Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Roy A. Cooper, of Fallon, Fallon County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Livestock Watering

3. Date or approximate date of earliest beneficial use, and how continuous the use has been since then:
   - Fall of 1946 and in continual use

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 25 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Cylinder pump, pump jack and gasoline engine

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - September 1, 1946 and placed in production

8. The depth of water table: 40 feet from surface

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Drilled well to a depth 140 feet, cased to bottom with 1 inch lead casing, equipped with a cylinder pump, pump jack and gasoline engine

10. The estimated amount of groundwater withdrawn each year: 240,000 gallons per year

11. The log of formations encountered in the drilling of each well if available:
   - None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: [Signature]
Date: Dec 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; TriPLICATE to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stockwater

3. Date of approximate date of earliest beneficial use, and how continuous the use has been: 9-15-47; used continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute): one gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: windmill at well site

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commencement of well Sept. 5, 1947, completed on Sept. 5, 1947

8. The depth of water table: Current water level 56 feet from surface

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 140 feet deep cased with 4 inch casing

10. The estimated amount of groundwater withdrawn each year: 400,000 gallons

11. The log of formations encountered in the drilling of each well: if available 0-20 clay; 20-80 gumbo; 80-140 sand

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of owner
Date December 16, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Glen Rugg, of Box 127, Helena, MT
   (Name of Approprietor) (Address) (Town)
   County of Fallon, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: About 1918

4. The amount of groundwater claimed (in miner's inches or gallons per minute): About 494 gal. per Min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Windmill or Pump Jack

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1918

8. The depth of water table: About 54'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6" Casing, about 40' in depth

10. The estimated amount of groundwater withdrawn each year: Enough to water about 100 acres

11. The log of formations encountered in the drilling of each well if available: None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: Glen T. Rugg
Date: Dec. 13, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: about 1960
Owner: Glen Rugg, Address: Pleuma, Mont.
Contractor (if any): Leonard Howe, in 1956
Address of Contractor: Valier, Mont.
Date Started: June 1956 Date Completed: June 1956

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Gathered by perforated pipe at about 13' depth, "Spring!"

Describe approximate lengths of periods of use:

Continuous use for household and livestock

Quantity of water developed and used with explanation of method used to measure or estimate such amount. It use is intermittent:

Flow of about 4.5 gal. per min.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Glen Rugg
Date: Dec. 13, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

County of FALLON State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: STOCKWATERING

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: Drilled 1930 and in continual use since then

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Five Gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Cylinder pump at present; will be fitted with windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: This well was drilled in 1930 and has been in continuous use for stock watering purposes since then

8. The depth of water table: 10 feet from surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: This well is drilled to a depth of 60 feet and cased with planking to bottom and fitted with a cylinder pump

10. The estimated amount of groundwater withdrawn each year: 114,000 gallons per year

11. The log of formations encountered in the drilling of each well, if available: None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of owner Date: Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

We, Ruth Myrick and Carole Kruck, of 284576 N.E.
County of Fallon
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of ground water withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

The well is actually 165 feet deep, so water table must

be above this.

FALLON COUNTY
BAKER, MONTANA

John A. Thompson
County Clerk

Deputy
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater (approx.) 1915

Owner: Address: Lamey, Montana

Contractor (if any): Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Date: Nov. 29, 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

NAME: Wilhelm Puchta
Address: P.O. Box 254
Town: Plavna
County: Fallon
State of Montana

I, Wilhelm Puchta, of Plavna, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Address) - Wilhelm Puchta (P.O. Box 254)
2. The beneficial use on which the claim is based: Stockwatering
3. Date or approximate date of earliest beneficial use, and how continuous the use has been: About 1923 and in use since
4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3 gallons per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not for irrigation
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Cylinder pump and windmill
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: This well was drilled back in about 1923 and has been in use since then
8. The depth of water table: 22 feet from surface
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled to a depth of 38 feet and cased with plastering and concrete about 3 feet square; equipped with a cylinder pump and windmill
10. The estimated amount of groundwater withdrawn each year: 160,000 gallons per year
11. The log of formations encountered in the drilling of each well if available: None available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I. Stanley A. Nelson, of Rte. 1, Carlyle, Montana

County of Fallon, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock

   Well.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: June 1960, only dependable source of water for cattle in this pasture...

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 8 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Cylinder type pump, with jack and gasoline motor.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well completed in April, pump installed about June 15, 1960.

8. The depth of water table: 120 - 150 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: This refers to well indicated in above box. 151 feet, 1½ inch. This refers to well.

10. The estimated amount of groundwater withdrawn each year: 4000 gallons per day, for 61 days.

11. The log of formations encountered in the drilling of each well if available: Unavailable but water comes from Pothill sands.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of county record: Office Records.

Signature of Owner: Stanley A. Nelson

Date: June 15, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
