County of [ ]
State of [ ]

[ ] have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:

2. Date or approximate date of earliest beneficial use, and how continuous the use has been:

3. The amount of groundwater claimed (in miner’s inches or gallons per minute):

4. If used for irrigation, the acreage and description of the lands to which water has been applied and the name of the owner thereof:

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

7. The depth of water table:

8. The type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

9. The estimated amount of groundwater withdrawn each year:

10. The log of formations encountered in the drilling of each well if available:

11. Such other information of a similar nature as may be useful, including reference to book and page of any county record:

Signature of Owner:

Date: 12-31-63

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Kyd Cattle Co. of Three Forks
   (Name of Appropriator) (Address) (Town)

   County of Gallatin State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based—Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1958

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 25 Gallons per Minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   ELECTRIC PUMP

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1960

8. The depth of water table: 20'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   Depth 120'

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

   Van Dyke

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner:
   Date: Dec 31, 1968

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

- household domestic use
- watering livestock
- irrigating lawn

3. Date of earliest beneficial use:

- 1920
- improved
- irrigation lawn
- May–October each year

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

- 400 gallons per hour

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

- approximately 1/10 of an acre

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

- 5-inch steel casing, piped into house, outside faucet and metal tanks
- 4-inch excavator electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

- well drilled in 1920 and operated until 1946 with hand pump
- 1945
- installed with 5-inch steel casing
- tank of 1000 gallons capacity
- 1946 by installation of piping into house, outside faucet and 1 metal tank
- installed with 5-inch steel casing
- tank of 1000 gallons capacity
- 1946
- substitution of electric pump for hand pump

8. The depth of water table:

- approximately 20 feet

9. So far as may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

- 5-inch steel casing, well, approximately 50 feet deep, drilled in 1920 and operated until 1946 with hand pump
- improved in 1945
- tank and 1000 gallons capacity
- tank and 1000 gallons capacity
- substitution of electric pump for former hand pump

10. The estimated amount of groundwater withdrawn each year:

- watering livestock 60,000 gallons
- household domestic use
- irrigation lawn 300 gallons daily

11. The log of formations encountered in the drilling of such well:

- sandstone

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

1. The beneficial use on which the claim is based; Well #1, stockwater; Well #2, house-
hold & domestic use; Well #3, stockwater; Well #4, household; domestic use, stockwater;

2. The date or approximate date of earliest beneficial use; and how continuous the use has been. Well #1, 1904, daily each year; Well #2, 1905, daily each year; Well #3, occasional use each year; Well #4, 1919, occasional use each year;

3. The amount of groundwater claimed (in miner's inches or gallons per minute). Well #1, 20 gallons per minute, 400 gallons daily each year; Well #2, 400 gallons daily each year; Well #3, 220 gallons daily each year, Well #4, occasional;

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Well #1, approximately 1 acre; Well #2, approximately 1 acre; Well #3, no irrigation; Well #4, no irrigation;

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Well #1, 50 feet deep, cased with 5/8 steel casing, water electric pump, well building, outside hydrant with hose of tank; 100 gallon tank; Well #2, 400 feet deep, cased with 15 feet deep, bucket and rope; Well #3, electric motor, 100 foot deep, water electric pump, well building, outside hydrant with hose of tank; Well #4, dug well, cased with barrels, 15 feet deep;

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well #1, 1904; Well #2, 1905; Well #3, 1900; Well #4, 1919;

7. The formation encountered in the drilling of each well if available. Well #1, top soil, clay and gravel; Well #2, top soil, clay and gravel; Well #3, top soil, clay and gravel; Well #4, top soil, clay and gravel;

8. The estimated amount of groundwater withdrawn each year. Well #1, 400 gallons daily each year; Well #2, occasional use; Well #3, occasional use; Well #4, occasional use;

9. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date, December 14, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

**Declaration of Vested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

1. **Don H. Williams**, of Three Forks, Montana
   
   (Name of Appropriator) (Address)

   County of Gallatin State of Montana
   
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   ![Groundwater Chart]

   2. The beneficial use on which the claim is based: Sec. 27 well, household and stock water. Sec. 26 well, stock water exclusively.

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Well in Sec. 27, prior to 1895, well in Sec. 26, May 19, 1943.

   4. The amount of groundwater claimed (in miner’s inches or gallons per minute): Well in Sec. 27, about 5 gal. per minute. Well in Sec. 26, about 5 gal. per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Irrigate lawn at house in Sec. 27 only.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump in Sec. 27, Deep well pump with jack in Sec. 26.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well in Sec. 27, completed before 1895. Well in Sec. 26, completed May 19, 1943, commenced about April 15, 1941.

   8. The depth of water table: Sec. 27, about 92 feet; in Sec. 26, about 550 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Sec. 27, 4 inch casing; Sec. 26, 4 inch casing.

   10. The estimated amount of groundwater withdrawn each year: Sec. 27, about 576,000 gal. per year.

   11. The log of formations encountered in the drilling of each well if available: No log available for either well.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

JAMES D. WILLIAMS, of 404 N. Third, Bozeman
County of Gallatin State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: APPROXIMATELY 1920 CONTINUOUS USE.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 GPM.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump at building site.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: NOT AVAILABLE.

8. The depth of water table: 48' Well Depth 36' Top Water Level.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: DRILLED AND Cased.

10. The estimated amount of groundwater withdrawn each year: 20,000 Gallons.

11. The log of formations encountered in the drilling of each well if available: NOT AVAILABLE.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Static water level ___23____ ft."
Pumping water level ___60____ ft."
at ___80____ gallons per minute,
measured _______ minutes after pumping began.

*Measured from ground level.
Well developed by _______cable tool________
for _______6______ hours.
Power: _______ Pump: _______ HP
Remarks: (Gravel packing, cementing, packers, type of shut-off) _______cemented from 0 - 2 feet________

INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE.
EACH SMALL SQUARE REPRESENTS 40 ACRES.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Leta M. Tommisa of Rt 1 Box 365 Manhattan, Montana
   (Name of Appropriator) (Address) (Town)
   County of _______ State of _______
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: ____________________________
   livestock and domestic ____________________________

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   South well 1940 Continuous
   North well 1942

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   South well 5 gallons per minute
   North well 3 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   South well, irrigates garden and lawn adjacent to North well—For livestock only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   South well, has jet pump pressure system with electric power
   North well has regular 3 1/2 inch cylindrical hand pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   South well 1940
   North well 1942

8. The depth of water table: 4 to 16 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   South well, has 6 inch casing 22 feet deep—drilled
   North well, was dug and cased with 1 1/2 inch tile

10. The estimated amount of groundwater withdrawn each year: Not known

11. The log of formations encountered in the drilling of each well if available:
    Clay and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner Leta M. Tommisa
   Date Dec 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, Duplicate to the State Engineer, Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner's Name: Address: Section, Township, Range, County, State

Driller's Name: Address: Section, Township, Range, County, State

Date of Notice of appropriation of groundwater

Date well started:

Type of well: Equipment used: (Auger, Drilled, bored or drilled) (Cann drill, rotary or other)

Water use: Domestic: Stock: Irrigation: Industrial: Drainage: Other:

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well 26 feet

Shut-in Pressure for Flowing Well

Pumping Water Level: 140 feet

Discharge in gal. per min. of flowing well

How Tested: Amended

Length of Test: 2 hours

Remarks: (Gravel packing, cementing, packers, type of shut-off)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, these copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
