Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(Name of Appropriator) (Address) (Town)
County of (State of )

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner’s inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. RONALD J. LEE & K. BILLY LEWIS, of 1493 nights Boulevard, Lewistown, Montana
   (Name of Appropriator) (Address) (Town)

   County of Fergus State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Domestic - livestock and irrigating lawns and gardens

3. Date or approximate date of earliest beneficial use, and how continuously the use has been made, about 1912 and used continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute) about 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   Lawn and garden surrounding

6. The means of withdrawing such water from the ground and the location of the well or other means of withdrawal.
   Pump and irrigation motor in Northeast
   Quarter of the Southwest Quarter of Section 11 in Township 16, Range 16

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater about 1912

8. The depth of water table about 9'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Well due about 14' deep, 4' diameter, cased with concrete

10. The estimated amount of groundwater withdrawn each year about 100,000 gallons per year

11. The log of formations encountered in the drilling of each well if available
   Colorado shale and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
   None

Signature of Owner

Date DECEMBER 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

To

1. RONALD J. LOESCH, of Lewistown
   (Name of Appropriator)

   County of
   (County)

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1961, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use, and how continuous the use has been
   About 1912 and used continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   About 3 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Spring - cleaned and dug out and boxed in; well - naturally; flow increased

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal
   About 1912

8. The depth of water table
   Comes to surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Spring - dug out and improved, natural flow increased

10. The estimated amount of groundwater withdrawn each year
    About 110,000 gallons per year

11. The log of formations encountered in the drilling of each well if available
    Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962 as follows:

2. The beneficial use on which the claim is based. §1 domestic; §2 Irrigation; §3 Stock water

3. Date or approximate date of earliest beneficial use and how continuous the use has been. §1-1935; §2-1940; §3-1935, all continuously since beginning.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). §1 - 1 gallon per minute; §2 - 1 gallon per minute; §3 - 1 gallon per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. All three are gravity flow.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. §1 - About May 15, 1935 started & completed; §2 - About July 1, 1940, started & completed; §3 - About May 15, 1935, started & completed.

8. The depth of water table about surface level.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. None

10. The estimated amount of groundwater withdrawn each year. 518,400 from each. Total of 1,575,000 gallons

11. The log of formations encountered in the drilling of each well if available. None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None available

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Edward J. and/or Dorotea J. Magerus  of  Sec 4  160 acres  MT  (Town)
   County of: Fergus  State of: Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based - household use and stock water supply.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been - Continuously since 1890.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) - 100 gallons per min.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner - garden and lawn, Edward J. Magerus.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal - spring with shallow well pump, gravity flow through pipes to 4 stock tanks.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater - 1890. Further development of springs in following years.

8. The depth of water table - 4 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater - All surface flow from springs free possible 4 feet depth.

10. The estimated amount of groundwater withdrawn each year - Approximately 1 million gal.

11. The log of formations encountered in the drilling of each well if available - None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 1, 1899

Owner: Donald Seidel  Address: Ross Fork, Montana

Contractor (if any): none

Address of Contractor: none

Date Started: 1899  Date Completed: 1899

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable by means of ditch arising from point of diversion on Easterly bank of Rock Creek at or near the outlet of Sec. 20, Twp. 16 N., Rge. 16 E., and on the Easterly bank at or near the SE - SW Sec. 2, Twp. 16 N., Rge. 16 E., of 400 inches, equal to ten cubic feet of "mid waters of Rock Creek for irrigation of W.1/4 Sec. 30, W.1/4 Sec. 38, W.1/4 Sec. 36, W.1/4 Sec. 26, Twp. 16 N., Rge. 16 E., in Recorder book 3 Water Rights, page 117, records of Fergus County.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. 400 inches equal to 10 cubic feet, by means of ditches, used during irrigation season for irrigations.

Signature of Owner: Donald Seidel

Date: October 10, 1985

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; quadruplicate for the Appropriator.

1. HENRY F. BARTA and LEONA M. BARTA, of Dgrades,
   of (Name of Appropriator)
   (Address) (Town)
County of Fergus State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Household use and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... October 18, 1952, Continuous ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 15 gallons per minute.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof...

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... Natural pressure. 1½" pipe, location of development... spring; NW1/4 Sec. 27, T. 16 N., R. 16 E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... October 18, 1952.

8. The depth of water table... 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... 6'x6' Cylindrical tank sunk into ground... on side hill where water surfaced before development. 1½" plastic pipe from tank to farmstead. 1½" overflow pipe permits water to flow down coulee to appropriators' garden.

10. The estimated amount of groundwater withdrawn each year... 7,884,000

11. The log of formations encountered in the drilling of each well if available... Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...

Signature of Owner

Date: December 13, 1963.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 257, Montana Session Laws, 1931)

Date of Appropriation of Groundwater: Dec. 23, 1887
Owner: Donald Seidel
Address: Ross Fork, Montana
Contractor (if any): none
Address of Contractor: none
Date Started: 1887
Date Completed: 1887

Describe means of obtaining groundwater without a well "as by subirrigation and other natural processes". Include depth to water when applicable. Water obtained by means of natural spring, flowing into Canyon Creek, and carried by a 24" x 10" ditch to place of use, running upon and to Section 34, Twp. 18 N., Rge. 32 E., and Lots 2 and 3 Section 3, Twp. 18 N., Rge. 32 E., for use as irrigation and other lawful use.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. All of the waters of the spring, used continuously during irrigation season of each year after irrigation season is for domestic purposes and as stockwater.

Signature of Owner: Donald Seidel
Date: October 10th, 1888

This form to be prepared by contractor (if any), otherwise by the owner.

Declaration of Vested Groundwater Rights  
(Under Chapter 237, Montana Session Laws, 1961)  

I, the undersigned, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:  

1. Name of Appropriator: [Name]  
   Address: [Address]  
   Town: [Town]  
   County of [County]  
   State of Montana  

2. The beneficial use on which the claim is based  
   [Description]  

3. Date or approximate date of earliest beneficial use, and how continuous the use has been  
   [Date]  
   [Continuous Use Description]  

4. The amount of groundwater claimed (in miner's inches or gallons per minute)  
   [Amount]  

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof  
   [Acreage]  
   [Description]  
   [Owner]  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal  
   [Means and Location]  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater  
   [Date]  

8. The depth of water table  
   [Depth]  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater  
   [Specifications]  

10. The estimated amount of groundwater withdrawn each year  
    [Amount]  

11. The log of formations encountered in the drilling of each well if available  
    [Log]  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record  
    [Reference]  

Signature of Owner: [Signature]  
Date: [Date]  

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.  

Please answer all questions. If not applicable, so state, otherwise the form will be returned.  

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lawrence Jenni, of Route 2, Lewistown
   (Name of Appropriator) (Address) (Town)
   County of Fergus, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household, stock water, irrigation, and other useful purposes.

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been used continuously since 1948.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 6 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

      a) Dug well with electrical pumping device

      b) SW 1/4 of NE 2 of Section 28, T 16 R 17

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

      a) Commenced in 1948, last worked on in 1961.

   8. The depth of water table: Approximately 12 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

      a) Dug well approximately 4 feet in diameter and 18 feet deep

   10. The estimated amount of groundwater withdrawn each year: 365,000 gallons per year.

   11. The log of formations encountered in the drilling of each well if available: not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

</table>

2. The beneficial use on which the claim is based: Livestock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Used continuously since 1960

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Number 1 on map - 1 gal per min.
   Number 2 on map - 5 gal per min.
   Number 3 on map - 5 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation.
   Number 1 and 2 owned by Lawrence Jenni.
   Number 3 owned by Fred Jenni.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: No. 1 - Box 2 ft in diameter 4 ft deep. No. 2 - Box 2 ft in diameter 3 ft deep. No. 3 - 200 ft drain tile buried approximately 4 ft. deep. All piped to tanks.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1960 and 1961

8. The depth of water table: Number 1 and 2 - 4 feet. Number 3 - 4 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Number 1 and 2 - water is collected in small spring boxes and piped by gravity to stock water tanks.
   Number 3 - water is collected in approximately 200 feet of drain tile buried approximately 4 feet deep and flown by gravity to stock water tank.

10. The estimated amount of groundwater withdrawn each year: No. 1 - 10,000,000 gal per year.
    No. 2 - 10,000,000 gal per year.
    No. 3 - not available.

11. The log of formations encountered in the drilling of each well if available: not available

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Iver Berg
   (Name of Appropriator) of Route 3 Lewistown, (Address) (Town)
   County of Fergus State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Household and Farmyard purposes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   Use continuous since about 1952

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 Gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Underground water pumped from well located under farmhouse.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Unknown

8. The depth of water table
   10 Feet below surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   One well excavated by hand, approximately fourteen feet under basement floor level, 4½ feet in diameter

10. The estimated amount of groundwater withdrawn each year
    38,500 gallons per year

11. The log of formations encountered in the drilling of each well if available Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

Signature of Owner: Miss. Iverine Berg
Date: December 18, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
