Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Carl R. Butz  Address: R.H. Kelppe

Date of Notice of Appropriation of Groundwater:

Date well started: June 18, 1964  Date Completed: June 19, 1964

Type of well: Drilled  Equipment Used: Electric

dig, driven, bored or (Churn, drill, rotary or other)

Water Use: Domestic  Municipal  Stock  Irrigation

— Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 4 ft from top feet.

Shut-in Pressure for Flowing Well: 25 ft. per minute.

Pumping Water Level: 8 feet at: 25 gal. per minute.

Discharge in gal. per min. of flowing well: 2000.

How Tested: Driller Length of Test: 2 hrs.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

| S.E. 4... Sec. 18. T.29. R.11 |
| Indicate location of well and place of use, if possible. Each small square represents 10 acres. |
| SE.1/4 |
| 27 1/2 |
| Show exact depth of bottom. |

Driller’s License Number

Driller’s Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

I, Earl Light, of Kila, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Home and farm use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1930 and used continuously.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 600 gallon per hour.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [Information provided]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: [Information provided]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1930.

8. The depth of water table: 12 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: [Information provided]

10. The estimated amount of groundwater withdrawn each year: 10,450 gallons.

11. The log of formations encountered in the drilling of each well if available: [Information provided]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Information provided]

Signature of Owner: Earl Light

Date: Nov 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Decloration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Fred C. & Aurelia E. Wiltlake of Route 1, Kalispell
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **The beneficial use on which the claim is based**: domestic use, and family garden.

2. **Date or approximate date of earliest beneficial use; and how continuous the use has been since prior to 1962**: constant.

3. **The amount of groundwater claimed (in miner's inches or gallons per minute)**: five (5) gallons per minute.

4. **If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof**: one (1) acre, more or less; five (5) acres, tract located in the SE 1/4 SW 1/4, T. 42 N., R. 82 W., Fred C. & Aurelia E. Wiltlake.

5. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal**: centrifugal pump.

6. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater**: sometime prior to 1955. (When we purchased said property.)

7. **The depth of water table**: 20 feet (approximate).

8. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater**: type and size unavailable, depth approximate 150 feet, vs. 35 feet. 20 pipes set in a concrete slab.

9. **The estimated amount of groundwater withdrawn each year**: 1,000,000 gallons.

10. **The log of formations encountered in the drilling of each well if available**: unavailable!

11. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record**: none available!

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

County of Flathead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. September, 1950

2. The beneficial use on which the claim is based. household use, watering of stock, irrigation of lawn and garden.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: continuous since September, 1950.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 600 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Garden and yard lawn, totaling about 3/4 acre.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: centrifugal pump powered by an electric motor.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. September, 1950

8. The depth of water table. 10 ft. from ground to surface of water

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Dug well, 32" inside diameter, 14 ft. deep.

10. The estimated amount of groundwater withdrawn each year. 182,500 gal. per year

11. The log of formations encountered in the drilling of each well if available. About 6 ft. of silt and below that, sand and gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. I know of none.

Signature of Owner

County of Flathead, State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based watering of stock, sprinkler irrigation, sub-irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been continuously since 1904.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) 100 miner’s inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal see plot for location. These are open springs available to livestock, from which water may be pumped.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. One spring is about 25 ft. in diameter and 2 to 3 ft. deep. Other spring is about 20 ft. wide and 100 ft. long and 2 to 3 ft. deep.

10. The estimated amount of groundwater withdrawn each year. Not known, the flow seeps off as sub-irrigation.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

Paul W. Bicky
(Name of Appropriator)

Route 1
(Address)

Kalispell
(Town)

County of Flathead
(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Sept. 1949
   Continuous.

4. The amount of groundwater claimed (in inches or gallons per minute): App. 150 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   6.8 acres by gardena
   Paul Bicky

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Sept. 1949.

8. The depth of water table:
   10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Drilled 6" casing, 25 feet deep.

10. The estimated amount of groundwater withdrawn each year:
   0 c. f. a.

11. The log of formations encountered in the drilling of each well if available:
   Available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
   Available.

Signature of Owner: Paul W. Bicky

Date: Dec. 28, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 231, Montana Session Laws, 1961)

Alfred T. Paukenach

County of Flathead
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic, livestock, and irrigation of farm

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1953

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 gal. per min. (3000 gallons)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1953

8. The depth of water table: eighty-five feet (85')

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 16.7 ft. of 1" casing

10. The estimated amount of groundwater withdrawn each year: 500,000 gal.

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Alfred T. Paukenach
Date: Dec. 21, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

P. B. Finch and William M. Finch, of Martin City, Montana

County of Flathead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. House use, 

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1908 continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 1,000

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. SE 1/4 Sec 12 T. 27. R. 21

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Station Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1908, 1921, 1950

8. The depth of water table. Approx. 16 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Approx. 60 ft.

10. The estimated amount of groundwater withdrawn each year. 100,000 gallons

11. The logs of formations encountered in the drilling of each well if available. None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

Signature of Owner: P. B. Finch
Date: 12-26-65

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

1. Date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   
2. General area on which the claim is based.

3. The approximate date of earliest beneficial use; and how continued.

4. The amount of groundwater claimed (in inches or gallons per minute).

5. If used for irrigation, give the acres and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The depth of water table.

8. The depth of water table.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Bauer Brothers
(Name of Appropriator)

Route one, Kalispell, Mont.
(Address)

County of Flathead
(Town)

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House, garden and cattle and washing potatoes.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1908

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: submersible pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1908

8. The depth of water table: 110 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Galvanized, 26 ft. deep

10. The estimated amount of groundwater withdrawn each year: 4,000,000 g.

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

Signature of Owner: [Signature]

Date: December 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
