STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Michael Bowers
   (Name of Appropriator)
   Route 18
   Columbus Falls
   (Address)
   (Town)
   County of
   State of Montana
   (City)

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>N</th>
<th>W</th>
<th>E</th>
<th>S</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2. The beneficial use on which the claim is based:
   Artesian and Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   March 1971
   Continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute) per foot per minute:

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   [Signature]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   [Signature]

7. The date of commencement and completion of the construction of the well, wall, or other works for withdrawal of groundwater:
   [Signature]
   [Date]

8. The depth of water table:
   20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   [Signature]

10. The estimated amount of groundwater withdrawn each year:
    [Signature]
    [Date]

11. The log of formations encountered in the drilling of each well if available:
    [Signature]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    [Signature]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 23, Montana Session Laws, 1961)

ROBERT C. FRIEMLI, Route 1, Columbia Falls

County of FLATHEAD State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: ROBERT C. FRIEMLI

2. The beneficial use on which the claim is based: HOUSEHOLD, LIVESTOCK, FIRE PROTECTION, IRRIGATION, GARDEN.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been (WELL #1) prior to 1900 in use; (WELL #2) 1955 to present.

4. The amount of groundwater claimed (in cubic inches or gallons per minute): 150 GALLONS PER MINUTE EACH WELL.

5. If used for irrigation, give theacreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: ELECTRIC PUMPS - WELL #1 - 15 HP, ENOUGH WATER TO HANDLE 4 PUMPS.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   WELL #1 - 1899
   WELL #2 - 1955

8. The depth of water table: 10 FT.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   WELL #1 - 30' CONCRETE, 12 FT. DEEP
   WELL #2 - 36' CONCRETE, 12 FT. DEEP

10. The estimated amount of groundwater withdrawn each year: 200,000 GALLONS

11. The log of formations encountered in the drilling of each well if available: GRANITE FORMATION

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Robert C. Frieimi  
   Signature of Owner
   Date: Dec 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Administrator.

### WELL LOG REPORT

State law requires that this form be filed by the water well driller or any water well completed by June 1, 1971 within sixty (60) days after completion of the well.

1. **WELL OWNER:**
   - Name: Donald A. Nash
   - Address: Route 1, Columbia Falls, MT 59912

2. **WELL LOCATION:**
   - County: Flathead
   - Section, Township, Range: sec. 15, twp. 20, ran. 21
   - Description: West Line NE 1/4, Sec. 13, Twp. 30 N, Rg. 21 W4

3. **PROPOSED USE:**
   - Domestic
   - Stock
   - Municipal
   - Industrial
   - Lawn and Garden
   - Irrigation
   - Other (specify)

4. **METHOD DRILLED:**
   - Cable Bored
   - Forward Rotary
   - Reverse Rotary
   - Jetted
   - Other (specify)

5. **WELL CONSTRUCTION:**
   - Diameter of hole: 6 inches
   - Depth, ft.: 195 ft.
   - Casing: Steel
   - Plastic
   - Concrete
   - Threaded
   - Welded
   - Other (specify)
   - Pipe Weight/Dia.: From: 1 lb/ft. 2 inches; To: 1 lb/ft. 6 inches
   - Was perforated pipe used? Yes
   - Length of pipe perforated: 1 foot
   - Was casing left open end? Yes
   - Was a well screen installed? Yes
   - Material: Dia.: inches
   - Perforation type: slots
   - Size set from feet to feet
   - Was a packer or seal used? Yes
   - Well type: Straight screen
   - Graveled
   - Well head completion: 12" above grade
   - Other (specify)
   - Was the well grouted? Yes
   - To what depth? feet
   - Material used in grouting: Pittsfield adapter
   - Other (specify)
   - Was the well disinfected? Yes
   - Water Level: Static water level 60 ft. below land surface
   - If flowing: closed-in pressure
   - GPM flow: through inch pipe
   - Controlled by: Valve
   -Reducers
   - Other (specify)

6. **WATER LEVEL:**
   - Static water level: 60 ft. below land surface
   - If flowing: closed-in pressure
   - GPM flow: through inch pipe
   - Controlled by: Valve
   - reducers
   - Other (specify)

7. **WELL TEST DATA:**
   - Pump: Bailier
   - Other (specify)
   - Pumping level below land surface: 180 ft. after 4 hrs. pumping 60 gpm
   - ft. after hrs. pumping gpm

8. **WELL LOG:**
   - Depth (ft.):
     - From: 10
     - To: 195
   - Old Well: 184
   - New Well: 195
   - Formation:
     - Cemented Gravel (Water)

9. **DATE STARTED:**
   - 16 June 1974

10. **DATE COMPLETED:**
    - 19 June 1974

11. **WAS WELL PLUGGED OR ABANDONED?**
    - Yes

12. **DRAILER'S CERTIFICATION:**
    - Driller's or Firm Name: Billinsky & Associates
    - Address: 1338 Third Avenue East, Kalispell, MT 59901
    - License No.: 2197
    - Date: 6/10/75

*Signed by*

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(under Chapter 237, Montana Session Laws, 1961)

— State Engineer

Matthew J. Lajah, Rosalind J. Lajah, St. #1B Columbia Falls, Montana
(Name of Appropriator) (Address) (Town)

County of Flathead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   Irrigation & culinary

3. Date or approximate date of earliest beneficial use; and how continuous the use has been, prior to 1940

4. The amount of groundwater claimed (in miner's inches or gallons per minute), between 75 & 100, galls any unity

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   Land or truck farm land

   Irrigation system

   Water from pump

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

   Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

   Unknown

8. The depth of water table

   30 feet, approximately

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

   3/4 inch in diameter, 3' casing

   Approximately 30 feet deep

10. The estimated amount of groundwater withdrawn each year

   800,000 gallons

11. The log of formations encountered in the drilling of each well if available

   None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner

   Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): __________________________

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof ____________________________________________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal __________________________

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater __________________________

8. The depth of water table __________________________

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater __________________________

10. The estimated amount of groundwater withdrawn each year __________________________

11. The log of formations encountered in the drilling of each well if available __________________________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner __________________________
Date __________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

STATE OF MONTANA  
ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER  

Notice of Completion of Groundwater Appropriation  
Without Well  
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater...September 10, 1967
Owner...William F. Bennett  
Address...
Contractor (if any)...Arland Parlow
Address of Contractor...Kalispell, Montana

Date Started...June 26, 1967  
Date Completed...September 10, 1967

Describe means of obtaining groundwater without a well "as by
subirrigation and other natural processes". Include depth to
to water when applicable.

Excavation of water hole #11 to

water level...

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

Irrigation for three months of summer

Signature of Owner...William F. Bennett  
Date...3-18-67

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.
STATE OF MONTANA  
COUNTY OF FLARHEAD  

Filed on the  5th day of May 
A.D. 1930  at  9:30 Clock AM 

By  ____________

County Clerk and Recorder  

By  ____________

Deputy
# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

## 1. Arthur R. Harlow and Esther E. Harlow of Box 713 Whitefish, Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Water for livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1900 Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Drawn by electric force type pump; location approximately 300 feet from highway

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown

8. The depth of water table: 30 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, 8" casing 30 feet deep

10. The estimated amount of groundwater withdrawn each year: 5000 gallons

11. The log of formations encountered in the drilling of each well if available: None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Signature of Owner: [Signature]

Date: December 30, 1983
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 1, 1968

Owner: Leonard Motichka
Columbia Falls

Contractor (if any)_________________________________________________________

Address of Contractor____________________________________________________

Date Started: May 1, 1968; Date Completed: May 30, 1968

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Irrigation Pit:
Top dimensions: 100' x 100'
Bottom dimensions: 6' x 20' Side slope 2:1
Depth of Water: 8'

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

1500 gpm used with pump and pipeline

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Leonard Motichka

   House or livestock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been November 15, 1954
   Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   3,000 GPH 70 GPM

5. If used for irrigation, give acreage and description of the lands to which water has been applied and name of the owner thereof not applicable

6. The means of withdrawing such water from the ground and location of each well or other means of withdrawal
   Pump

7. Date of commencement & completion of construction of well, wells, or other works for withdrawal of groundwater
   1954 Compe read

8. Depth Of Water Table
   Static water level 52'

9. As it may be available, type, size, depth of each well or general specification of any other works for withdrawal of groundwater
   6' Drill

10. Estimated amount of groundwater withdrawn each year
    3,541,600

11. The log of formations encountered in drilling each well (if available)
    02 25' gravel 1 sand 25' gravel 51' 72' to 137'

12. Other information useful in carrying out policy of this act, including Book & Page
    of any county record

Signature: Leonard Mettke
(Owner)
Date: June 18, 1963

2 copies to be filed by owner with clerk & recorder in county where well is located. Please answer all questions. If not applicable, so state.

Original to Co. Clerk & Recorder; Duplicate to State Engineer; TriPLICATE to School of Mines and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: John Doe
Address: 123 Main St, Bozeman, MT
Date of Notice of Appropriation of Groundwater: July 1, 1969
Date well started: June 30, 1969
Type of well: P Merkel
Water Use: Domestic

Notice: Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 6 feet
Shut-in Pressure for Flowing Well: 10 feet
Pumping Water Level: 7.0 feet at 8 gal per minute
Discharge in gal per min. of flowing well: 10
How Tested: Riser
Length of Test: 2 hrs

Remarks: Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation.

Driller's License Number
Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

Raymond L. Barnes of Pt. # 1 B Columbia Falls
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Watering of Stock

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:
   Since 1953 and continuously daily

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) 2 feet deep and 15 feet radius of a watering hole about 45 feet in diameter and 10 feet deep: 500 gallons a day.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Watering stock

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Started and completed in 1953

8. The depth of water table: 2 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   A watering hole for stock about 45 feet in diameter and 10 feet deep.

10. The estimated amount of groundwater withdrawn each year: 182,500 gallons

11. The log of formations encountered in the drilling of each well if available:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

[Name of Appropriator] of [Address] in the Town of [Name of Town], County of [Name of County], State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation and watering of stock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Spring of 1957 and continuous daily use since.

4. The amount of groundwater claimed, in miner's inches or gallons per minute: 2 sec. gal. per hour.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Forty Acres NW1/2 SE1/4 of Section 16, T30 N., R. 21 W. of the 4th P.M. in the Flathead Valley, Montana.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Withdrawing water from stream by electric pump and dam.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Spring of 1957, dam was constructed across stream and pump installed.

8. The depth of water table: Dam is 8 feet high and about 25 feet across and the pond created thereby is about 350 feet long.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: See 8 above.

10. The estimated amount of groundwater withdrawn each year: 500,000 gal.

11. The log of formations encountered in the drilling of each well if available: not pertinent.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: See above.
