JAN 16 1964

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Margaret R. Haigh of Box 293 Three Forks
(Name of Appropriator) (Address) (Town)
County of Gallatin State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Lot 11, Block 4, Buttelman Addition to Three Forks

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. Drilled well 5" casing 10' cylinder hand pump

2. The beneficial use on which the claim is based _____

#1 Irrigation gardens and lawn
#2 Domestic Use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been _____

#1 1928; 4 months each summer
#2 1925 Continuous use to 1946 Intermittent use of ~~the~~

4. The amount of groundwater claimed (in miner's inches or gallons per minute) _____

#1 60 gal per minute
#2 10 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof _____

Lots 10, 11, 12 in Block 4, Buttelman Addition to the Town of Three Forks

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal _____

3/4 H. P. Pump, 1 1/2 in. intake 1 in. output dug well, wood cribbing with iron barrel below, cement at top

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater _____

2, 1925 1, 1928

8. The depth of water table _____

#1 6-8 feet #2 6-8 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater _____

#1 Cement 4 ft. x 5 ft. 7 foot depth from basement floor

#2 150' feet deep with a 1 1/2 in pipe

10. The estimated amount of groundwater withdrawn each year _____

#1 500,000 gal
#2 130,000 gal

11. The log of formations encountered in the drilling of each well if available _____

none available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record _____

None.

Signature of Owner Margaret R. Haigh

Date Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

**Notice of Completion of Groundwater Appropriation
Without Well**

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1939

Owner _____ Address _____

Contractor (if any) _____

Address of Contractor _____

Date Started 1939 Date Completed 1939

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. A well or hole dug

in slough to install pump to raise water to higher ground.

NW 1/4 Sec. 19 T. 2 N. R. 2 E

Indicate point of appropriation and place of use, if possible.

Block 23 of Old Town of Three Forks

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. Used about

5 months per year. Capacity of pump 270 gallons per minute. 30 minutes in day.

Signature of Owner Julius A. Olson

Date Dec 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

1 Julius A. + Edith Olson, of Box 133 Three Forks
(Name of Appropriator) (Address) (Town)

County of Gallatin State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

N.W. 1/4 Sec. 19 T. 2 N. R. 2 E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Domestic household irrigation for lawns, garden, shrubbery, stock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. About 1887 constant use

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 30 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof?
No 2 Block 30 Old Town of Three Forks 3 acres.
No 3 Block 24 Old Town of Three Forks 3 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal pumps
No 1 + 2
No 3 + 4

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Wells No 1 3-4 about 1887 Well No 2-1939

8. The depth of water table 6 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Well No 1 - 1 1/2 in. pipe with sand point 20 ft. Wells No 2-3-4 dug wells with about 24 in. casing about 20 ft. deep Well No 1 used for household and lawn No 2 used for irrigating No 3 used for household lawn garden No 4 used for stock watering 100 head of stock

10. The estimated amount of groundwater withdrawn each year Unknown

11. The log of formations encountered in the drilling of each well if available. Gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Julius A. Olson
Date Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, E. H. Roadarmel, of Three Forks,
(Name of Appropriator) (Address) (Town)

County of Gallatin State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec 22, T. 2 N., R. 2 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Stock water, irrigation, domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Well at barn 1934, well at house prior to 1915; water hole south of bldgs 1958 water hole east of house 1940 house in Sec. 22, T. 2 N., R. 2 E.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) All necessary for stockwater, domestic use and irrigation of yard and garden in SW 1/4 of SW 1/4 Sec. 22, T. 2 N., R. 2 E.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Garden and yard irrigated amount to about 5 acres in SW 1/4 Sec. 22, T. 2 N., R. 2 E.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal 2 wells, one at house and one at barn, 2 water holes for stock developed by digging out springs and groundwater.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Well at barn dug in 1934, well at house there before my knowledge, water hole south of house dug in 1958; springs developed east of house in 1940.

8. The depth of water table Ten feet, approximately.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Each of the two wells has a two inch pipe, one with hand pump and the other with electric pump. Water holes are simple excavations exposing water for stock.

10. The estimated amount of groundwater withdrawn each year Adequate amount for needs

11. The log of formations encountered in the drilling of each well if available None available
