DUPLICATE

County *Fergus*

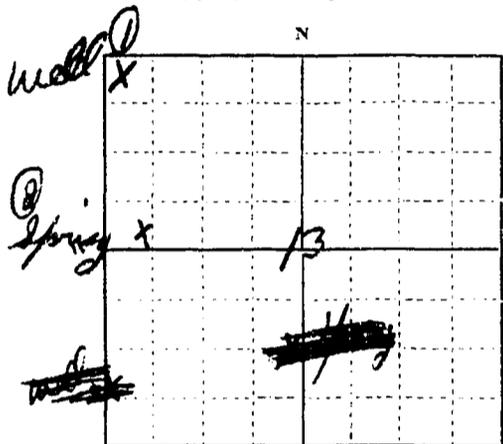

STATE OF MONTANA  
ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER

RECEIVED  
JAN 2 1964

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. *Mrs Mary Kolar* of *Rt # 9 Box 112 Lewistown*  
(Name of Appropriator) (Address) (Town)  
County of *Fergus* State of *Montana*  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

*1/4 NW Sec. 13 T. 16 R. 18*

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based *House & Farm dead use*
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been *year around*
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) *15 to 30 gal*
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof  
*garden stock & Farm dead use*
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal *no pumps*  
*Spring*

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

*no* 8. The depth of water table *35 ft*

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner *Mary Kolar*  
Date *Dec 30 1963*

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

1. VICTOR HARTFORD & BILDA F. HARTFORD, of LENISTOWN  
(Name of Appropriator) (Address) (Town)  
County of PERGUS State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Southwest Quarter of the  
Southeast Quarter  
1/4 Sec. 32 T6N R18E

Indicate point of appropriation  
and place of use, if possible. Each  
small square represents 10 acres.

- The beneficial use on which the claim is based  
No. 1 stock water; No. 2 - Domestic, livestock  
and irrigation
- Date or approximate date of earliest beneficial use; and how continu-  
ous the use has been. Each well drilled about 1920...  
and used continuously since;
- The amount of groundwater claimed (in miner's inches or gallons  
per minute) No. 1 - 5 gallons per minute; No. 2 -  
20 gallons per minute
- If used for irrigation, give the acreage and description of the lands  
to which water has been applied and name of the owner thereof  
No. 2 also used to irrigate about 10,000  
square feet of lawn, and flowers around  
buildings
- The means of withdrawing such water from the ground and the loca-  
tion of each well or other means of withdrawal  
both artesian

7. The date of commencement and completion of the construction of the well, wells, or other works for with-  
drawal of groundwater About 1920

8. The depth of water table Comes to surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other  
works for the withdrawal of groundwater No. 1 - 500' deep cased with about 6" casing;  
No. 2 - about 700' deep cased with about 6" casing, both drilled; No. 1  
flows into stock tank and No. 2 flows through a hose into stock tank and  
4" pipe to the house into pressure tank; electric pump on house line to  
build pressure; overflow of both wells seep into ground;

10. The estimated amount of groundwater withdrawn each year No. 1 - about 2,500,000 gallons  
per year; No. 2 - about 10,000,000 gallons per year

11. The log of formations encountered in the drilling of each well if available  
not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including  
reference to book and page of any county record  
none

1. A.M. Peterson of 1001 - 10th Street Lewistown  
(Name of Appropriator) (Address) (Town)  
County of Big Horn State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Lots 10 & 20 except Sec. 10 & 12  
1/4 Sec. 1 T. 16 R. 19E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.  
Approximate 2500 ft from Hwy at edge of area which front 500 ft from bottom of road

- The beneficial use on which the claim is based Summer Camp and Irrigation
- Date or approximate date of earliest beneficial use, and how continuous the use has been August 15 1926 - continuous
- The amount of groundwater claimed (in miner's inches or gallons per minute) water table 100' from surface of casing 4" casing
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 5 acres - Windham - corner of 10th St. & 10th St.
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Shallow Cased Hole
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater July 15th 1926 to Aug 1st 1926
- The depth of water table Water 35' from surface 100' from casing
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Depth - 100 ft 4" casing
- The estimated amount of groundwater withdrawn each year 2 m. - 10' out of the year
- The log of formations encountered in the drilling of each well if available Shale rock - 100'
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Declaration of Vested Groundwater Rights

(Under Chapter 267, Montana Session Laws, 1961)

I, Frank J. Kolan, of Montana, Legislator,  
(Name of Appropriator) (Address) (Town)  
County of Lewis and Clark, State of Montana,  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 SW Sec. 6, T. 16 R. 12  
Lot 3, Sec. 6, T. 16 R. 12  
Indicate point of appropriation  
and place of use, if possible.  
Each small square represents 10  
acres.

- The beneficial use on which the claim is based... stock water and irrigation
- Date or approximate date of earliest beneficial use; and how continuous the use has been... approx. 1910, continuous
- The amount of groundwater claimed (in miner's inches or gallons per minute)... approx. 15 gal. per minute each
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... about 3 acres below Springs 1 and 2, free flow, no tile flumes
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... Springs, #1 - at 3 (north half) of 2 1/4 SW 1/4 Sect. 6, Lot 3 (south half, Sect. 6, T. 16, R. 12)
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... approx. 1910
- The depth of water table... springs
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... gravel & tile flumes
- The estimated amount of groundwater withdrawn each year... 15 gallons per minute free flow
- The log of formations encountered in the drilling of each well if available... springs
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... found no records to go by

Signature of Owner: Frank J. Kolan  
Date: December 2, 1963

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Albert Janni of Route 29077 Lewis & Clark  
(Name of Appropriator) (Address) (Town)

County of Fergus State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 SE Sec. 28 T. 16 R. 19

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based Water for cattle
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1908 and has been used continuously since
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 50 gal. per minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof No irrigation
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal flowing springs
- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater This is a spring
- 8. The depth of water table 6 ft
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater flowing spring
- 10. The estimated amount of groundwater withdrawn each year enough for 150 cattle
- 11. The log of formations encountered in the drilling of each well if available. There are no records
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Albert Janni  
Date Dec 31 - 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.  
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

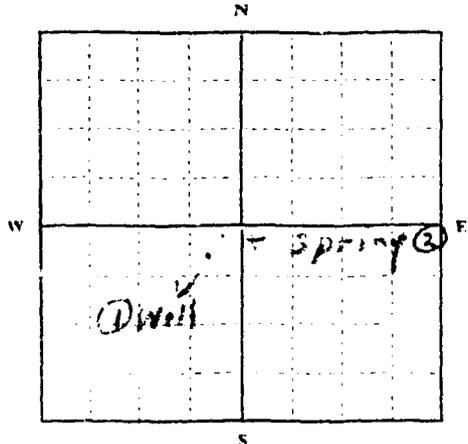

1. R. H. Hruska  
(Name of Appropriator)

of Box #1002, Lewistown  
(Address) (Town)

County of Fergus

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 SW Sec. 31 T. 16 R. 19

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based

Live Stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

Well pumps 3 gallons per min. Spring runs out of 3/4" pipe.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

Just used for our lawn out of well.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Well is pumped by 3/4 horse electric motor and pump back. Spring runs directly to tank in title plat sec 31

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

Well was drilled in 1941. The Spring was flowing prior to 1909.

8. The depth of water table

Well is 135' @ Spring - is 13' deep

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

Dumping well 135' deep lined with 4" casing with 1" pipe for pump. Well can pump 75-80 gal per min. Spring is 13' deep with 3/4" pipe that runs in stock water tank.

10. The estimated amount of groundwater withdrawn each year

1,000,000 gal

11. The log of formations encountered in the drilling of each well if available

0-25' Sandstone  
25-60' Sandy tan shale  
60-70' shale - Tan, red, gray  
70-112' Sandy (imp) shale  
112-135' Sandy lime shale  
@ Spring is all Sandstone

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner R. H. Hruska  
Date Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater  
Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner D. A. Hruska Address 1002 Lincoln

Driller Larry Jennings Address Heath

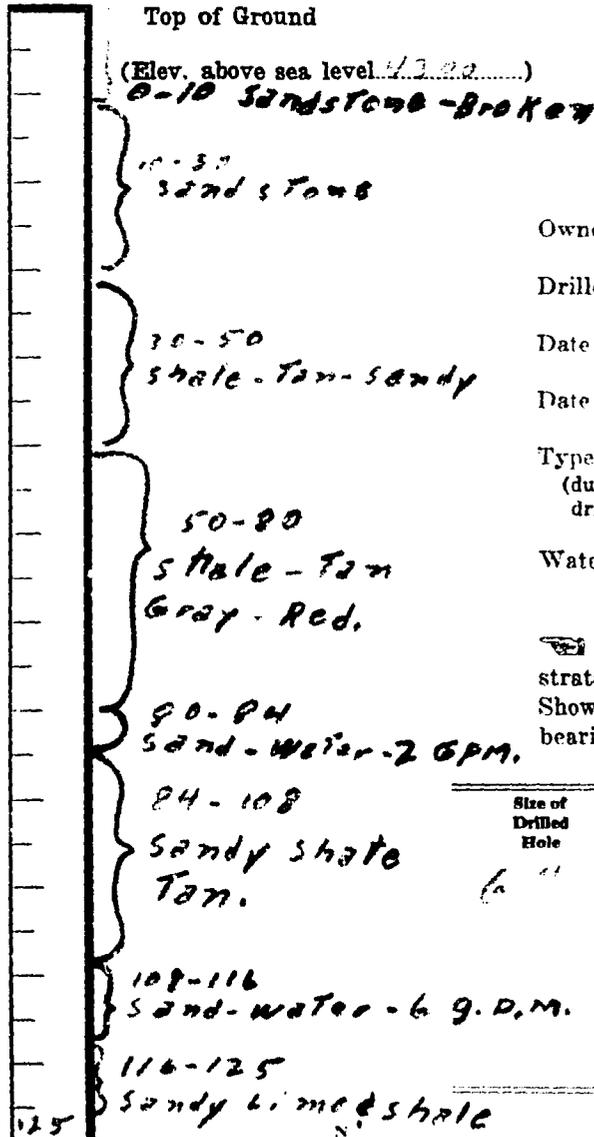

Date of Notice of Appropriation of Groundwater.....

Date well started Sept. 20, 63 Date Completed Sept. 30, 63

Type of well Drilled Equipment Used Cable Tools  
(dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic  Municipal  Other  Irrigation   
Industrial  Drainage  Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
6"	4 1/2" O.d. 7 1/2" Lb.	15' (PIT)	125'	Torch Slits	80' 108'	56' 125'

Static Water Level for non-flowing Well..... 65 feet.

Shut-in Pressure for Flowing Well.....

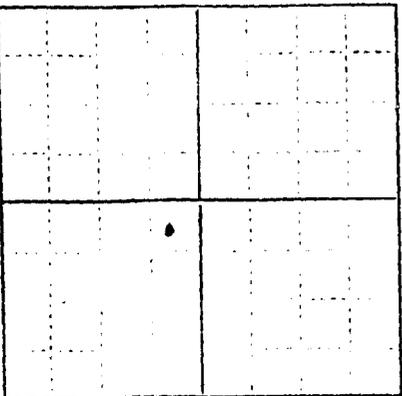

Pumping Water Level..... feet at 6 1/2 gal. per minute.

Discharge in gal. per min. of flowing well.....

How Tested Bail & Pumping length of Test About 6 Hrs.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation) Packers

at 78' and 105'  
Also at 15'.

NE 1/4 SW 31 T. 16 R. 19  
Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

(Under Chapter 237, Montana Session Laws, 1961)

JAN 3 1964  
STATE ENGINEER

1. Jim and Erma Andrews of Box 112 Lewistown  
(Name of Appropriator) (Address) (Town)

County of Fergus State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to  
January 1, 1962, as follows:

NE 1/4 of Sec 35 T16N R19E  
Indicate point of appropriation  
and place of use, if possible.  
Each small square represents  
10 acres.

2. The beneficial use on which the claim is based  
**household, livestock, commercial & industrial**

3. Date or approximate date of earliest beneficial  
use; and how continuous the use has been - - -  
**about March 1944, daily**

4. The amount of groundwater claimed (in miner's  
inches or gallons per minute - - -  
**30 gallons per minute**

5. If used for irrigation, give the acreage and  
description of the lands to which water has been  
applied and name of the owner thereof - - -  
**partially for 40 acres, hay & grass-land**  
**Jim and Erma Andrews**

6. The means of withdrawing such water from the  
ground and the location of each well or other  
means of withdrawal - **natural flow** - - -  
**about 500 ft. NW of the corner**  
**of NE 1/4 of SE 1/4 of Sec. 35, T16 N., R19E.**

7. The date of commencement and completion of the construction of the well, wells,  
or other works for withdrawal of groundwater - - **March 1944**

8. The depth of water table - - - **approximately 25 feet**

9. So far as it may be available, the type, size and depth of each well or the gen-  
eral specifications of any other works for the withdrawal of groundwater - - -  
**flowing spring, installed barrel and 1 inch outlet pipe**

10. The estimated amount of groundwater withdrawn each year - **4,204,800 gallons**

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the  
policy of this act, including reference to book and page of any county record - - -

*Jim Andrews*
