2. The beneficial use on which the claim is based
Home use and irrigation
3. Date or approximate date of earliest beneficial use; and how continuous the use has been March 1891
Continuously
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1.5 gal per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
1 1/2 acres of garden and lawn
Self-owned
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
Automatic Electric Pressure
System
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Installed Automatic Electric Pressure System in 1943 when R.E.A. brought Electricity to house. Pressure Unit was used prior to 1943
8. The depth of water table 22 feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
depth is 22 feet with 14 feet of 14 inch sewer tile and 8 feet for under ground wellhouse
10. The estimated amount of groundwater withdrawn each year 1,000,000 gal
11. The log of formations encountered in the drilling of each well if available
14 inches topsoil 16 inches subsoil with
bed gravel
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Michael Berni

Date Dec 20 63
