STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
Developed After January 1, 1962
(Under Chapter 257 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 3, 1970
Owner: Ralph G. Carpenter
Address: Lewistown, Montana

Contractor (if any): None
Address of Contractor: None

Date Started: July 3, 1971 Date Completed: July 5, 1971

1) Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.).
   Developed Spring: to depth of two feet.

2) Means of withdrawing water (gravity, pump, canal, etc.).
   by 50 feet of pipe to 500 gallon water tank.

3) Depth of water table: Below surface

4) Use of the water: Livestock

5) Amount of groundwater claimed (in miner's inches, or gallons per minute): 100 Miner's inches

6) If used for irrigation, give number of acres and description of land: None

7) Estimate amount of water used each year: Full flow of spring.

Signature of Owner: ___________________________
Date: September 10, 1971

This form to be prepared by contractor (if any), otherwise by the owner.
Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 257 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 15, 1965
Owner: Ralph G. Carpenter
Address: Lewistown, Montana

Contractor (if any) None
Address of Contractor None

Date Started: 7-15-65
Date Completed: 7-30-65

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable. Development of spring to depth of 3 feet. Water conveyed by pipe and 200 feet to house/used for home use, garden irrigation and livestock at corrals and barns.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Permanent use of water for home use and livestock. Estimated use 200 miners inches from steady flow.

Signature of Owner: __________________________
Date: September 10, 1971

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; quadruplicate for the Appropriator.

County Clerk and Recorder
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Koster Livestock Co. of R R 1 Box 20 Lewistown
   (Name of Appropriator) (Address) (Town)

   County of
   State of

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based was Livestock Water.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been 1910. Appr. Continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) is Claiming all water that will flow from the site.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof No Irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Flowing Spring.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1910. Appr. Natural Spring. Not Developed.

8. The depth of water table Flowing Spring.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater Natural Flowing Spring - Not Developed.

10. The estimated amount of groundwater withdrawn each year is grams (Not applicable).

11. The log of formations encountered in the drilling of each well if available All applicable.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; TriPLICATE to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based: stock water, domestic and irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been used since 1966.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 50 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof used in and 16% of section 33 Sec. 33 T. 14 R. 18. About 2 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump, and gravity flow.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. About 10 ft. used since then.

8. The depth of water table. 10 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. About 10 ft. by 1 ft. concrete basin collection. Basin 2 feet deep with both pump and gravity flow since pouring out.

10. The estimated amount of groundwater withdrawn each year about 26,200,000 gallons.

11. The log of formations encountered in the drilling of each well if available not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record doesn't apply.

Signature of Owner Date

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Martiza Marfianek  
   (Name of Appropriator)  
   of Lewistown  
   (Address)  
   (Town)  
   County of Fergus  
   State of Montana  

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:  
   stockwater

3. Date or approximate date of earliest beneficial use: and how continuous the use has been 1900. Used continuously since that time, when spring flows (generally in spring and summer).

4. The amount of groundwater claimed (in miner's inches or gallons per minute) estimated 18 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   natural spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1900

8. The depth of water table. Ground level (flowing spring)

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   not applicable

10. The estimated amount of groundwater withdrawn each year  
    estimated 50,000 gallons

11. The log of formations encountered in the drilling of each well if available
    none

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    none

   Signature of Owner: Martiza Marfianek  
   Date: December 27, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Montana Fish & Game Commission, of Helena
   (Name of Appropriator)

   County of
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Operation of fish hatchery

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      December 20, 1950

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      17,000 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      Not Applicable

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Large spring

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      December 20, 1963

   8. The depth of water table
      Spring flows out of Willis formation fault

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      Not applicable

   10. The estimated amount of groundwater withdrawn each year
       No drilling

   11. The log of formations encountered in the drilling of each well if available
       Fault in Willis Formation

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
       Copy of tract inclosed. Deed Sullinger to Caroline Lehman

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

### 2. The beneficial use on which the claim is based

- Stock water

### 3. Date or approximate date of earliest beneficial use; and how continuous the use has been

- Spring developed in September 1960

### 4. The amount of groundwater claimed (in miner's inches or gallons per minute)

- 1 gallon a minute

### 5. If used for irrigation, give the acreage and description of the lands to which the water has been applied and name of the owner thereof

- Indicate point of appropriation and place of use, if possible.

### 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

- Perforated pipe laid in earth horizontally and piped to tank

### 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

- Sept. 1960

### 8. The depth of water table

- 5' to 6'

### 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

- Indicate point of appropriation and place of use, if possible.

### 10. The estimated amount of groundwater withdrawn each year

- 25,000 gallons

### 11. The log of formations encountered in the drilling of each well if available

- Signature of Owner

### 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. LEE R. BEATLE, of HARDSTAR CITY, MONTANA,
   (Address) (Town)

County of FOGUS State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962 as follows:

2. The beneficial use on which the claim is based stock water and
   domestic use including irrigating lawns & gardens
   from spring NO 1

3. Date or approximate date of earliest beneficial use, and how
   continuous the use has been since 1960, continuous

4. The amount of groundwater claimed (in miner's inches or gallons
   per minute) 20 gallons per minute from each spring

5. If used for irrigation, give the acreage and description of the lands
   to which was has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the loca-
   tion of each well or other means of withdrawal by boxes orched up
   and placed into tanks. Later put in metal culvert to curb up spring No 1 and piped to ranch buildings.

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
   drawal of groundwater. Early not known

8. The depth of water table 2 to 4 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
   works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year such spring runs continuously

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
    reference to book and page of any county record. (This document is filed in record of that declaration tiled January 10, 1963, relating with the same
    springs under file No 437, record of Missoula County, Montana)

1. United States Gypsum Company
   (Name of Appropriate)
   Heath
   (Address) (Town)
   County of Fergus
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   Industrial Water Supply

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Continued since 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   Up to 100 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   Not Applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Two shallow wells located approximately 100 yards West of U. S. Gypsum plant site at Heath, Montana

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1935

8. The depth of water table. 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   Two wells, 20 feet deep, one 1 inch diameter, and one with 8 inch casing. Wells located 300 feet apart, and each covered by permanent clay tile buildings. Fearless positive displacement pumps used for withdrawing water.

10. The estimated amount of groundwater withdrawn each year. 15,000,000 gallons

11. The log of formations encountered in the drilling of each well if available. Not Applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: John Doe
Address: 123 Main St, Helena, MT
Driller: Jane Smith
Address: 456 Elm Ave, Missoula, MT

Date of Notice of Appropriation of Groundwater:
Date well started: 7-15-63
Date completed: 7-15-63

Type of well: Drilled
Equipment Used: Drill

Water Use: Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

<table>

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner:

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, as stated, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropmtor.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Meta L. Beck & Eldon E. Beck
   (Name of Appropriator)
   (Address)
   (Town)

County of Fergus
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock water

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1906 Continuously ever since

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Spring #1 = 20 Gal. per min., and Spring #2 = 20 gal. per min.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Free flowing surface springs

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: springs, 1906 with periodic repairs

8. The depth of water table: surface springs

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Both springs have wooden 3' x 3' x 3' boxes and have pipes running water to metal tanks

10. The estimated amount of groundwater withdrawn each year: Free flowing

11. The log of formations encountered in the drilling of each well if available: surface springs

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown

COPY
Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

County: [County Name]
District: [District Name]
Owner: [Owner Name]
Address: [Address]
Driller: [Driller Name]
Address: [Address]
Date of Notice of Appropriation of groundwater: [Date]
Date of Notice of Completion: [Date]

Type of well: [Type of Well]
Equipment used: [Equipment Used]
Water use: [Water Use]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Driller's License Number: [Driller's License Number]
Driller's Signature: [Driller's Signature]

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ray S. Burch
   (Name of Appropriator)
   of Route 2
   Lewistown

   County of Fergus
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   The beneficial use on which the claim is based:

   House use, livestock water, irrigation.

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been since 1961:

   Has been used continuously.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):

   Six gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   Two acres. Garden ground located in same area as well, Ray S. Burch, owner.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   By electric operated pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   Completed same year. Test was started approximately twenty five feet.

   8. The depth of water table:

   Approximately twenty five feet.

   9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   Well was hand dug about twenty five feet deep by four feet square, sides were lined with rock.

   10. The estimated amount of groundwater withdrawn each year:

       36,500 gallons per year

   11. The log of formations encountered in the drilling of each well if available:

       Gravel

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

       None

   Signature of Owner:

   Ray S. Burch

   Date of acceptance:

   12/31/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; TriPLICATE to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
