Notice of Completion of Groundwater Appropriation

Without Well:

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Oct 1957

Owner: Agnes E. O'Hara

Address: Montana

Contractor (if any): None

Subject of Periodic Improvement:

Describe means of obtaining groundwater without a well "as by subterranean and other natural processes". Include depth to water when applicable.

Spring No. 1 is Flowing Spring

Spring No. 2 is Flowing Spring. May require pumping in dry seasons.

Indicate point of appropriation and place of use, if possible:

Spring No. 1

Varies. 15 gal. to 5 gal. per minute.

Spring No. 2

Varies 25 gal. to 4 gal. per minute.

Signature of Owner:

Date: Dec 26 1963

This form to be prepared by contractor if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and to Appropriate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: F. L. Zimmer
Address: Olney
Driller: Thomas McClary
Address: 

Date of Notice of Appropriation of Groundwater:

Date well started: Jan 1, 1967
Date Completed: Jan 12, 1967

Type of Well: Drilled
Equipment Used: 21 h.p.-engine

Well Location:

Type of Use: Domestic [x] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

Indicate on the drawing the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

<table>

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Hugo Schmoy
Address: Olnsey, Mont.

Date of Notice of Appropriation of Groundwater: October 14, 1968
Date Well Started: October 14, 1968
Date Completed: October 15, 1968

Type of Well: Drilled
Equipment Used: Churn, drill, rotary or other

Water Use: Domestic X Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing Well: 24 feet

Shut-in Pressure for Flowing Well

Pumping Water Level: 26 feet at 30 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested: 94.4 gal. for 1 hour

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Driller's License Number

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the appropriator.
## Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

**Name of Appropriator:** Elle Cours  
**Address:**  
**County:** Powder  
**State:** Montana

I, Elle Cours, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **The beneficial use on which the claim is based:** Household

2. **The date or approximate date of earliest beneficial use:**  
   - Date: Aug 1, 1958  
   - Continuous to date.

3. **The amount of groundwater claimed (in miner's inches or gallons per minute):** None

4. **If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:** None

5. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:** Elle's Pump

6. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:**  
   - Date of commencement:  
   - Date of completion: Sept 10

7. **The depth of water table:** 30 feet

8. **So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:**  
   - Type: 
   - Size: 
   - Depth: 

9. **The estimated amount of groundwater withdrawn each year:** 100,000 gallons

10. **The log of formations encountered in the drilling of each well if available:** Not available

11. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:**

**Signature of Owner:** Elle Cours  
**Date:** Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the amount of water used:

7. The date of commencement and completion of the construction of the well or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.
STATE OF MONTANA.
COUNTY OF FLATHEAD.

Filing on the 23 day of Dec.,
A.D. 1963, at 12 o'clock E.M.

By ———
County Clerk and Recorder

Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Oscar L. Holm  of  Choteau
   (Name of Appropriator)  (Address)  (Town)

County of Flathead  State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Joe C. Dickinson and Bessie E. Dickinson, Box 34, Olney

County of Flathead, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based for general household and small livestock use.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: Well A - 7 years continuous use; Well B - 8 years continuous use.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) very limited amount - probably not more than 250 gallons a day from each well.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not used for irrigation.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Well 1 - 1/4 horse motor and pressure pump; Well 2 - same as for A.

6. The depth of water table: Well A - 9 feet; Well B - 16 feet.

7. The estimated amount of groundwater withdrawn each year less than 250 gallons a well per day.

8. The log of formations encountered in the drilling of each well if available: none available.

9. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Appropriators deed recorded book 459, page 496.

Signature of owner: Joe C. Dickinson
Signature of Owner: Bessie E. Dickinson

County Clerk and Recorder

By               Deputy
Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: State Bond Company, PO Box 127, Polson, Mont.

Driller: Homer McCloud, Address: 1580 Lake Ave, Polson, Mont.

Date of Notice of Appropriation of Groundwater: January 1, 1962

Date Well Started: January 1, 1962

Type of Well: Drilled

Equipment Used: 21 H. B. Auger

(dug, driven, bored or drilled)

(Churn, drill, rotary or other)

Water Use: Domestic ☐ Municipal ☐ Stock ☐ Irrigation ☐

Industrial ☐ Drainage ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

The beneficial use on which the claim is based. Personal
consumption and watering stock.

3. Date or approximate date of earliest beneficial use; and how con-
tinuous the use has been. Steadily since 1960.

4. The amount of groundwater claimed (in miner's inches or gallons
per minute) 15 c.f.s. per minute.

5. If used for irrigation, give the acreage and description of the lands
to which water has been applied and name of the owner thereof.
None.

6. The means of withdrawing such water from the ground and the
location of each well or other means of withdrawal.
Submersible deep well jet pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
drawal of groundwater. Unknown.

8. The depth of water table. 75 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
works for the withdrawal of groundwater. 225 ft. depth, Driven well, 6" casing with
submersible jet pump.

10. The estimated amount of groundwater withdrawn each year. 570,000 to 600,000 c.f.s.

11. The log of formations encountered in the drilling of each well if available. Unknown.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
reference to book and page of any county record. None.
