STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(Name of Appropriator) (Address) (Town)
County of __________________ State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. [Diagram]

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1900 and continued

4. The amount of groundwater claimed (in miner's inches or gallons per minute): approximately

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:
Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation: 8/16/67
Owner: J.M. Galvin
Address: 1 Box 281, Whitefish, Montana
Contractor (if any): 
Address of Contractor: 
Date Started: 8/16/67 Date Completed: 8/16/67

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. natural spring

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

For house and stock, was 1/2 approximately half full
approximately 40%. From the north norh west corner of the
South half of the northeast quarter of Section 36, T.21N., R.66 W.

Signature of Owner: ____________________________
Date: 8/17/67

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(Name of Appropriator) (Address)
County of: State of: Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1.  The beneficial use on which the claim is based:

   gallons or liters per minute

2.  Date or approximate date of earliest beneficial use; and how continuous the use has been:

   1960 and later

3.  The amount of groundwater claimed (in miner's inches or gallons per minute):

   13 - 15 gallons per minute

4.  If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   Small garden or lawn

5.  The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

6.  The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   1960

7.  The depth of water table:

   20 ft

8.  So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   Deep bore drilled

9.  The estimated amount of groundwater withdrawn each year:

   2,356,000 gallons

10. The log of formations encountered in the drilling of each well if available:

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 6/15/1961

Owner: James A. Fischer
Address: Box 192, Clive, MT

Contractor (if any)
Address of Contractor

Date Started: May 14, 1961, Date Completed: June 15, 1961

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. A spring that flows to the surface; the water is transported by gravity pipes to a holding tank. A pump installed in the tank

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use

Run tests 3 to 6 gal per hour, depending on time of year

Signature of Owner: James A. Fischer
Date: 6/15/61

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state. Otherwise, the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

have appropriated groundwater according to Montana laws in effect prior to Jan. 1, 1962

2. The beneficial use on which the claim is based

Domestic, household, irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

April 15, 1957

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

25 gallons per minute

5. If used for irrigation, give acreage and description of the lands to which water has been applied and name of the owner thereof:

5 acres of lawns, gardens, fruit trees and flower beds

6. The means of withdrawing such water from the ground and location of each well or other means of withdrawal:

Submerged electric pressure pump - 4 inch pipe

7. Date of commencement & completion of construction of well, wells, or other works for withdrawal of groundwater:

Commenced drilling well April 1, 1957

Completed construction April 15, 1957

8. Depth Of Water Table

Varies From 60 ft. to 70 ft.

9. As it may be available, type, size, depth of each well or general specification of any other works for withdrawal of groundwater:

4 inch steel pipe sunk 80 ft.

10. Estimated amount of groundwater withdrawn each year:

Summer 270,000 Gallons
Winter 144,000 Gallons
Total: 414,000 Gallons

11. The log of formations encountered in drilling each well (if available)

Not available

12. Other information useful in carrying out policy of this act, including Book & Page of any county record

Signature Whitney Smith (owner)
Date Sept. 6, 1962

3 copies to be filed by owner with clerk & recorder in county where well is located. Please answer all questions. If not applicable, so state.

Original to Co. Clerk & Recorder; Duplicate to State Engineer; Triplicate to School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Mary Florence Squires of Whitefish
(Name of Appropriator) (Address) (Town)
County of Flathead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

The following information is for Well No. 1

2. The beneficial use on which the claim is based: domestic use only.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
1938 - used continuously since then

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gals./min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
Electric shallow well pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Constructed within a few days in 1938.

8. The depth of water table: About 10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: The well was drilled to a depth of 60 feet.

10. The estimated amount of groundwater withdrawn each year: 50,000 gallons.

11. The log of formations encountered in the drilling of each well if available:
No log kept and information not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
No record ever made of Well.

SEE REVERSE SIDE for Wells 2 and 3.

Signature of Owner

Date: 6/30/1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Well No. 2: Mary Florence Squires is the appropriation of Well No. 2 whose address is same as above. The well is a dug well about 12 feet deep. The water table fluctuates between 10 and 12 feet. This is used for domestic purposes only and is operated by a hand pump. 5 Gallons per minute is appropriated. The estimated amount of water used each year is 25,000 gals. This well was dug about 1925. No log was kept at the time of the digging of the well, so this information is unavailable.

Well No. 3: The appropriation of this well is Mary Florence Squires whose address is as above stated. This well is a dug well 14 feet deep with a water table that fluctuates between 10 and 13 feet. It is used for domestic purposes and for the purpose of irrigating a small garden spot in the 8½ of Sec. 5, Twp. 1 N. A. 22 W., M.P.M., which belongs to Mary Florence Squires. 10 gals. per minute is appropriated and the total amount used per year is not to exceed 50,000 gals. This well is cased up to a 24 inch well and is operated by an electric shallow well pump. This well was dug about 1925.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1957
Owner: Norman Penwell &
Address: Missoula, Montana

Date Started Date Completed

Contractor (if any) Address of Contractor

Date Started Date Completed

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable by a reservoir for storage and by a 2" inch water line installed by sub-irrigation.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use (gallons per month for main house and yard; gallons per month for Pelton Wheel DC Generator for a total of 720,000 gallons per month). Amount based on capacity of reservoir, pipe line and average used or family, pump and capacity of pump and needs of generator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 6, 1971

Owner: Tyee Plaza, Ltd. Address: Box 4444, Whitefish, Mt.

Contractor (if any) Self, Box 4444, Whitefish, Mt.

Address of Contractor 4444, Whitefish, Mt.

Date Started: July 5, 1971 Date Completed: Oct. 15, 1971

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Five springs in the SW 1/4, Section 12, T. 31 N., R. 22 W. were developed by digging
a 100 foot ditch running east and west
5 feet deep. A 4 inch drain tile was
laid in the ditch and bedded with river
rock. The water thus collected was led
to an 8 foot manhole for collection and
then to a holding station.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use full time
use ranging from 10 to 60 gallons per minute.

SW 1/4 Sec. 12 T. 31 N. R. 22 W
Indicate point of appropriation
and place of use, if possible.
