STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriate] of Box 541, Bozeman
   (Name of Appropriate) (Address) (Town)

County of GALATAN State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which this claim is based...
   WATER

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...
   1956 Continuous Use

4. The amount of groundwater claimed (in miner's inches or gallons per minute)...
   30 gal. per minute

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof...

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...
   1 June 56, 6 June 56

8. The depth of water table...
   30'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...
   Drilled, 2" Case, 40 ft. Deep

10. The estimated amount of groundwater withdrawn each year...
    Unknown

11. The log of formations encountered in the drilling of each well if available...
    Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...
    None Available

Signature of Owner: [Signature]
Date: 12/30/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 9/3/70

Owner: FRED PRESSL
Address: GALLATIN GATEWAY

Contractor (if any): NONE
Address of Contractor: 

Date Started: 9/3/70 Date Completed: 9/3/70

Describe means of obtaining groundwater without a well, "as by sub-irrigation and other natural processes", and depth to water, when applicable:

S mall B asin FROM FLOWING SP RING.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use:

Continuing Domestic AND STOCK USE.

Estimating by Filling Gallon Container, from Channel Containing Total Discharge of Spring:

TIME TO FILL CONTAINER: 30 GALS./MIN.

Signature of Owner: 
Date: 9/3/70

This form to be prepared by contractor (if any), otherwise by the owner.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

Developed After January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Oct 3, 65

Owner: E. E. Black
Address: Galatia, Gateway

Contractor (if any): None
Address of Contractor:

Date Started: Date Completed:

1) Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.)

2) Means of withdrawing water (gravity, pump, canal, etc.)

3) Depth of water table

4) Use of the water: Bar None, Commercial (Bar)

5) Amount of groundwater claimed (in miner's inches, or gallons per minute): One gallon per minute

6) If used for irrigation, give number of acres and description of land: None

7) Estimate amount of water used each year: 7,300 gallons

Signature of Owner: E. E. Black
Date: August 31, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

United States of America
By Supervisor, Gallatin National Forest, of
Bosman
County of Gallatin State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1902, as follows:

1. The beneficial use on which the claim is based: to provide water for Cabin Creek Picnic Site and Sheep Area.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been. April 1, 1900, continuous to date.

3. The amount of groundwater claimed (in miner's inches or gallons per minute). 50 gallons per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Pressure pump, HSE. Sec. 15, T.119 R.32.

6. The depth of water table.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Started April 1, 1900 - completed April 1, 1900.

8. The depth of water table...44 feet

9. As far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, 9-5/8 outside diameter, plain steel casing, 81 feet deep.

10. The estimated amount of groundwater withdrawn each year: 400,000 gallons

11. The log of formations encountered in the drilling of each well if available: 0-4116' sharp, broken-up mountain rock; 4116'-49' hard cemented gravel, coarse and dry; 49'-60' softer cemented gravel-water; 60'-62' river washed gravel-very clear and coarse.

12. Such other information of a similar nature as may be useful in carrying out the policy of the act, including reference to book and page of any county record. Gallatin County, book and page unknown

Signature of Owner

Date: SEP 30 1957

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

United States of America

By Supervisor, Gallatin National Forest, of Bozeman
(Name of Appropriator) (Address) (Town)

County of Gallatin State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Domestic consumption and operation of resort under special use permit from U. S. Forest Service.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Summer, 1952; continues to date for 4 months use season each year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 1,000 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Pressure pump, SW 1/4 SE 15, T11S, R3E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Exact dates unknown - during summer 1952.

8. The depth of water table. 22 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled well, 6" casing, 42 feet deep.

10. The estimated amount of groundwater withdrawn each year. 70,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Exact depths of occurrence unknown (approximate - river gravel, lava and cemented sand).

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Gallatin County - book and page unknown.

AGREEMENT FOR EASEMENT AND RIGHT TO USE WELL AND SEWAGE DISPOSAL SYSTEM

THIS AGREEMENT, Made and entered into this 3rd day of October, 1972, by and between AFTON M. JENSEN, a married woman in her own right, and C. NEAL JENSEN, also known as Neal C. Jensen, and LINDA JENSEN, husband and wife, the Parties of the First Part, and MICHAEL R. BRISTOW, a single man, the Party of the Second Part, and ROY D. CHRISTENSEN and WILDA C. CHRISTENSEN, husband and wife, the Parties of the Third Part,

WITNESSETH:

That the party of the second part purchased from George T. Jensen and Afton M. Jensen, husband and wife, and is now the owner of the following described real property situate in the County of Gallatin, State of Montana, to-wit:

A tract of land within the area bounded by Homestead Entry Survey No. 883 in Section Twenty-five (25), unsurveyed, Township Eleven (11) South of Range Three (3) East, M.P.M., and more particularly described as follows:

Beginning at a point which is East a distance of 1212.8 feet South a distance of 189.0 feet from corner "A", said Corner "A" being marked by a 2" iron pipe, and being recorded in Book of Deeds 142, page 359, in the County Clerk and Recorder's Office, Gallatin County Courthouse, as being North 9° 55' West a distance of 596.0 feet from Corner No. 5 of said H.E.S. 883, and on the boundary of said H.E.S. 883; thence from said point of beginning North 39° 35' East 137.8 feet; thence South 18° East a distance of 100.0 feet; thence North 39° 34' West a distance of 138.6 feet; thence North 51° 50' West a distance of 100.0 feet, to the point of beginning.

That the parties of the first part are purchasing under contract and are the owners of a tract of land adjoining the above described tract of land on the West side thereof, which property is described as follows, to-wit:

A tract of land within the area bounded by Homestead Entry Survey No. 883 in Section Twenty-five (25), unsurveyed, Township Eleven (11) South of Range Three (3) East, M.P.M., and more particularly described as follows:

Beginning at a point which is East a distance of 1135.3 feet South a distance of 125.8 feet from corner "A", said corner "A" being marked by a 2" iron pipe, and being recorded in
Book of Deeds 142, page 359, in the County Clerk and Recorder's Office, Gallatin County Courthouse, as being North 9° 55' West a distance of 595.0 feet from Corner No. 5 of said H. E. S. 883, and on the boundary of said HES 883; thence from said point of beginning North 39° 30' East a distance of 135.1 feet; thence South 52° 13' East a distance of 99.9 feet; thence North 39° 35' West a distance of 137.8 feet; thence North 50° 22' West a distance of 92.2 feet to the point of beginning.

That the parties of the third part are the owners of a tract of land adjoining the second above described tract of land on the West side thereof which is described as follows, to-wit:

A tract of land within the area bounded by Homestead Entry Survey No. 883 in Section 25, Township 11 South, Range 3 East, M. P. M., in Gallatin County, Montana, and being more particularly described as follows: Beginning at a point marked by a brass capped iron monument, from which Corner No. 6 of said Homestead Entry Survey bears North 35° 07.4' West, a distance of 2106.4 feet and Corner No. 7 of said Homestead Entry Survey bears North 30° 09.6' East a distance of 1865.7 feet; thence from said point of beginning South 74° 06.5' East a distance of 337.7 feet to a point marked with a steel rod; thence South 39° 39.0' West a distance of 135.1 feet to a point marked with a steel rod on the north right of way line of the existing highway; thence North 50° 31.5' West along said north right of way line of 309.1 feet to the point of beginning.

That there is a well situate on the boundary line between the property owned by first parties and second party approximately 50 feet North of the South boundary line of said properties, and that there are pipes leading from said well to and upon the properties owned by each of the parties hereto, and that said well is at this time used in common by all of the parties hereto, and that each of the parties hereto desire to use said well as provided in this agreement.

That the parties hereto jointly own and use a sewage disposal system consisting of a sewer line extending from the dwelling house on the property owned by second party in a westerly direction on to the property owned by first parties and then in a southerly direction to a point near the south line of the properties owned by the parties hereto and thence along said south line to a septic tank and drain field located in the southwest corner of the property owned by third parties, and that it is the desire of the parties hereto to continue to use and maintain said sewage disposal system as provided in this agreement.
NOW, THEREFORE, It is mutually agreed between the parties hereto as follows:

1. That each of the parties hereto is equally the owner of and entitled to use the well hereinbefore described and to maintain water lines from said well across adjoining properties as the same are now installed, and that each of the parties hereto agree to equally pay the cost of maintaining the well, distribution system and cost of operating, repairing, replacing and using said well including the electricity charges in connection therewith.

2. That each of the parties hereto is equally the owner of the sewage disposal system as above described, and equally has a right to use the same, and in this connection each of the parties hereto agree to equally pay the cost of using, maintaining and operating such disposal system.

IN WITNESS WHEREOF, the parties hereto have hereunto signed their names, executing this agreement in triplicate, the day and year first above written.

**Equipment used:** Churn drill

**Water use:** Domestic ☐ ☐ Municipal ☐ ☐ Stock ☐ ☐ Irrigation ☐ ☐ Industrial ☐ ☐ Drainage ☐ ☐ Other ☐ ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

**Size of Drilled Hole:** 6" O.D.

**Kind of Drill:** Black seamless

**From:** 15.97 lb

**To:** I0

**Pump:** Zone

**Height:** 7 feet

**Discharge:** 100 gal. per minute

**How Tested:** Bailer

**Length of Test:** 15 min.

**Remarks:** (Gravel packing, cementing, packers, type of shutoff)

**In Homestead Entry Survey No. 883**

5E 28S, Sec 23, T118 N, R 36E

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, same copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

STATE WATER CONSERVATION BOARD

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1986
(Under Chapter 237, Montana Session Laws, 1961)

Bertha Frasher
Owner
John Frasher
Address: West Yellowstone, Mont.
Driller: Earl F. Bollonseth
Address: Billings, Mont.

Date of Notice of appropriation of groundwater: June 15, 1965
Date well started: June 13, 1965
Date completed: June 15, 1965

Type of well Drilled
(Dug, Driven, bored or drilled) (Chern drill, rotary or other)
Water use: Domestic [ ] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.
