Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Address: Driller: Address: Date of Notice of Appropriation of Groundwater: Date well started: Date completed: Type of well: Equipment Used: (slug, driven, bored or drilled) Water Use: Domestic □ Municipal □ Other □ Irrigation □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: feet.

Shut-in Pressure for Flowing Well: feet.

Pumping Water Level: feet at gal. per minute.

Discharge in gal. per min. of flowing well: gal.

How Tested: Test: Length of Test: days.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Paul S. Raymond and Marie Raymond
Route 1A, Columbia Falls

1. Name and address of holder of the water right.

County of:
State of:

2. The purpose or purposes for which the water right is held or used.

3. Date or approximate date of actual beneficial use, and how continued.

4. The amount of groundwater claimed, in acres or gallons per acre-foot.

5. If used for irrigation, the acreage and description of the lands to be irrigated, also the manner of use.

6. The means of withdrawing such water from the ground and the location of the well or other means of withdrawal.

7. The date of commencement and expiration of the construction of the well or other means of withdrawal.

8. The depth of water table.

9. As far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The type of coal used in the grouting of each well if available.

12. Any other information of a similar nature as may be useful in carrying out the policy of this act, including reference to laws and acts of any country record.

Signature of Owner:

Date: 7-27-1962.

Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Administrator.

Note: this form is to be filled by the owner with the County Clerk and Recorder of the county in which the well is located.

Counties of Montana

Declaration of Vested Groundwater Rights

(Name of Appropriator) of (Address) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.
2. Date or approximate date of earliest beneficial use, and how continuous the use has been.
3. The amount of groundwater claimed (in miner’s inches or gallons per minute).
4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
6. The depth of water table.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
8. The estimated amount of groundwater withdrawn each year.
9. The log of formations encountered in the drilling of each well if available.
10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. David D. Agnew
   (Name of Appropriator)
   of P.O. Box 612, Columbia Falls
   (Address)
   Flathead
   (Town)
   Montana
   (State)

2. The beneficial use on which the claim is based: Domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Currently in use; Daily use throughout year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Intermittent at 6 GPM.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump. Location of pump in basement of house. One of the two wells located at this residence is not in use.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Walls have been completed and in use for approximately 30 years.

8. The depth of water table: Depth of water table from which I am using is approximately 15 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Both wells approximately 10 in diameter; 18 feet deep. One is a drilled well, Pump is a high pressure piston type pump.

10. The estimated amount of groundwater withdrawn each year: 10,000 Gallons.

11. The log of formations encountered in the drilling of each well if available: Formation appears to be gravel mixed with some clay all the way down.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: See book 456 Page 164.

Signature of Owner: David D. Agnew
Date 30 Dec 63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

**STATE OF MONTANA**

**ADMINISTRATOR OF GROUNDWATER CODE**

**OFFICE OF STATE ENGINEER**

**Declaration of Vested Groundwater Rights**

Philip E. Bertelsen & Hugh E. Speer, of Route 1-A, Columbia Falls

(Name of Appropriate)  

Address  

Town

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>W</th>
<th>S</th>
</tr>
</thead>
<tbody>
<tr>
<td>SE 1/4</td>
<td>See 27, T. 36, R. 26</td>
</tr>
</tbody>
</table>

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based:  
   - Domestic & Irrigation of 1 Acre

3. Date or approximate date of earliest beneficial use; and how continuing; the use has been:  
   - March 1, 1950  
   - 100 gallons per minute

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   - 300,000 gal/yr

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and point of the owner thereof:  
   - Hugh E. Speer & Philip E. Bertelsen

6. The means of withdrawing such water from the ground and the location of such well or other means of withdrawal:  
   -  

7. The date of commencement and expirations of the appropriation:  
   - April 1, 1950 to June 30, 1950

8. The depth of water table:  
   - Static water level 20 feet from ground surface  
   - Pumping level 5 feet below

9. So far as it may be available, the type, size and depth of well and the general specifications of any other works for the withdrawal of groundwater:  
   - 10,000 ft.  
   - 5-3/4 in. screen  
   - 40 ft.  
   - 300 ft. water-bearing gravel and sand

10. The estimated amount of groundwater withdrawn each year:  
    - 300,000 gal/yr

11. The log of formation encountered in the drilling of the well:  
    - 55 ft. water-bearing gravel and sand

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
    - This form is legal size including the margin line of 1/2 an inch of land. It provides water for two families.

Signature of Owner:  

Date: 12-30-65

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Onondowicate for the Appropriate.

Administrator of Groundwater Code
Office of State Engineer for

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Matt and Lucille Budke Box 596, Coyle
County of Grant, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Date of earliest beneficial use:
   All year

2. The beneficial use on which the claim is based:
   Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   All year

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   300 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner:
   Lot 128 in Columbus Park, City, Montana

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Well pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Unavailable

8. The depth of water table:
   60 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Well

10. The estimated amount of groundwater withdrawn each year:
    210,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 230, Montana Session Laws, 1961)

1. Tillford L. or Besse H. Carter of BP 1014 Columbia Falls
   (Address) (Town)
   County of Flathead —— State of Montana ——
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: House, stock yard & small garden

3. Date or approximate date of earliest beneficial use: Jan. 1, 1939
   Continuous use ever since

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 18 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   yard & garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Started Jan. 1, 1939 —— Complained Feb. 1, 1939

8. The depth of water table: Will test depth of water table running from 15 feet to 50 feet below surface depending on location & ground conditions

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 10 feet deep: 3 ft. inside curb

10. The estimated amount of groundwater withdrawn each year: 3,250,000 gal.

11. The log of formations encountered in the drilling of each well if available: Sandy loam, sand, gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Besse H. Carter
Date: Dec. 27, 1963

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1981)

Owner: Carl Frech
Address: Box 152, Huntley

Driller: Alliance Drilling
Address: Box 152, Huntley

Date of Notice of Appropriation of GroundwaterFiled: May 14, 1983

Date well started: May 14, 1983
Date completed: July 2, 1983

Type of well: Drilled
Equiptment used: Churn

(dug, driven, bored or churned, drill, rotary or drilled)

Water Use: Domestic [X] Municipal [ ] Stock [ ] Irrigation [ ]

Industrial [ ] Drainage [ ] Other [ ]

*Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness of strata and height to which the water rises in the well.

| Size of Drilled Hole | Size and Weight of Cutting | Feet | To 
|----------------------|-----------------------------|------|------
| 1"                   | 7.6 ft                      | 23.6  |

Static Water Level for non-flowing well...

Shut-in Pressure for flowing well...

Pumping Water Level...

Discharge in gal., per min. of flowing well...

How Tested...

Length of Test...

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of ground water if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines, and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. H. A. Y. Cuneo, 10th Ave. Columbia Falls
   (Name of Appropriator) Columbia Falls (Town)

County of Flathead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

   Household use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

   I have bought the land with the, well, place & drilled.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) I don't know

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   3 1/4 ft. rock, others.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   I don't know

8. The depth of water table

   I don't know

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. The well was approximately 10 feet deep, from cold water.

10. The estimated amount of groundwater withdrawn each year.

    5,000 gallons

11. The log of formations encountered in the drilling of each well if available.

   I don't know

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   I don't know

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Household use: Later sprinkling.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1905

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 20 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Later sprinkling and gardens

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Head pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1905

8. The depth of water table
   25 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Rock casing and wooden planking

10. The estimated amount of groundwater withdrawn each year
    not in use at present

11. The log of formations encountered in the drilling of each well if available
    gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    no county record

Signature of Owner

Date: December 27th, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chap. 237 Mont. Session Laws, 1961)

1. COUNTY: FLATHEAD

2. NAME OF APPLICANT:

3. ADDRESS:

4. TOWN:

5. STATE:

6. Have appropriated groundwater according to Montana laws in effect prior to Jan. 1, 1962, as follows:

2. The beneficial use on which the claim is based:

Irrigation-Sprinkling-Gravely Grounds.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:

June 15, 1960 Seasonal used through September.

4. The amount of groundwater claimed (in inches or gallons per minute) 150 gallons per minute.

5. If used for irrigation, give areage and description of the lands to which water has been applied, and name of the owner thereof. 14.65 acres total benefited property.

Approximately 2 acres (9) maintaining 2 rows.

Woodland Cemetery.

6. The means of withdrawing such water from the ground and location of each well or other means of withdrawal:

Electrical pump. 

7. Date of commencement and completion of construction of well, wells, or other works for withdrawal of groundwater:

8. Depth of water table 125' to 135', 135' to 145', 210' to 220'.

9. As it may be available, type, size, depth of each well or general specification of any other works for withdrawal of groundwater. 7.00 feet. 3.00 feet per foot.

From 0' to 222' (one well).

10. Estimated amount of groundwater withdrawn each year 60 days @ 1,000 gal. = 2,880,000 gal.

11. The log of formations encountered in drilling each well (if available):

AQUIFER

12. Other information useful in carrying out policy of this act, including Book & Page of any county record:

Signature: George A. Rustc

Date: April 21, 1962
