STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. (Name of Appropriator) (Address) (Town)
   County of Flat Head State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Water supply

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1892 - 1895

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 10 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: None, water drawn by ditch system

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: April 1830 - June 1830

8. The depth of water table: 6 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: None

10. The estimated amount of groundwater withdrawn each year: 10

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Theodore D. Dyer
Date: May 31, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

County of Flathead, State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. NE 5/6 28N R 21W

2. The beneficial use on which the claim is based: household, irrigation and stock watering.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Continuously since the year 1914.

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   50 inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Electrically powered pump; see plat for location.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1914.

8. The depth of water table: 16 feet from top of ground.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Driven sand point about 25 feet deep.

10. The estimated amount of groundwater withdrawn each year: 146,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Unknown.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

County of Flathead
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Domestic use, garden, lawn & trees

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1943 and continuous use ever since

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   300 gallons per hour

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   garden, lawn and trees

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1943

8. The depth of water table
   30 to 50 feet to top of water
   depth unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Wooden planks 6ft by 10 feet and 12 feet deep
   depth of water
   unknown

10. The estimated amount of groundwater withdrawn each year
    150,000 gallons

11. The log of formations encountered in the drilling of each well if available
    2 feet of black top soil; 10 feet of clay then sandy loam

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Lawrence E. Kositzky
Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Charles Martin,
   Address: Helena
   County of Missoula, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic, livestock watering, irrigation.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: January 1, 1962.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 600 gal per minute.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: 100 acres, Smith Farm.

6. The means of withdrawing such water from the ground and the location of the well or other means of withdrawal: Pump, 100 feet deep.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1962.

8. The depth of water table: 19 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 50 feet deep well.

10. The estimated amount of groundwater withdrawn each year: Not Known.

11. The log of formations encountered in the drilling of each well if available: Not Available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.
