Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 15, 1962
Owner: Ralph Blueden
Address: Baker, Mont.
Contractor (if any): Baker Cement Products
Address of Contractor: Baker, Mont.
Date Started: June 16, 1962
Date Completed: June 14, 1962

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable. Spring developed by Persuaded Graysburg 7/16, 35 ft. from red rock formation.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: 390,000 gal. yearly and daily for livestock water.

Signature of Owner: Ralph Blueden
Date: May 7, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: JUNE 15, 1962
Owner: Ralph B. Buski; Address: Baker, Mont.
Contractor (if any): Baker Cement Products
Address of Contractor: Baker, Mont.
Date Started: JUNE 10, 1962; Date Completed: JUNE 15, 1962
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring developed from a coal vein approximately 12 feet deep. 6 Feet Orange burr perforated tile with approximately 12 feet plastic pipe to bring water to tank.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: 788,400 gallons, daily usage.

Signature of Owner: Ralph Buski
Date: May 7, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
### Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

**STATE OF MONTANA**

**ADMINISTRATOR OF GROUNDWATER CODE**

**OFFICE OF STATE ENGINEER**

**DECLARATION OF VESTED GROUNDWATER RIGHTS**

1. **HERBERT F. STRAUB**
   - Name of Appropriator:
   - Address:
   - Town:
   - County of **FALLON**
   - State of **MONTANA**

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - **Range**

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
   - **not known**

4. The amount of groundwater claimed (in miner’s inches or gallons per minute):
   - **not known**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - **not known**

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - **not known**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - **not known**

8. The depth of water table:
   - **31’ feet**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - **not known**

10. The estimated amount of groundwater withdrawn each year:
    - **none**

11. The log of formations encountered in the drilling of each well if available:
    - **not known**

12. Such other information or similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   **Signature of Owner:**

   **Date:** December 18, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer, triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 1961
Owner: Julius A. Bruske  Address: Willard, Montana
Contractor (if any): L.W. House & Sons  Address of Contractor: Baker, Montana
Date Started: June 15, 1961  Date Completed: June 22, 1961

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. 

Depth slopes about 10 feet to 6 feet in depth, 150 feet in length. Contractor dug a ditch, put in a plastic pipe (N), covered it with scoria, filled in with dirt and water runs from plastic pipe into tank, free flowing flows about 14 Gallons per minute.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Several tests taken show a flow of about 14 Gallons per minute, constantly and which has continued since the spring was developed.

Signature of Owner: Julius A. Bruske
Date: Jan 9, 1962

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Jake Schwandt
   (Name of Appropriator)   ,
   of
   (Address) (Town)

   County of  Fallen
   State of  Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: LIVESTOCK WATERING
      Drilled in 1946 and in continual use since.

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
      Drilled in 1946 and in continual use since then.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      not for irrigation

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Cylinder, pump and windmill.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      This well was drilled and completed in fall of 1946 and has been used for stock watering since then.

   8. The depth of water table:
      15 feet from surface.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Drilled to a depth of 130 feet and cased with 6 inch steel casing to the bottom and fitted with a cylinder, pump and perch with a windmill.

   10. The estimated amount of groundwater withdrawn each year:
       180,000 gallons per year

   11. The log of formations encountered in the drilling of each well if available:
       none available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner
   Jake Schwandt
   Date: December 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1963
(Under Chapter 237. Montana Session Laws, 1961)

Owner: Vern Babek
Address: Baker
Driller: C. L. Askim
Address: Baker

Date of Notice of appropriation of ground-water: May 14, 1971
Date well started: May 14, 1971
Date completed: May 14, 1971
Type of well: Drilled
Equipment used: Rotary
Water use: Domestic
Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

County Clerk

Deputy

July 6, 1900
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Jake Schwegert, of Baker,
County of Fallon, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Address) (Town)

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Jake Schwegert
Date: December 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder: Duplicate to the State Engineer: Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

FALLON COUNTY
BAKER, MONTANA
Filed for Record
MAR 1 1972

County Clerk

Sec. 92.00
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. **JOHN J. BUCHTOLE**
   (Name of Appropriator) of
   (Address) State of Montana

   County of Fallon

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based, **Livestock watering and household**

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
      - No. 1 drilled 1947; No. 2 in 1953; and No. 3 in 1947 and all in continual use since except as set forth below.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): No. 1 not producing at present; No. 2 producing 7 GPM but now goes dry after 7 min; No. 3 not producing at present.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not for irrigation.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      - No. 1 not equipped for production at present.
      - No. 2 has submersible pump & Elec. Motor.
      - No. 3 not equipped for production now.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: These wells were drilled and completed and placed in production in the years as set forth in No. 3 above.

   8. The depth of water table: All about 80 feet from surface.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      - No. 1 drilled to depth of 150 feet and cased with 4\-inch Steel casing.
      - No. 2 Drilled to depth of 600 feet and cased with 4-inch steel casing.
      - No. 3 Drilled to a depth of 50 feet and cased with 4-inch steel casing.

   10. The estimated amount of groundwater withdrawn each year:
      - No. 2 & 3 not being produced at present.
      - And holding as reserve wells, No. 2 producing about 750,000 gallons per year.

   11. The log of formations encountered in the drilling of each well if available:
      - None available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
      - In 1929, well No. 1 went dry, when the seismographers shot a test well about one-half mile away. About two days later our well quit producing. Well No. 3 has a lot of sand and cuts out pump leathers fast, and in 1950 we quit using it.

   Signature of Owner:
   Date: Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1925

Owner: W.O. Roserip  Address: Lakeland, Fla.

Contractor (if any): unknown

Address of Contractor: ____________________________

Date Started: 1925  Date Completed: 1925

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. This is a natural spring, running out of the hill side with rocks placed on three sides thereof and the water running out the fourth side. The water runs down into the creek below and is held in natural basins from which stock drink.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. This spring flows the year around about 5 gallons per minute.

Signature of Owner: ____________________________

Date: Dec 20, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
