STATE OF NEW MEXICO, SS
COUNTY OF CEMEX
Filed on the 13th day of De... A.D. 19... at 12:00 O’clock P.M
Glen E. Millhouse
County Clerk and Recorder
By: J. Wilson
Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD
NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL
Developed after January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: C. M. Schraper
Address: Box 36
MARION, MONT.

Date well started: Aug. 22, 1972
completed: Aug. 25, 1972

Type of well: Drilled

Equipment used: AIR ROTARY

Water Use: Domestic [X] Municipal [ ] Stock [ ] Irrigation [X]

*Describe: 
USE: if used for irrigation, industrial, drainage or other, explain state number of acres and location or other data (i.e. Lot, Block and Addition).

Estimation Annual Withdrawal:

I THEY SHOULD BE; PUMPED AT RATES NOT IN EXCESS OF 40 TO 50 PERCENT OF THE TESTED CAPACITY OF THE AQUIFER.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

James Allen Kinniburgh and Elva Irene Kinniburgh

1. Irene Kinniburgh, husband and wife, of Marion, Montana, Marion

County of Flathead
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic use, stock watering and irrigation;

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since then;

4. The amount of groundwater claimed (in inches or gallons per minute): 100 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

5A. The portion:
Northeast Quarter of Section 12
Township 27 North, Range 24 West, lying North of the County Road; James Allen Kinniburgh and Elva Irene Kinniburgh.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
A dug well at the point of intersection of a line drawn parallel to the West boundary line of said quarter section and 200 yards therefrom and a second line drawn parallel to the South boundary line of said Quarter Section and at a distance of 400 yards therefrom:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1951.

8. The depth of water table: six feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
A dug well, three feet square and nine feet deep.

10. The estimated amount of groundwater withdrawn each year: 500,000 gallons.

11. The log of formations encountered in the drilling of each well if available:
Sand, gravel and rock.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Date: December 20, 1963

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

94 A.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 29, 1966
Owner: David S. Miller
Address: Medical, Mont.
Contractor (if any): None
Address of Contractor:__________________________________________
Date Started:___________________________ Date Completed:___________________________

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable.

Pipe line from spring to house. Depth to water approx. 3 or 4 feet. Two springs connected.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Approx. 50 gallons per day. Measured in barrels. Use is intermittent averaging 3 or 4 days per week.

Signature of Owner: David S. Miller
Date: Jan. 1, 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: David L. Miller
Address: 213 W. Main St., Butte, Mont.

Date of Notice of Appropriation of Groundwater: Nov. 1, 1966

Date Well Started: Nov. 1, 1966
Date Completed: Nov. 23, 1966

Type of Well: Drilled
Equipment Used: Ladder (churn, drill, rotary or other)

Water Use: Domestic ☑ Municipal ☐ Stock ☐ Irrigation ☐ Industrial ☐ Drainage ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Mark G. Buckley
   (Name of Appropriator) of Marion
   (Address) State of Montana
   County of Flathead
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based is domestic and small irrigation.

   3. Date or approximate date of earliest beneficial use: July 1, 1920.

   4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 500 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which the water has been applied: The Northwest Quarter of the Northwest Quarter of Section 14, Township 27 North, Range 24 West.

   6. The means of withdrawing such water from the ground: By two wells with pipe and pumps.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   8. The depth of water table: 30 feet.

   9. The general specifications or any other works for the withdrawal of groundwater:

   10. The estimated amount of groundwater withdrawn each year: 100,000 cubic feet.

   11. The log of formations encountered in the drilling of each well:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Well No. 2 was originally dug by the Great Northern Railway and supplied water to the trains as early as 1900. It was later abandoned by the Railway and was re-dug at the approximate date previously stated.

County Clerk and Recorder

Deputy
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 10, 1959

Vertis P. and Marjorie Vesterby
Owner: Address: Marion, Montana

Contractor (if any)
Address of Contractor

Date Started: July 10, 1959; Date Completed: Oct. 10, 1959

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Water used to aerate fish eggs in fish hatchery approximately 15,000 gal. daily between November 1st and June 1st each year; also water used as rearing pond for hatched fish. Entire quantity of water from 10 to 50 ft. in depth and approximately 25-30 acres used, being overflow from natural springs.

Signature of Owner: Marjorie Vesterby
Date: December 17, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Virginia P. and Marjorie Vesterby, of Maxton, Montana (Name of Appropriator)
   (Address) (Town)

County of Flathead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Fish Hatchery and Fish rearing pond

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   July 10, 1959 - continuous to date

4. The amount of groundwater claimed (in miner’s inches or gallons per minute)...10 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   By pump located adjacent to overflow of ground water

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table... Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Pump 4 1/2 in. intaker 1 3/4 in. discharge

10. The estimated amount of groundwater withdrawn each year... 22,000,000 gal.

11. The log of formations encountered in the drilling of each well if available... Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... None

January 30, 1973

Mr. William J. Wise
404 8th Avenue W.
Kalispell, MT 59901

Dear Mr. Wise:

This is in response to the four (4) enclosed GW-3 forms, Notice of Completion of Groundwater Appropriation Without Well, that were filed in the Flathead County Courthouse at Kalispell, MT on December 26, 1972 at 4:06 to 4:09 PM, document numbers 14577, 14576, 14579, and 14578.

Unfortunately, the GW-3 forms, which you have filed are intended for the purpose of appropriating groundwater taken by developed springs, drains, and sub-irrigation. According to the enclosed GW-3 forms, the springs you are appropriating are not developed at their source of extrusion from the ground; therefore, the springs are classified as surface water and come under Montana's surface water laws, (see enclosed explanation of developed and undeveloped springs).

The enclosed GW-3 forms state that the springs are not in use at present. Surface and groundwater laws state that you must put the water to a beneficial use. The mere filing on a water source without putting it to some beneficial use is not a valid appropriation according to Montana water laws.

Also enclosed is a form entitled Notice of Appropriation to be used for appropriating surface water, and a pamphlet on Surface Water Rights. Please note the areas underlined in red. (The Notice of Appropriation should be recorded and filed in the local county clerk and recorder's office in which the springs are located.)

If we can be of further assistance in this matter, please feel free to contact us at any time.

Sincerely,

Ronald J. Guse
Groundwater Rights Coordinator
