STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

[Form filled out with details]

1. Harold Jensen
   Name of Appropriator
   County of Fallon
   State of Montana

2. The beneficial use on which the claim is based: stockwater

3. Date or approximate date of earliest beneficial use: 3 months & 6 hours per day, 240 hrs @ 5 gal., per minute since 1959

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gal., per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: gas engine, pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1959

8. The depth of water table: 150'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 170', depth 170', 4' casing

10. The estimated amount of groundwater withdrawn each year: 162,000 gal.

11. The log of formations encountered in the drilling of each well if available: none available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Harold Jensen
Date: June 15, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: ____________________________________
Address: ____________________________________

Driller: _____________________________________
Address: _____________________________________

Date of Notice of appropriation of groundwater: ______________
Date well started: ______________ Date completed: ______________

Type of well: ________________________________
Equipment used: ________________________________
(Dug, driven, bored or drilled) (Churn drill, rotary or other)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

| Size of Drilled Hole | Size and Weight of Casing | From (Feet) | To (Feet) | Kind of Water
|----------------------|---------------------------|-------------|-----------|----------------
|                      |                           |             |           | Water Level for non-flowing well: __________ feet. Shut-in Pressure for Flowing Well: __________ feet. Pumping Water Level: __________ feet at __________ gal. per minute. Discharge in gal. per min. of flowing well: __________ gal. per min.

How Tested: ________________________________
Length of Test: ________________________________
Remarks: (Gravel packing, cementing, packers, type of shutoff): ________________________________

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Static Water Level for non-flowing well __________ feet. Shut-in Pressure for Flowing Well __________ feet. Pumping Water Level __________ feet at __________ gal. per minute. Discharge in gal. per min. of flowing well __________ gal. per min.

How Tested: ________________________________
Length of Test: ________________________________
Remarks: (Gravel packing, cementing, packers, type of shutoff): ________________________________

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

CSE — If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e., Lot, Block and Addition), ______________

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Register in the county in which the well is located. One copy to be retained by driller.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Herbert O'Donnell, of Broad
   (Name of Appropriator) (Address) (Town)
   County of Fallon State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1960 - Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1960

8. The depth of water table
   40 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Type of Well: Bored
   Depth: 60 ft.

10. The estimated amount of groundwater withdrawn each year
    180,000

11. The log of formations encountered in the drilling of each well if available
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

MUNSELL RANCH, INC. of Baker, Montana
(Name of Appropriator) Address: Montana
County of Fallon State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Watering livestock

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Earliest use unknown but in continual use for more than 10 years

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Windmill and pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown; more than 10 years

8. The depth of water table: 100 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4 inch casing 225 feet deep

10. The estimated amount of groundwater withdrawn each year: 14 million gallons

11. The log of formations encountered in the drilling of each well if available: None known

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

MUNSELL RANCH, INC.
Signature of Owner: Y. P. MunSELL
Date 12/16/63

President

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

MUNSELL RANCH, INC., of Bakery Montana

1. Declaration of Vested Groundwater Rights

2. The beneficial use on which the claim is based. Watering livestock

3. Date or approximate date of earliest beneficial use, and how continuous the use has been. Earliest use unknown but in continual use for more than 10 years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Windmill and use pump to supplement

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Unknown; more than 10 years.

8. The depth of water table. Unknown. 105 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 340 foot depth

10. The estimated amount of groundwater withdrawn each year. 1 million gallons

11. The log of formations encountered in the drilling of each well if available. None known.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

MUNSELL RANCH, INC.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Gundersen Farms, Inc., of Baker, Montana,
   (Name of Appropriator) (Address) (Town)
   County of Fallon, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   stock water

3. Date or approximate date of earliest beneficial use: and how continuous the use has been 1945, a m ust be of the year.
   well #1 was drilled in 1937.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) well No. 1. 12 gals. well No. 2 not in use at present.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   water table
   Sec. 34 T. 7N. R. 59E.
   North central of Sec. of Sec. 34 T. 7N. R. 59E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   the summer of 1945
   well # 1
   well # 2

8. The depth of water table:
   15 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   not available.

10. The estimated amount of groundwater withdrawn each year: 1,000,000.

11. The log of formations encountered in the drilling of each well if available:
   not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Gundersen Farms Inc.
   Date: 4-27-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Harold Jensen

of Baker

County of Fallon

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stockwater

3. Date or approximate date of earliest beneficial use: 1959

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gal, per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: gas engine pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1959

8. The depth of water table: 150 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 170 ft depth, 4" casing

10. The estimated amount of groundwater withdrawn each year: 162,000 gal

11. The log of formations encountered in the drilling of each well if available: none available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Harold Jensen

Date: June 15, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder: duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.
