STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Anthony Ferrari of Pluma Address: (Town)
   County of Fallon State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based:

   3. Date or approximate date of earliest beneficial use and how continuous the use has been: July 11, 1953

   4. The amount of groundwater claim (in miner's inches or gallons per minute): 10 gal. min.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   8. The depth of water table: 142 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 940 ft.

   10. The estimated amount of groundwater withdrawn each year: 1,500,000 gal

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of owner: Date: Nov. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

County of Missoula, State of Montana,
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based is watering stock.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been from 1915 until six years ago.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) is 6 to 8 gallons per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal is ground water with hand pump.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater is 1915.

7. The depth of water table is around 22'.

8. The log of formations encountered in the drilling of each well or the general specifications of any other works for the withdrawal of groundwater is sand.

9. The estimated amount of groundwater withdrawn each year is 120,000 gallons.

10. The log of formations encountered in the drilling of each well or other works for the withdrawal of groundwater is mostly sand.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record is not applicable.

### Points of Interest
- **Indicate point of appropriation and place of use, if possible.** Each small square represents 10 acres.

1. **The beneficial use on which the claim is based:**
   - ** artistaches, the 10 acres thereof.**

2. **Date or approximate date of earliest beneficial use: and how continued:**
   - **March 09, 1936 (100% withdrawal 1936).**

3. **The amount of groundwater claimed:**
   - **(in miner’s inches of gallons per minute)**
   - **19.8 gpm.**

4. **If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:**

5. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:**

6. **The date of commencement and completion of the construction of the well wells, or other works for withdrawal of groundwater:**
   - **March 09, 1936 (100% withdrawal 1936).**

7. **The depth of water table:**
   - **Flowing.**

8. **So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:**
   - **(Actual yield 360 G.P.M).**

9. **The estimated amount of groundwater withdrawn each year:**
   - **315,000 gals. per year.**

10. **The log of formations encountered in the drilling of each well if available:**
    - **Not available.**

11. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:**

12. **Signature of Owner:**
    - **Signature and Date:** 12-17-62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Budmore Hall**
   (Name of Appropriator) of Montana

   County of _Ellen_ have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: _Livestock and irrigation._

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1960 _Continued use._

4. The amount of groundwater claimed (in miner's inches or gallons per minute) _3 gallon per minute._

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: _Used to irrigate a few trees and garden, 2 or 3 acres._

   **SW 
   1/4 Sec. 1 T. 8 R 39.**

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: _Electric motor._

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: _August 1960._

8. The depth of water table: _25 feet._

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: _Hand dug, 12 feet casing, 30 feet deep._

10. The estimated amount of groundwater withdrawn each year: _100,000 gallons._

11. The log of formations encountered in the drilling of each well if available: _No logs._

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: _Note._
