Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

George P. Waller of Flathead County, Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Household and commercial.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. August 1950.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied, and name of the owner thereof. Small garden sprinkler.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Deep well, pressure pump, or well shown on diagram.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. August 1950, completed in June 1961.

8. The depth of water table. 30 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Deep well about 100 feet deep. With a long casing with gravel around casing. Water is withdrawn with a deep well pressure pump.

10. The estimated amount of groundwater withdrawn each year. 1,825,000.

11. The log of formations encountered in the drilling of each well if available. Ground all shale.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.
