Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater JUNE 15th 1962
Owner Ralph & Ray Busch Address Baker, MONT
Contractor (if any) Baker Cement Products
Address of Contractor Baker MONT
Date Started JUNE 10, 1962 Date Completed JUNE 11, 1962

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring developed by Perforated Orangeburg Tile, 35 feet from bed rock formation.

NW 1/4 Sec. 23 T. 5N R. 58E
Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use
390,000 gals. yearly, used daily as livestock water

Signature of Owner Ralph Busch
Date May 7, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater June 1961

Owner Julius A. Bruski Address Willard, Montana

Contractor (if any) L.W. Howe & Sons

Address of Contractor Baker, Montana

Date Started June 15, 1961 Date Completed June 22, 1961

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Depth slopes about 10 feet to 6 feet in depth, 150 feet in length. Contractor dug a ditch, put in a plastic pipe (4"), covered it with scoria, filled in with dirt and water runs from plastic pipe into tank, free flowing. Flows about 1 1/2 Gallons per minute.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use

NW 1/4 NE 1/4 Sec. 28 T. 5N R. 58E

Indicate point of appropriation and place of use, if possible.

Several tests taken show a flow of about 1 1/2 Gallons per minute, constantly and which has continued since the spring was developed

Signature of Owner Julius A. Bruski

Date Jan 9, 1962

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, Jake Schweigert, of Baker,
(Name of Appropriator) (Address) (Town)
County of Fallon State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 Sec. ~~2~~ T. 5N R. 59E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based LICESTOCK WATERING
- Date or approximate date of earliest beneficial use; and how continuous the use has been 1915 and in continual use since
- The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not for irrigation
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Cylinder pump and windmill
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater this well was drilled back in 1915 and has been a good well and in use since then
- The depth of water table 80 feet from surface
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Drilled to a depth of 130 feet, cased with 6 inch steel casing to the bottom and fitted with a cylinder pump with power from a windmill
- The estimated amount of groundwater withdrawn each year 180,000 gallons per year
- The log of formations encountered in the drilling of each well if available none available
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Jake Schweigert
Date December 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **JOHN F. BECHTOLD**, of **Baker**
(Name of Appropriator) (Address) (Town)
County of **Fallon** State of **Montana**
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 SE 1/4 Sec. 4 T. 5N R. 59E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based **Livestock watering and household**
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been. **No. 1 drilled 1947; No. 2 in 1953 and No. 3 in 1947 and all in continual use since except as set forth below.**
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) **No. 1 not producing at present; did do 7 GPM but now goes dry after 7 min; No. 2 producing 5 GPM and No. 3 not producing at present.**
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof **not for irrigation**
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. **No. 1 not equipped for production at present; No. 2 has submersible pump & Elec. Motor; No. 3 not equipped for production now.**
- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater **These wells were drilled and completed and placed in production in the years as set forth in No. 3 above.**
- 8. The depth of water table **All about 40 feet from surface**
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater **No. 1 drilled to depth of 160 feet and cased with 4 inch steel casing; No. 2 Drilled to depth of 680 feet and cased with 4 inch steel casing; No. 3 drilled to a depth of 165 feet and cased with 4 inch steel casing.**
- 10. The estimated amount of groundwater withdrawn each year **No. 1 & 3 not being produced at present and holding as reserve wells, No. 2 producing about 750,000 gallons per year**
- 11. The log of formations encountered in the drilling of each well if available **none available**
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record **in 1953 Well No. 1 went bad, when the seismographers shot a test hole about one-half mile away. About two days later our well quit producing. Well No. 3 has a lot of sand and cuts out pump leathers fast and in 1950 we quit using it.**

Signature of Owner *John F. Bechtold*
Date **Dec 27, 1963**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1925

Owner W.G. Moscrip Address Lakeland, Fla.

Contractor (if any) unknown

Address of Contractor _____

Date Started 1925 Date Completed 1925

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. This is a natural spring, running out of the hill side with rocks placed on three sides thereof and the water running out the fourth side. The water runs down into the creek below and is held in natural basins from which stock drink.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use This

NE 1/4 SW 1/4 Sec 6 T. 5N R. 59E

Indicate point of appropriation and place of use, if possible.

Spring flows the year around about 5 gallons per minute

Signature of Owner J. H. Schwengel
as Agent for W.G. Moscrip
Date Dec 20, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

County **Fallon**

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

RECEIVED
DEC 30 1963

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. **Jake Schweigert** of **Baker**
(Name of Appropriator) (Address) (Town)
County of **Fallon** State of **Montana**
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
Livestock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: **September 1958 and in continual use since then**

4. The amount of groundwater claimed (in miner's inches or gallons per minute): **10 gallons per minutes**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
not for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: **Cylinder pump powered with a windmill**

SE 1/4 NE 1/4 Sec 15 T5N R. 59E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: **Drilled and completed in September 1958 by a seismograph crew and in continual use since then**

8. The depth of water table: **60 feet from surface**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: **Drilled to a depth of 120 feet and cased with 6 inch steel casing, equipped with a pump and windmill for withdrawal of water**

10. The estimated amount of groundwater withdrawn each year: **180,000 gallons per year**

11. The log of formations encountered in the drilling of each well if available: **none available**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner *Jake Schweigert*

Date **December 20, 1963**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
