For: 2.00
We, DONALD W. STAFFORD and DOROTHY E. STAFFORD, of Box 21, Clyde Park, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: **domestic and garden use**

3. Date or approximate date of earliest beneficial use: October 30, 1961

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 16 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1/2 acre

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: by a pipe

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commencement October 1, 1961, completion October 30, 1961

8. The depth of water table: **to surface**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A pipe was placed at Stafford spring which conducts the flow of water to the residence property of claimants

10. The estimated amount of groundwater withdrawn each year: 8 gallons per minute for 4 hours per day per year

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: [Signature]

Date: May 23, 1969

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder: Duplicate to the State Engineer: Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate

(Under Chapter 287, Montana Session Laws, 1961)

1. UNITED STATES OF AMERICA or WASHINGTON 25, D. C.
   County of Gallatin
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Watering Range Stock (Skunk Creek)

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Developed in 1939. Used prior to this in undeveloped stage.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute):
   Unknown

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Natural Flow

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Not applicable

8. The depth of water table:
   Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Not applicable

10. The estimated amount of groundwater withdrawn each year:
    Unknown

11. The log of formations encountered in the drilling of each well if available:
    Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    None

Notice of Completion of Groundwater Appropriation by Means of Well
(Under: Chapter 227, Montana Session Laws, 1961)

Owner: John Montag
Address: 820 Main St., Bozeman, Mont.

Date of Notice of Appropriation of Groundwater: May 16, 1962
Date well started: May 1, 1962
Date completed: May 19, 1962

Type of well: (dug, driven, bored or churned, drill, rotary or drilled)
Equipment Used: ______

Water Use: Domestic [X] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Notice of Completion of Groundwater Appropriation

Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 23, 1962

Owner: Jones, Dean M., Address: 509 S. Elm, Colville, Wash.

Contractor (if any): none

Address of Contractor

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Spring

Runs about 1800 gallons per hour

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

In use for stock water for past 30 years, grazed a part of each year. Home to be built at a later date, then will be developed for domestic use.

Signature of Owner:

Date: July 23, 1962

This form to be prepared by contractor if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; quadruplicate for the Appraiser.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1925
Owner: James Johnson
Address: P.O. Box 32

Contractor (if any): 
Address of Contractor: 
Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Signature of Owner: 
Date: June 7, 1962

This form to be prepared by contractor if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1962
Owner: James B. Peterson, Address: Willow Creek, Mont.
Contractor (if any): None
Address of Contractor
Date Started: 1962, Date Completed: 1962

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Large pits called up and covered to collect water and a pipe (gravity flow) used to withdraw water and also a hand pump, six (6) feet to water.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Each spring runs about three (3) gallons per minute. Stock water furnishes enough to water 20 head of cattle during summer. For household use about 150 gallons per day. Both springs in continuous use.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Thomas E. Lane of Three Forks

County of Gallatin State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: 2 wells for stock water

3. Date or approximate date of earliest beneficial use and how continuous the use has been: Continuous for over 40 years

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 gallons per minute each

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

Property is owned by Thomas E. Lane and Robert D. Lane

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

The location of the wells are situated as indicated on the diagram on the left.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

Several years old

8. The depth of water table:

1 well - 70 feet

1 well - 120 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

Casing 2 galvanized inner pipe

1 well - 30 feet deep

1 well - 140 feet deep

10. The estimated amount of groundwater withdrawn each year:

1,000,000 gallons each

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Thomas E. Lane, one of the owners, makes this declaration on behalf of and as an appurtenance to the property above described and on behalf of the owners, Thomas E. Lane and Robert D. Lane.

Signature of Owner

Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder: Duplicate to the State Engineer: Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 207, Montana Session Laws, 1961)

J.L. KILGORE
of RFD Three Forks
County of Gallatin
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

BEFORE 1940

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

10 G.P.M.

5. If used for irrigation, give theacreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Gas Motor, Pump Jack

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

100'

9. So far as it may be available the type, size and depth of each well or the general specifications of any other work for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

100,000 Gals

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

DEPUTY
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Berrien P. Anderson, Jr., 405 West Cleveland, Bozeman
   (Name of Appropriator) (Address) (Town)
   County of Gallatin State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: **domestic water**

   3. Date or approximate date of earliest beneficial use: prior to 1960, continuous use since 1960.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 25 gal. per minute, estimated.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not applicable

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: **pump**

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: date of completion unknown, but prior to 1960.

   8. The depth of water table: **50 feet estimated**

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: estimate depth, 100 feet

   10. The estimated amount of groundwater withdrawn each year: estimate 100,000 gal.

   11. The log of formations encountered in the drilling of each well if available: **Not available**

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

   Signature of Owner: ____________________________
   Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and unduplicate for the Appropriator.
