Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: John C. Nelson
Address: Address to be filled in.
Driller: Address: Col. Harlan Smoot

Date of Notice of Appropriation of Groundwater: June 23, 1969
Date well started: July 3, 1969
Date well completed: July 28, 1969

Type of well: Drilled
Equipment Used: None.

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing well... 70 feet.

Shut-in Pressure for flowing well... 700 psi.

Pumping Water Level... 120 feet at 10 gal per minute.

Discharge in gal per min. of flowing well... 20 gal per minute.

How Tested: None

Length of Test: 3 hrs.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Date of Appropriation of Groundwater

Owner: R. Berger  Address: Whitehall, Mont.

Contractor (if any)  

Address of Contractor

Date Started  Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Water is in a spring which I have dug to about six feet deep.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Signature of Owner: R. Berger

Date: April 17, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

County of Flathead, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.
   Domestic and Irrigation

2. Date or approximate date of earliest beneficial use; and how continuous the use has been...October 18th, 1954.
   of a continuous nature.

3. The amount of groundwater claimed (in miner's inches or gallons per minute)....seven (7) gallons per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   One (1) acre on the south end of the WSE 1/2 SE 1/4, T. 31 N., R. 21 W.
   owned by Russell T. Jackson.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   pump on property described in answer # 5.

6. The depth of water table.
   96 feet at contact + rose to 88 feet in pipe.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   Date of commencement was Oct 13th, 1954.
   Date of completion was October 18th, 1954.

8. The depth of water table.
   96 feet at contact + rose to 88 feet in pipe.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   Drilled well with 6 5/8" O.D. 20 lbs. per foot casing, 98 feet deep.
   Fairbanks-Morse Jet pump.

10. The estimated amount of groundwater withdrawn each year.
    No information available.

11. The log of formations encountered in the drilling of each well if available.
    0 to 86 feet = Gray hard sand
    86 to 96 feet = Blue-clay with gravel
    96 to 98 feet = Hard-packed gravel + mud aquifer

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Robert E. Patterson having first been duly sworn, deposes and says that he is of lawful age and is the appropriator and claimant of the order and water right mentioned in the foregoing notice of completion of groundwater appropriation by means of well and the person whose name is subscribed thereto, as the appropriator and claimant, that he knows the contents of said foregoing notice and that the matters and things therein stated are true.

Subscribed and sworn to before me, this 23rd day of December, 1963.

Mr. Robert L. Fletcher
Attorney-at-Law

Dear Mr. Fletcher:

This is in response to your letter concerning your client Robert E. Patterson who filed a Notice of Completion of Groundwater Appropriation Without Well (GW-3 Form) and a Declaration of Vested Groundwater Rights (GW-4 Form) in December of 1963.

Apparently the appropriation forms filed in 1963 had incorrect locations of the property and points of diversion, as recently discovered by Mr. Patterson. This Department does not have any clear cut procedures to follow in such a case. We do not see any need for Mr. Patterson to refile since that would merely clutter-up the records. We would suggest that the correction be made by affidavit or another appropriate means and have it attached to the original in the courthouse. The Department would also like a copy to attach to our form.

If we can be of further assistance, please feel free to contact us at any time.

Sincerely,

Ronald J. Guse

I, ROBERT E. PATTERSON, being first duly sworn on oath, depose and say:

1. That I am the same Robert E. Patterson who filed with the Clerk and Recorder of Flathead County, Montana, on the 30th day of December, 1963, at 8:40 o'clock a.m., a Declaration of Vested Groundwater Rights, a copy of which is attached hereto and by this reference made a part hereof.

2. That the map which appears on said Declaration of Vested Groundwater Rights incorrectly designates the point of appropriation and place of use and that the correct point of appropriation and place of use is indicated by the correction marked in red over the original map on the attached copy of the Declaration of Groundwater Rights.

3. That it is my desire as far as possible that the records of the County of Flathead, State of Montana, with regard to the aforesaid Declaration of Groundwater Rights be corrected to show the proper appropriation and place of use as shown by the corrected Declaration attached hereto.

Subscribed and sworn to before me this 40th day of February, 1974.
