Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

JOSIE N. MADLER
(R R 3)
Baker

Count of Fallon

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Stock watering

3. Date or approximate date of earliest beneficial use: and how continuous the use has been...

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...

8. The depth of water table...

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year...

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner...

Date...

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer: Triplicate to the Montana Bureau of Mines and Geology: and Quadruplicate to the Appropriator.

1. The beneficial use on which the claim is based — STOCK WATER

2. Date or approximate date of earliest beneficial use and how continuous the use has been — AUGUST 5, 1957. 35 yrs. continuous.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) — 3 GALS. PER MINUTE

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof —

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal — PUMP AND METER

6. The extent of withdrawing such water from the ground and the location of each well or other means of withdrawal —

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater — JULY 24, 1955, COMPLETED JULY 31, 1955

8. The depth of water table — 190 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater — DRILLED, 5 3/4 INCH. 250 FEET

10. The estimated amount of groundwater withdrawn each year — 30,000 GALS.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record —

Signature of Owner — Mike Hirschten
Date — DEC 5, 1953

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

DUPLICATE
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: not applicable

Owner: Winfield Redman  Address: Inway

Contractor (if any): none

Address of Contractor:

Date Started: not applicable  Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. These springs are natural spring, which form waterholes in the bottom of Spring Creek, as shown on the map.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Quantity of water is unknown but depends on the amount of rainfall and temperature.

Signature of Owner: Winfield Redman

Date: Dec 11, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
