OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Gerald ELPFEL at Intake

County of Dawson State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Dwelling No. 1
   - Livestock No. 2 and 3

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   - Well No. 1 - 1940
   - Well No. 2 - 1941
   - Well No. 3 - 1951

4. The amount of groundwater claimed (in miner’s inches or gallons per minute):
   - Well No. 1 - 1000 gallons per minute
   - Well No. 2 - 1000 gallons per minute
   - Well No. 3 - 2000 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof (Not used for irrigation)

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Well No. 1 - Pump S. U. G. Section 25, T. 26N. R. 90E
   - Well No. 2 - Pump S. U. G. Section 25, T. 26N. R. 90E
   - Well No. 3 - Pump S. U. G. Section 25, T. 26N. R. 90E

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Well No. 1 - 1940
   - Well No. 2 - 1941
   - Well No. 3 - 1951

8. The depth of water table:
   - Well No. 1 - 50 feet
   - Well No. 2 - 20 feet
   - Well No. 3 - 80 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Well No. 1 - 100’ Deep, 4 inch hole
   - Well No. 2 - 200’ Deep, 4 inch hole
   - Well No. 3 - 80’ Deep, 4 inch hole

10. The estimated amount of groundwater withdrawn each year:
    - Well No. 1: 26,500
    - Well No. 2: 26,500
    - Well No. 3: 26,500

11. The log of formations encountered in the drilling of each well if available:
    - Well No. 1
    - Well No. 2
    - Well No. 3

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    - None

Signature of Owner: Harold Elph

Date: Nov. 28, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriaor.

   ____________________________
   (Town)
   County of Dawson
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based is:
      • 1-3-block, farm, and household use

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
      • Weld in sec 26, T 17 N, R 55 E— Have been in use since fall in sec 26, T 17 N, R 55 E. Continual use.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
      • Sec 26—Seven gal. per min.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      • #3 irrigation garden & lawn

   6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal:
      • #3 deep well on one and electric pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   8. The depth of water table:
      • 1-12 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      • 1-20 ft. deep = 3 ft. cirl. curb
      • 2-20 ft. deep = 3 ft. cirl. curb
      • 3-20 ft. deep = 18" ft hole = wood curb
      • 4-20 ft. deep = 1 in. casing

   10. The estimated amount of groundwater withdrawn each year:
       • #1-280,000 gal., #2-160,000 gal., #3-360,000 gal.

   11. The log of formations encountered in the drilling of each well if available:
       • unknown

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
       • none

   Signature of Owner: ____________________________

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237, Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1963
Owner: C.H. Jody, Address: Glendive
Contractor (if any): L.P. Anderson, Address of Contractor: Glendive, Mont.
Date Started: Aug. 1963, Date Completed: Oct. 1963

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

1. Natural Spring - 1 (one) Foot
2. Natural Spring - 1 (one) Foot
3. Processed Natural Spring - (one) Foot To Water

Quantity of water developed and used with explanation:
20,000 gals. water in spring No. 3 - Springs 1-2 used

Estimate on amount of water used for stock water

Signature of Owner: Cecil H. Jody
Date: 11-7-63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Andrew Reichert

County of

State of

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household use.

3. Date or approximate date of earliest beneficial use; and how continuous this use has been...1950 and after this time...continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal used: In the well for household use;另有深井用于其他用途

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Aug 1949; the well was drilled 417 ft.

8. The depth of water table: 35 ft in the shallow well; 115 ft in the deep well.

9. The general specifications of any other works for the withdrawal of groundwater: None.

10. The estimated amount of groundwater withdrawn each year: Continuous use for a family of 7.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: Andrew Reichert

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237, Montana Session Laws, 1961)

Date of Appropriation of Groundwater:

Owner:
Address:

Contractor (if any):
Address of Contractor:
Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable:

Natural Flow of Springs:

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

500 Gals Per Minute -- Constant Use

Indicate point of appropriation and place of use, if possible.

Signature of Owner:
Date:

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

-name of appropriator

County of State of

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
