jennie D. Thielman, of Bloomfield, Mont.,
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.
   
   Dec. 9 - Windmill, Sec. 24, T. 53 N., R. 38 W.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   
   Dec. 9, 1940 - 1963.

3. The amount of groundwater claimed (in miner's inches or gallons per minute).
   
   Sec. 9 - 8 gpm.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   
   Dec. 9 - Windmill, Sec. 24, T. 53 N., R. 38 W.

6. The depth of water table.
   
   Sec. 9 - 40 ft.

7. The depth of the water table.
   
   Sec. 9 - 40 ft.

8. The estimated amount of groundwater withdrawn each year.
   
   Sec. 9 - 8 gpm.
