Declaration of Vested Groundwater Rights

1. Name of Appropriate
   Address
   Town

2. The beneficial use on which the claim is based: Irrigation

3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1908

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1.5

5. If used for irrigation, give the surface and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump

7. The date of commencement and completion of the construction of the well, wells or other works for withdrawal of groundwater: 1908

8. The depth of water table: 40 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 40 feet

10. The estimated amount of groundwater withdrawn each year: 1.5

11. The log of formations encountered in the drilling of each well if available: 40 feet

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: 
Date: December 2, 1968
Declarations of Vested Groundwater Rights

I, [Name of Appropriator], having appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: [Crop Irrigation]

3. Date or approximate date of earliest beneficial use and how, continuously the use has been maintained since that date: [1958]

4. The amount of groundwater claims (in miner's inches or gallons per minute): [1000]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [County: [County]; State: [State]; Address: [Address]]

6. The means of withdrawing such water from the ground and the location of any well or other means of withdrawal: [Ditch, Well, Irrigation ditch, etc.]

7. The date of commencement and completion of the construction of the well, wall, or other works for withdrawal of groundwater: [May 1, 1960]

8. The depth of water table: [100 feet]

9. So far as it may be available, the type, size, and depth of each well or other works for the withdrawal of groundwater: [Spring, well, irrigation ditch]

10. The estimated amount of groundwater withdrawn each other: [1000 gallons per day]

11. The log of formations encountered in the drilling of each well if available: [Spring, well, irrigation ditch]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [September 2, 1963]

Signature of Owner: [Signature]

Date: [December 2, 1963]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

STATE OF MONTANA  
ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER  

Declaration of Vested Groundwater Rights  
(Under Chapter 257, Montana Session Laws, 1961)  

1.  Name of Appropriator:  FRANK SANCHEZ  
   Address:  Rte. 3 Lewistown  
   County of:  Fergus  
   State of:  Montana  

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2.  The beneficial use on which the claim is based:  stock water  

   3.  Date or approximate date of earliest beneficial use, and how continuous the use has been:  January 1, 1942 - continuously self flowing - developed spring  

   4.  The amount of groundwater claimed (in miner's inches or gallons per minute):  20 gallons  

   5.  If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:  not used for irrigation  

   6.  The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  self flowing  

   7.  The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  approximately 1942  

   8.  The depth of water table:  8 feet  

   9.  So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  4'20'  

   10.  The estimated amount of groundwater withdrawn each year: supply all livestock uses  

   11.  The log of formations encountered in the drilling of each well if available:  dug spring - self flowing - none  

   12.  Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  dug out spring - stock water  

   Signature of owner:  [Signature]  
   Date:  Dec. 19, 1963  

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.  

Please answer all questions. If not applicable, so state, otherwise the form will be returned.  

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriate.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: Clarence J. Swearingen
Address: Helger, Montana

Contractor (if any): None
Address of Contractor: None
Date Started: None
Date Completed: None

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural Spring on hillside.

Flows constantly. Spring was cleaned & recertified by C.C.S. in 1941 or 1942. They also dug a new short channel to Sisk Creek which eliminated a bog.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Date: December 11, 1965

Signature of Owner: Clarence J. Swearingen

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines; and Quadruplicate for the Appropriator.

Notes: Future plans for excess flow is a small contour ditch for spreading water on grassland.

Address: Milner, Montana
Contractor (if any): Unknown
Address of Contractor: Unknown
Date Started: 1912
Date Completed: 1912

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable. Spring located in basement of ranch house approximately 6 feet below natural ground level. Flows thru clay tile pipe (4") approximately 100 feet and empties into fish creek...wood box...

Spring is 2'12" by 5'6" depth (Contractor built house in 1912)

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use...flows...consistently nearly filling a 4" drain pipe most of the year. Flow estimated at 100 gallon per minute. Spring furnishes water supply for ranch house

Signature of Owner: [Signature]
Date: November 15, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriate.

Note: Future planning of a deep water supply is not to be extended to other farm buildings.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: natural spring
Owner: Clarence J. Sweeney
Address: Miles, Montana
Contractor (if any): none
Address of Contractor: none
Date Started: none
Date Completed: none

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Concrete house 41' x 41' x 8' height, with concrete roof,
door over spring with 11' 6" x 5' depth wooden tank inside.
This was built around 1868 by John Sweeney. Tank was used for cooling dairy milk until approximately 1945.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

by door run over coast of year. Flow estimated at 10'

Starting at the SE corner of Section 15, T.171 N., R.12 E.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Clarence J. Sweeney
Date: December 11, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. 
2. The beneficial use on which the claim is based:
   domestic use
   water for house and buildings and watering lawn

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
   12 years ago and used continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute): about 1 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   well in N.E. 1/4 of Section 19, water withdrawn by electric pressure pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   18 years ago

8. The depth of water table:
   about 22'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Par well 33' deep, about 4' diameter at bottom, cased from water up with 4' casing, pumped in 42 gallon pressure tank

10. The estimated amount of groundwater withdrawn each year:
    about 250,000 gal per year

11. The log of formations encountered in the drilling of each well if available:
    not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    none

Signature of Owner: 
Date: DECEMBER 18, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriate.

Declaration of Vested Groundwater Rights

(Name of Appropriator) (Address) (Town) (County of) (State of)

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.
2. The date or approximate date of earliest beneficial use and how continuous the use has been since then.
3. The amount of groundwater claimed (in miner's inches or gallons per minute).
4. If used for irrigation, the acreage and description of the lands to which water has been applied and name of the owner thereof.
5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
7. The depth of water table.
8. The general specifications of any other works for the withdrawal of groundwater.
9. The estimated amount of groundwater withdrawn each year.
10. The log of formations encountered in the drilling of each well if available.
11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Charles W. Foster
Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD
NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL
Developed after January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)
This form to be prepared by driller, and three copies to be filed
by the owner with the County Clerk and Recorder in the county in
which the well is located, last copy to be retained by driller.
Please answer all questions. If not applicable, so state, otherwise the
form may be returned.

Owner: Dean Burnham
Address: Mrs. Three Lewistons
MONTANA
Date well started: 3-5-68
Date well completed: 3-8-68
Type of well: Drilled
Equipment used: Cable Tools
Water Use: Domestic ☑ Municipal ☑ Stock ☑ Irrigation ☑ Industrial ☑ Drainage ☑ Other ☑ Garden/Lawn ☑

*Describe
USE: If used for irrigation, industrial, drainage or other. Explain,
state number of acres and location or other data (i.e. lot, block
and addition).

Static water level: 7 ft.
Pumping water level: 31 ft.
Flow of approx. 30 gpm, measured 60 minutes after pumping
began.
*Measured from ground level.
Well developed by:
Pump:
For:
Remarks: (Gravel packing, cementing, packers, type of shutoff,
class, etc.)

INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE.
EACH SMALL SQUARE REPRESENTS 40 ACRES.
