   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   NW 1/4 SE 1/4, Sec. 1, T29 N, R20

   Date or approximate date of earliest beneficial use: January 1, 1943.

   The beneficial use on which the claim is based: Household & Irrigation.

   If beneficial use is for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   About five acres, and lies in the NW 1/4 of Section 1, Township 29 North, Range 20 West.

   The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   A electric turbine pump, located on the northwest quarter south of house or house.

   The date of commencement and completion of the construction of the well, if applicable:

   Not available.

   The depth of water table:

   Eight feet from ground surface.

   The amount of groundwater claimed (in minor's inches or gallons per minute):

   250 gallons.

   The estimated amount of groundwater withdrawn each year:

   About 100,000 per year.

   The log of formations encountered in the drilling of each well, if available:

   Not available.

   Such other information of a similar nature as may be useful in carrying out the policy of this act, and reference to book and page of any county record:

   I have no log records pertaining to this well.
