Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws 1961)

Owner
John W. Hubert
Block 44
Lot 22
Roseman

Driller
Harold Hubert
Address
Route 1
Roseman

Date of Notice of appropriation of groundwater:
Aug 8, 1965
Date completed:
Aug 8, 1965

Date well started:
Type of well:
Drilled
Equipment used:
Churn (Dug, Driven, bored or drilled)

Water use:
Domestic □ Municipal □ Stock □ Irrigation □
Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
7 feet.

Shut-in Pressure for Flowing Well

Pumping Water Level: 18 feet
at 30 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested: Pump
Length of Test: 6 hrs

Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filled by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

TOM E. and MAJORIE M. VINCENT
of Boxman
County of Gallatin State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: family use, irrigation, watering livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: probably as early as 1890; probably almost continuous use since 1895.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Estimate: 1 gallon per minute in 10 hours (or 600 gallon daily).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Lawn, small pasture, garden. Owner - same as above.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pressure pump. One well near house; another well in corral behind barn.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown. Enlarged well by the house in April, 1933.

8. The depth of water table. Well is about 25 ft. deep at house; 20 in corral - water level about 15 and 10 feet respectively.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well at house about 25' deep, 6' x 5' dug well, encased with cement blocks; well in corral about 20' deep, drilled, wood encased (very old).

10. The estimated amount of groundwater withdrawn each year. 200,000 gallon.

11. The log of formations encountered in the drilling of each well if available. Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None available to our knowledge.

Signature of Owner: __________________________
Date: ____________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Donald J. Larson, of 101 South Aylesworth Ave., Bozeman
   County of Gallatin
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   1. Domestic use and minor irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   1. Limited use
   2. Continuous use in summer months

4. The amount of groundwater claimed (in miner’s inches or gallons per minute):
   1. 500,000 per year
   2. 600,000 gallons per year

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   1. Gravity only
   2. Domestic pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   1. Well constructed in June 8, July 1969

8. The depth of water table:
   1. Four and one half feet for well

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   1. Shallow well - 15 feet deep

10. The estimated amount of groundwater withdrawn each year:
    1. None at present
    2. 600,000 gals

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Date to 1930
Owner: Margaret L. Kramf (if any)
Contractor (if any): not applicable
Address of Contractor: not applicable
Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

1. Spring water used to build a small stream and wash away dirt
2. Spring water used to build a small stream and wash away dirt
3. Dyeing irrigation for stock, stock irrigation
4. Domestic purpose: free flow

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use:

1. 5,000 gallons per annum for domestic purposes.
2. 24,000 gallons per annum for stock irrigation purposes.
3. 30,000 for stock watering purposes

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Allen L. McAlear  
of Route #2  
Bozeman  
(Name of Appropriator)  
(Address)  
(Town)
County of Gallatin  
State of Montana  

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic and irrigation.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: October 15, 1957, Constant.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Lot 3, Section 1, Township 3 South, Range 6 East, State of Montana, A. L. McAlear, Lessee.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Spring box and pump located on east bank of New World Creek, 300 yds. from Bear Creek.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: May 1, 1957, to October 15, 1957.

8. The depth of water table: Flows 25 gallons per minute at spring.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Spring box collects the water and the pump carries it up to top creek bank and water line down to house.

10. The estimated amount of groundwater withdrawn each year: 1,000,000 gallons.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: This water is taken from state land for use on a State Forest Permit.

2. The beneficial use on which the claim is based: *household use and garden, irrigation, and stock water*

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: *May 15, 1953 and continuously since.*

4. The amount of groundwater claimed (in miner's inches or gallons per minute): *60 gallons per minute.*

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: *7.5 acres of hay; east 1/4, sec. 1, T. 35 N., R. 46 E., Gallatin County.*

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: *Withdrawn by electric pump.*

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: *April 27, 1962.*

8. The depth of water table: *5 ft. depth.*

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: *100 foot screen well.*

10. The estimated amount of groundwater withdrawn each year: *51,500 gallons per annum.*

11. The log of formations encountered in the drilling of each well if available: *Not available.*

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: *Reference to book and page of any county record.*

**Signature of Owner:** Mageart L. (Schutt)

**Date:** April 27, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Lucille Clydefile, of Maukucky, Redacman
   (Name of Appropriator) (Town)
   County of Gallatin State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   N
   W
   E
   S

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   2. The beneficial use on which the claim is based:  
   Underground irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  
   1875

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   10 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands on which water has been applied and name of the owner thereof:  
   Sec. 5 T.35 R.6 S.M.P.M.
   Lucille Clydefile

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   1954

   8. The depth of water table:  
   100 feet

   9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   Spring, 30 feet deep, three (3) feet diameter

   10. The estimated amount of groundwater withdrawn each year:  
   One hundred (100) gallons per day

   11. The log of formations encountered in the drilling of each well if available:  
   Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
   Book 10, page 307

   Signature of Owner:  
   Lucille Clydefile
   Date: 12/30/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
