STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriator] of [Address] in the County of [County] of [State] have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

- The beneficial use on which the claim is based: [Enter beneficial use here].

- Date or approximate date of earliest beneficial use: [Enter date here].

- The amount of groundwater claimed (in miner's inches or gallons per minute): [Enter amount here].

- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [Enter information here].

- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: [Enter information here].

- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [Enter dates here].

- The depth of water table: [Enter depth here].

- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: [Enter information here].

- The estimated amount of groundwater withdrawn each year: [Enter amount here].

- The log of formations encountered in the drilling of each well if available: [Enter information here].

- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Enter information here].

Signature of Owner: [Signature]
Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1915
Owner: J. R. Wilman
Address: Pioynt, Mont.
Contractor (if any) None
Address of Contractor

Date Started... Date Completed...

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Spring in dry creek channel
Hand dug 6' deep, 3' diam
ditched to stock reser. 4'x
16'x2' deep.

Quantity of water developed and used with explanation of meth-
od used to measure or estimate such amount. If use is intermit-
tent estimate approximate lengths of periods of use

Fills reser. in 12 hrs

Indicate point of appropriation
and place of use, if possible.

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Livestock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1962 - continuous

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3 gal/min

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1942

   8. The depth of water table: 72'

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   Drilled well, 72' deep

   10. The estimated amount of groundwater withdrawn each year: 1,000,000 gal

   11. The log of formations encountered in the drilling of each well if available: Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Date: ________________

   District Manager: ____________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: ____________________________ Address: ____________________________
Driller: ____________________________ Address: ____________________________

Date of Notice of appropriation of groundwater: ___________
Date well started: ___________
Date completed: ___________

Type of well: ____________________________ Equipment used: ____________________________
(Dug, driven, bored or drilled) (Churn drill, rotary or other)

Water use: Domestic: _____ Municipal: _____ Stock: _____ Irrigation: _____
Industrial: _____ Drainage: _____ Other: _____

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Shut-in Pressure for Flowing Well: ___________
Pumping Water Level: ___________ feet
Discharge in gal. per min. of flowing well: ___________

How Tested: ____________________________ Length of Test: ___________
Remarks: (Gravel packing, cementing, packers, type of shutoff): ____________________________

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Static Water Level for non-flowing well: ___________

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Name of Appropriator: Chris Lang
Address: Pembina
Town: Fallon
County: Fallon
State of Montana

I, Chris Lang, of Pembina, Fallon County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic and stock use

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: January 1, 1954

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: jet pump and a regular pump jack with electric motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: approximately 1954

8. The depth of water table: 50 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: shational well

10. The estimated amount of groundwater withdrawn each year: 100,000 gallons per year

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: not applicable

Signature of Owner: Chris Lang
Date: March 4, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; certificate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. John Buuckele, Jr. of Flevna, Montana
(Name of Appropnator) (Address) (Town)
County of Fallon State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Livestock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   June 1961

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   7 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   [Signature]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Cylinder pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Commenced and completed in June 1961

8. The depth of water table
   74 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   422 feet deep; 4" casing for 160 ft; balance of 2" casing

10. The estimated amount of groundwater withdrawn each year
    60,000 gal per year

11. The log of formations encountered in the drilling of each well if available
    Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

DECLARATION

Name of Appropriator: Florence A. Larson
Address: 30601 E-Crestridge Dr., Minneapolis 26, MN
Town: St. Paul
County of Birth: Hennepin
State of Birth: Minnesota

I, Florence A. Larson, hereby declare the following:

1. I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   General Farm
   House use & Livestock

3. Date or approximate date of earliest beneficial use and how continuous the use has been:
   Well dug in 1910
   Used continuous since that date

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   This well has a 3/4 Pt. vein of water, can be pumped down but will fill right up.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   This well has been used to irrigate a garden of about 1/2 acre. Owner's name same as above

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   For many years a pump and windmill, at present we use an electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   About July 1910 this well was dug and I believe it took about two weeks, as near as can be remembered.

8. The depth of water table:
   20 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   The well is 3/4 ft. in diameter and 20 ft. deep. It has rock curbing and 3/4 Pt. of water

10. The estimated amount of groundwater withdrawn each year:
    About 10,000 Gallons

11. The log of formations encountered in the drilling of each well if available:
    I do know that a good amount was clay with sandstone just above the water

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    None
