STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name: George A. McDade
   Address: N/A
   Town: N/A
   County: Lewis
   State: Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Watering stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   The Claim was first used in 1930. After 1942, the water was discharged daily.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): N/A
   Other: N/A

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: N/A

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Manual, Hand-dug well, located 310 yards.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Completed in 1942.

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Hand-dug well, 310 yards.

10. The estimated amount of groundwater withdrawn each year:
    N/A

11. The log of formations encountered in the drilling of each well if available:
    N/A

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: George A. McDade
   Date: 12-31-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS

(Revised 1961)

State of Montana

Office of State Engineer

County of

State of

I, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based:
   - Domestic use and stock water use
3. Date or approximate date of earliest beneficial use; and how continuous the use has been since:
   - Appropriated prior to 1962 for use in dwelling house and for stock water use
   - Has been continuous since appropriation
4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - Fifteen (15) gallons per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Artesian well located in approximately the middle of Sec. 14, Twp. 18 N., Rgn. 15 E., R.P.M.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
8. The depth of water table:
   - Artesian
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Artesian well, about 20 feet deep
10. The estimated amount of groundwater withdrawn each year:
    - Seven million gallons
11. The log of formations encountered in the drilling of each well if available:
    - Not applicable

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriator], of [Address] (Town), in the County of [County] and State of [State], have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use; and how continuos the use has been: 1947, when cattle were watered

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 2 gph

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: do not use for irrigation

6. The means of withdrawing such water from the ground and the location of each well or means of withdrawal: SW 1/4 NW 1/4

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Fall 1947, winter 1962 and spring 1963

8. The depth of water table: 10 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: no information available

10. The estimated amount of groundwater withdrawn each year: about 200,000 gal

11. The log of formations encountered in the drilling of each well if available: [Handwritten note: sand and clay]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Handwritten note: more information]

Signature of Owner: [Signature]
Date: [Date: 10/27/1963]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

HENRY VAN HAUR DANVERS
(Name of Appropriator) (Address) (Town)
County of: FERGUS State of: MONTANA

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: No. 1 - July, 1960; No. 2 - about 1913 and No. 3 about June, 1960, and each used continuously since:

4. The amount of groundwater claimed (in miner's inches or gallons per minute): No. 1 about 3 gallons per minute; Nos. 2 and 3 about 2 gallons per minute each.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

No. 1 and 2 by hand pumps; No. 3 is flowing spring: No. 1 in Northeast Quarter of the Southwest Quarter of the Northeast Quarter and No. 2 in Northwest Quarter of the Southwest Quarter of the Northwest Quarter of said Section 3.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Same as 3 above

8. The depth of water table: No. 1 - about 2'; No. 2 - about 8' and No. 3 - comes to surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

No. 1 is a dug well, 12' deep, cribbed with timber, water pumped by hand into stock tank about 2' East; No. 2 dug well, about 15' deep, cased with rock; water pumped by hand into stock tank about 8' East; No. 3 spring cleaned and dug out to increase natural flow; flows into small dam to form water hole; no overflow unless flood conditions and then overflows into plowed field in Southwest Quarter of the Northwest Quarter of said Section 3.

10. The estimated amount of groundwater withdrawn each year: No. 1 - about 750,000 gallons per year; No. 2 about 500,000 gallons per year and No. 3 about 700,000.

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

GEORGE MOORE & CHARLES MOORE

County of Fergus  State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. (Name of Appropriator) (Address) (Town)

2. The beneficial use on which the claim is based:
   No. 1 - domestic and stock water; No. 2 - stock water

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
   No. 1 - about 1903 and No. 2 about June, 1960 - used continuously since

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   No. 1 about 20 gallons per minute
   No. 2 about 5 gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:
   not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   electric pump
   gravity flow
   No. 1 in Southwest Quarter
   No. 2 in South Half of the Northeast Quarter of Section 10 in Township 18, Range 17, and overflows

7. Date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Same as 3 above

8. The depth of water table:
   Both come to surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   both are springs that were dug clean and developed to increase natural flow; No. 1 electric pump about 20' west of spring, which pumps water into water system in house located 55' west of spring; rest flows into creek where used for stock water; also stock water around house; No. 2 has 1 1/2" pipe into stock tank in South Half of the Northeast Quarter of Section 10 in Township 18, Range 17, and overflows

10. Total annual amount of groundwater withdrawn each year:
    No. 1 about 5,000,000 gallons per year
    No. 2 about 2,500,000 gallons per year

11. The log of formations encountered in the drilling of each well if available:
   not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Name of Appropriate: Longo E. Smart
(Address): Denver
(Town): Deque
County of: Deque
State of: Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. I have appropriated groundwater for a beneficial use on the following land:
   - Stock watering
   - Garden
   - Spring water

2. The beneficial use on which the claim is based:
   - Farming
   - Ranching
   - Irrigation

3. Date or approximate date of earliest beneficial use:
   - 1931

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - 10 gal. per minute
   - 30 gal. per minute

5. If used for irrigation, give the acreage of the land on which water has been applied:
   - 30 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Pump
   - Spring water
   - Irrigation

7. If used for irrigation, give the location of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Drilled well
   - Artesian well

8. Other information of a similar nature as may be useful in carrying out the policy of this act:
   - Use of water:
     - For irrigation
     - For livestock

9. The location of formations encountered in the drilling of each well if available:
   - Sandy loam
   - Clay

10. The estimated amount of groundwater withdrawn each year:
    - 100,000 gal.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act:

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: [Name]
   Address: [Address]
   Town: [Town]
   County: [County]
   State: [State]

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: [Signature]
Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
State of Montana,  
County of Fergus.

Filed DECEMBER 9, 1903 19.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. WILLIAM D. SHAFF, of DANIERE
   (Address)
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Irrigation and stockwater

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1961, continuous since then.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) all flood waters. Dam holds 40 acre feet of water and uses all of this.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 40 acres, Twp 17 N, Sec 17 S, Rge 17 E.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water collected in dam and run from there to irrigated land by means of ditch and laterals. Dam located: Sec 17, Twp 17 N, Rge 17 E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 1,000,000 gallons.

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

Signature of Appropriate: D. D. SHAFF
Date: December 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
