Static Water Level for non-flowing Well: 100 feet.
Shut-in Pressure for Flowing Well: 150 psi
Pumping Water Level: 134 feet at 134 gal. per minute.
Discharge in gal. per min. of flowing well: 134 gal.
How Tested: Pressure Test
Length of Test: 134 feet

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Driller's License Number: 12345
Driller's Signature: John Doe

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

STATE ENGINEER

1. Harvey C. Perry
   (Name of Appropriator)

2. The beneficial use on which the claim is based: domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1935

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 300 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pressure pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1900

8. The depth of water table: 30 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: dug well - 4 ft.

10. The estimated amount of groundwater withdrawn each year: 500,000 - gals.

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner

Date: December 30, 1943

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

1. [Appropriator’s Name]
   [Address]
   [Town]
   [County]
   [State]
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: 
   [Irrigation and Domestic]

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 
   [Date] Since 1935

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 
   [10 gallons]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   [10 acres]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   [Water Pump - Electric]

7. The date of commencement and completion of the construction of the well, walls, or other works for withdrawal of groundwater: 
   [1935-1936]

8. The depth of water table: 
   [263 feet]

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   [Black steel casing, 6 inch]

10. The estimated amount of groundwater withdrawn each year:
    [365,000 gal]

11. The log of formations encountered in the drilling of each well if available:
    [265 ft. Mostly gravel and rock]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    [Signature of Owner: [Name]
     Date: Dec 30, 1963]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 9, 1961.

Owner: Harvey  Address: Rt. 3, Kalispell, Mont.

Contractor (if any): None

Address of Contractor: None

Date Started: None  Date Completed: None

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

SE ¼ SW ¼ Sec. 29, T. 38 N. 2

Indicate point of appropriation and place of use, if possible.

X is location of spring

O is house where water is used for household purposes

Water is used in above described form

Signature of Owner: "Robert Harvey"

Date: Nov. 22, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appraiser.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Counties and State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Nezal Benton of Route 3 Kalispell, Flathead County, Montana

2. The beneficial use on which the claim is based: home and livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Summer 1938 daily.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 16 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied, and name of the owner thereof: Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric motor and pump.

7. The date of commencement and completion of the construction of the well(s): I don't know the well had been drilled before my father purchased the farm.

8. The depth of water table: approximately 76 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: approximately 34 feet deep.

10. The estimated amount of groundwater withdrawn each year: 30,000 gallons per year.

11. The log of formations encountered in the drilling of each well: if available: The ground is very rocky, the full depth.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: I know of no other.

Signature of Owner: Nezal Benton
Date: 12/30/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

   Domestic, livestock and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

   Prior to 1960, continuous use since

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

   50 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   Garden tract, 10 acres located SEDSW 10-29-22, land owned under contract by Donald H. and Avelane Jones

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

   Pressure system, pipes and electric motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

   Unknown

8. The depth of water table

   Approx. 70 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

   Single well, depth 97 ft.

10. The estimated amount of groundwater withdrawn each year

   500,000 gal.

11. The log of formations encountered in the drilling of each well if available

   Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Not available

Signature of Owner

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Tedwind Bros. Address: 615 1st St. Well
Driller: Elmer & Justin Address: 615 1st St. Well

Date of Notice of Appropriation of Groundwater No fill
Date well started: June 15, 1965 Date Completed: June 23, 1965

Type of well: Drilled Equipment Used: Churn (dug, driven, bored or drilled)

Water Use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Geology: Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock, or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size of Drilled Date: 6'/8

Static Water Level for non-flowing Well: 12.6 feet
Shut-in Pressure for Flowing Well: 11.0 ft. H2O
Pumping Water Level: 65 feet at 15 gal. per minute.
Discharge in gal. per min. of flowing well: 1500 gal.
How Tested: Bailer Length of Test: 2 hrs
Remarks: Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
