County Flathead

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, James H. Salansky of 121 Birch Rd., Kalispell,
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec. 4 T25N R21W

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

**Lot 3 of Block 7 of
Springdale.**

2. The beneficial use on which the claim is based.....
Household domestic use & lawn irrigation.
3. Date or approximate date of earliest beneficial use; and how con-
tinuous the use has been.....
Continuous since 1956.
4. The amount of groundwater claimed (in miner's inches or gallons
per minute).....
50 gal.
5. If used for irrigation, give the acreage and description of the lands
to which water has been applied and name of the owner thereof
Lot 3 of Block 7 of Springdale.
6. The means of withdrawing such water from the ground and the
location of each well or other means of withdrawal.....
Drilled well and electric pump.
Well located in front driveway.
7. The date of commencement and completion of the construction of the well, wells, or other works for with-
drawal of groundwater.....
1956.
8. The depth of water table.....
Not Known
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
works for the withdrawal of groundwater.....
Drilled well to depth of approximately thirty feet.
10. The estimated amount of groundwater withdrawn each year.....
200,000 gallons.
11. The log of formations encountered in the drilling of each well if available.....
Not known.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
reference to book and page of any county record.....
None.

Signature of Owner

James H. Salansky
Date December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

~~Ellen P. Wilson~~ Ellen P. Wilson of 157 Cottonwood Drive Kalispell
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 4 T. 23 N. R. 21 W.

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based Household use and irrigation of garden and lawn
3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1954 - continued usage
4. The amount of groundwater claimed (in miner's inches or gallons per minute) Hard to estimate
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
2 1/2 acres owned by Robert S. and Ellen Wilson
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
Pressure pump located in basement of house
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
Constructed before we bought it. Date not known.
8. The depth of water table 14 ft.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
4 in. concrete pipe. Shallow well
10. The estimated amount of groundwater withdrawn each year 100,000 gals.
11. The log of formations encountered in the drilling of each well if available
not available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
do not know of any

Signature of Owner Ellen P. Wilson

Date Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

S. 1 E. 1/4 Sec. 7 T. 28 R. 21 W

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based.

Garden and lawn

3. Date or approximate date of earliest beneficial use; and how con-

tinuous the use has been *1959 about continuous*

4. The amount of groundwater claimed (in miner's inches or gallons

per minute) *amt. not known, but claim*
full capacity

5. If used for irrigation, give the acreage and description of the lands
to which water has been applied and name of the owner thereof

one acre, described above

6. The means of withdrawing such water from the ground and the
location of each well or other means of withdrawal.

Pressure pump, electric, located
as indicated

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
drawal of groundwater. *1959*

8. The depth of water table. *old well 12 to 14 ft. new well, 30 ft.*

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
works for the withdrawal of groundwater *dug and cased with 6 in*
steel pipe

10. The estimated amount of groundwater withdrawn each year. *no knowledge, probably 100,000 gal*

11. The log of formations encountered in the drilling of each well if available. *sand and gravel*

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
reference to book and page of any county record *do not know, this well*
is used by E. Clark Wilson

Signature of Owner *Edmund Wilson*

Date *Dec. 31, 1963*

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is
located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of
Mines and Geology and Quadruplicate for the Appropriator.

MAR 14 1968

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

- Flathead Co. Water District
1. I, #1, Evergreen of Kalispell
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.
2. The beneficial use to which water is to be applied is Municipal
(describe lands to be benefited, if for irrigation)
3. The rate of use in gallons per minute or miner's inches of groundwater claimed 2000 gal. per min.
4. The annual period (inclusive dates) of intended use Full year
5. The probable or intended date of first beneficial use 15, May 1968
6. The probable or intended date of commencement and completion of the well* or wells* 8-30-67
7. The location, type, size and depth of well or wells contemplated Drilled well, 16" 85' in depth
8. The probable or estimated depth of the water table or artesian aquifer Elev 2910.3
9. Name, address and license number of the driller engaged Olsen-Justin
No. 55, Columbia Falls, Montana
10. Give such other similar information as may be useful in carrying out the policy of this act.

S.E. 1/4 Sec. 5 T. 28 N. R. 21 W.
Locate well or other means of development as accurately as possible on the plat.

Signature of Appropriator Mar. T. Smithburg Jr.
Date Feb 26, 1968

* As defined in the Code Sec. 1-2-1 "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

RECEIVED
DEC 30 1963

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Paul E. Hodgson and Miriam R. Hodgson of Route 1 Kalispell
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 5 T28N R21W

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based Domestic
use and irrigation of lawn and gardens.
3. Date or approximate date of earliest beneficial use; and how con-
tinuous the use has been 1948, and continuous
since that date.
4. The amount of groundwater claimed (in miner's inches or gallons
per minute) 5 gallons per minute.
5. If used for irrigation, give the acreage and description of the lands
to which water has been applied and name of the owner thereof
One-half acre at present, see item 12.
6. The means of withdrawing such water from the ground and the
location of each well or other means of withdrawal
A shallow, dug well in the basement of my house.
7. The date of commencement and completion of the construction of the well, wells, or other works for with-
drawal of groundwater 1948
8. The depth of water table Approx. 12 feet.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
works for the withdrawal of groundwater
Dug well: 3 feet in diameter, 6 feet deeper than basement floor.
Pump is a reciprocating type, approx. 300 gallons per hour capacity.
10. The estimated amount of groundwater withdrawn each year 255,000 gallons.
11. The log of formations encountered in the drilling of each well if available None.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
reference to book and page of any county record
Legal description is attached hereto.

the cemented gravel from 267 to 283 feet but filled with well graded clean coarse gravel to make a conduit to gather the water and conduct the water up into the well.

Note: Wells in this area can be depended upon to produce clear sand free water year after year as long as they are not overpumped, i.e., they should be pumped at rates not in excess of 60 percent of the tests capacity of the aquifer.
