STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: About 1925
Owner: E. R. Rieckhoff
Address: Orange City, Iowa

Contractor (if any):
Address of Contractor:

Date Started: About 1925
Date Completed: About 1963

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Springs:

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. For livestock use, about 3 gal. per min.

Signature of Owner: E. R. Rieckhoff
Date: 12-31-63

Indicate point of appropriation and place of use, if possible.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name and Address
   [Name of Appropriator]  
   [Address]  
   [Town]  
   County of [County]  
   State of [State]  
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: [Livestock]  

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: [1949]  
   [Continued use]  

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3 gallons per minute  

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   [Sec. 23-10-59]  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [September 1949]  

8. The depth of water table: 65 feet  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   [Drilled 3' casing 130 foot deep]  

10. The estimated amount of groundwater withdrawn each year: 400,000 gallons  

11. The log of formations encountered in the drilling of each well if available:  
   [Geologic should have it]  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  

Signature of Owner: [Signature]  
Date: December 2, 1963  

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. MUNSELL RANCH, INC. of Baker, Montana
   (Name of Appropriator) Address
   County of Fallon State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962 as follows:

2. The beneficial use on which the claim is based.
   Watering livestock

3. The date or approximate date of earliest beneficial use; and how continuous the use has been.
   Earliest use unknown but in continual use for more than 10 years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Windmill and use pump to supply.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal.
   Unknown; more than 10 years.

8. The depth of water table.
   170 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   4 inch casing; 375 foot depth.

10. The estimated amount of groundwater withdrawn each year.
    12 million gallons.

11. The log of formations encountered in the drilling of each well if available.
    None known.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Date: 12/16/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Herald A. Wyman, of Baker
County of
State of

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1952, as follows:

1. Name of Appropriator Address Town

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuously the use has been. 1941

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1941

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year 500,000 gal

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date 12/19/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: [Name]
Address: [Address]

Date of Notice of Appropriation of Groundwater: Nov. 11, 1962

Date well started: Jan. 12, 1962
Date Completed: Nov. 11, 1962

Type of well: dug, driven, bored or drilled
Equipment Used: [Type]

Water Use: Domestic [] Municipal [] Industrial [] Drainage [] Stock []

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 12 feet.
Shut-in Pressure for flowing Well: [Pressure]
Pumping Water Level: 3 feet at 1 gal. per minute.
Discharge in gal. per min. of flowing well: 0.44 gal.
How Tested: [Test Method]
Length of Test: 3 days.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres. Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Driller's License Number
Driller's Signature

113

The form contains a table and diagram for recording data related to the completion of a groundwater well. It includes fields for the owner's information, the date of notice, well details, water use, and various measurements and tests related to the well's performance. The form is designed to be filled out by the driller and filed by the owner with the appropriate authorities.

ASSIGNMENT - GROUNDWATER APPROPRIATION

STATE OF MONTANA

County of Fallon

Wayne Stark, being first duly sworn upon oath, deposes and says: that as lessee of State of Montana lease no. 1123, covering Section 16 Township 10 North Range 60 East of the M.P.M., Fallon County, Montana, the undersigned caused a water well to be drilled by Thiem Drilling Company of Glendive, Montana, by driller Harold Goodale of Hibaux, Montana, license no. 91, the well being situated in the south-central part of SW 1/4 SW 1/4 Section 16 Township 10 North Range 60 East of the M.P.M., the well commenced and completed on October 1, 1970. The notice of completion of groundwater appropriated by means of well was filed as instrument no. 13267 in the office of the County Clerk and Recorder of Fallon County, Montana, at 3:30 p.m., August 19, 1972.

The undersigned was listed as owner of this tract, but actually the well is on state land and belongs to the State of Montana. Therefore, the undersigned, in order to clarify and correct the records, does hereby assign all of the right, title, and interest in and to the groundwater appropriation to the Department of State Lands of the State of Montana, reserving to himself, the said Wayne Stark of Carlyle, Montana, only the lessee's right in said well and any right to reimbursement therefor which would otherwise obtain to the lessee in the event of termination of lease.

Subscribed and sworn to before me this 6th day of June, 1973.

Wayne F. Stark
Notary Public for State of Montana
Residing in Baker, Montana
Commission expires March 7, 1976

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
CERTIFICATE
STATE OF MONTANA,

I, Alvin Woodsend
(Name of Appropriator)

of 
(Address)

in the Town of Baker
(Town)

County of Fallon
(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>S</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td>N</td>
<td>W</td>
</tr>
</tbody>
</table>

2. The beneficial use on which the claim is based:

- **No. 1 stock water well**
- **2 house water wells**
- **1 garden irrigation well**

3. Date or approximate date of earliest beneficial use: and how continuously the use has been used:

- **No. 1 stock water well** has been used continuously since 1910 for stock water.
- **No. 2 has been used continuously since 1950 for domestic use.**
- **No. 3 has been used continuously since 1958 for stock water.**

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

- **No. 1**: 12 gallons per minute
- **No. 2**: 72 gallons per minute
- **No. 3**: 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

- **No. 1 irrigated 1/2 acre in NE NE SE of Sec. 1, T. 11, N., Range 6, East Th. 1, State of Montana.
- **No. 2 irrigated 1/2 acre in NE NE SE of Sec. 1, T. 11, N., Range 6, East Th. 1, State of Montana.
- **No. 3 irrigated 1/2 acre in NE NE SE of Sec. 1, T. 11, N., Range 6, East Th. 1, State of Montana.**

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

- **No. 1 windmill**
- **No. 2 electric pump**
- **No. 3 electric pump**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

- **No. 1: May 1950**
- **No. 2: May 1958**
- **No. 3: Jan. 195**

8. The depth of water table:

- **top of water table 6 feet from surface**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

- **No. 1 hand dug well, 25 feet deep, rock cased.
- No. 2: 12 feet deep, water comes in at 2 feet level, 18 inch casing.
- No. 3: a 22 feet deep, water comes in at 20 feet level, 18 inch casing.**

10. The estimated amount of groundwater withdrawn each year:

- **No. 1: 13500 gal. per yr.**
- **No. 2: 250,000 gal. per yr.**
- **No. 3: 3,554,000 gal. per yr.**

11. The log of formations encountered in the drilling of each well if available:

- **sand and gravel from first water sand and surface to first water sand and gravel from bottom of first water sand to top of second water sand at 23 feet level.**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Static Water Level for non-flowing Well

Shut-in Pressure for Flowing Well

Pumping Water Level

Discharge in gal. per min. of flowing well

How Tested

Length of Test

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Driller's License Number

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Albert E. Hunter
   (Name of Appropriator)
   of... Rd. 3, Baker, Montana
   (Address) (Town)

   County of Fallon
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Domestic and livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1934, still in use 1957, 1958, and 1959, index used when necessary 1960 well used daily.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) in two wells 50.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Electric Motor, gas motor, windmill on old well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table: 36 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Average depth of well 40 feet.

10. The estimated amount of groundwater withdrawn each year: 200,000.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Albert E. Hunter
Date: Dec. 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
