STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: Phillip Marshall
2. Address:  
3. Town: Great Falls
4. County: GARRETT
5. State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: STOCK WATER

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1944 CONTINUOUS

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   - 1/2" SCREEN CASING 100 DEEP
   - IRON MILL PISTON PUMP

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: SUMMER 1944

8. The depth of water table: 180'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   - BILLED 4" SCREEN CASING 100 DEEP

10. The estimated amount of groundwater withdrawn each year: 400,000

11. The log of formations encountered in the drilling of each well if available:

   - NONE AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   - Signature of Owner: PHIL MARSHALL
   - Date: 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

The Petition of
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Right
(Under Chapter 237, Montana Session Laws, 1961)

1. W. J. Brown Ranch Co., of Sourd Spring, Montana
   (Name of Appropriator) (Address) (Town)

   County of Garfield State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Stock water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: unknown app 1940 continuous

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 7 gpm/min

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 10 ft underground

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: unknown

   8. The depth of water table: not sure 200

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4" casing about 200 ft down

   10. The estimated amount of groundwater withdrawn each year: 1,000,000

   11. The log of formations encountered in the drilling of each well if available: not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: W. J. Brown Ranch Co.
   Date: Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

**Declaration**

I, J. Brown Ranch Co., have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Location:**
   - Section 17, T. 15 R. 32
   - Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. **The beneficial use on which the claim is based:**
   - Stock water

3. **Date or approximate date of earliest beneficial use:**
   - 1959
   - Continuous

4. **The amount of groundwater claimed (in miner's inches or gallons per minute):**
   - 7 gpd

5. **If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:**

6. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:**
   - Submersible pump powered by electricity

7. **The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:**
   - Unknown

8. **The depth of water table:**
   - Not measurable

9. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:**
   - Unavailable

10. **The estimated amount of groundwater withdrawn each year:**
    - 1,000,000

11. **The log of formations encountered in the drilling of each well if available:**
    - Unavailable

12. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:**

**Signature of Owner:**

W. J. Brown Ranch Co.

Date: Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Gladys L. Kreider of Sand Springs
   Name of Appropriator (Address) Kortana
   County of Garfield State of Montana

   have appropriated groundwater according to Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based:
      Stock water, house and garden

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
      1924, continuously

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 4 or 5 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      One-quarter (1) acre garden

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Windmill

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      September 17, 1924 to October 17, 1924. dug by ranch hands.

   8. The depth of water table:
      32 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Well depth: 50 feet.
      4 foot galvanized casing - 2 inch well pipe

   10. The estimated amount of groundwater withdrawn each year: 100,000 gallons

   11. The log of formations encountered in the drilling of each well if available:
      No log

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
      None

   Signature of Owner: Gladys L. Kreider
   Date: 10-9-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Gladys L. Kreider
   (Name of Appropriator)
   of
   Sand Springs
   (Address)
   (Town)
   County of
   Garfield
   State of
   Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Household and stockwater;

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: November 1959 (continuously)

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 (10) gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Pumped by electric motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commanched July 15, 1959 and completed July 21, 1959 - Wall was drilled by McConnell Bros. of Roundup, Montana;

8. The depth of water table: Wall depth 100 feet - water rises to within 30 feet of top

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   6" pipe casing - 2" pipe

10. The estimated amount of groundwater withdrawn each year: 5067000 gallons

11. The log of formations encountered in the drilling of each well if available:
   1 foot soil; 20' sandy shale; 30' water level; 70' blue shale; 50' water sand;
   100' grey shale (bottom)

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

(Town)

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

Stock water;

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1942 (continuously);

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 (10) gallons per minute;

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof;

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

Electric pump;

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commenced and completed in 1942;

8. The depth of water table: Well depth 160 feet; water rises to within 40 feet from top;

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well depth 160 feet;

10. The estimated amount of groundwater withdrawn each year: 100,000 gallons;

11. The log of formations encountered in the drilling of each well if available:

Well driller unknown;

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

1. Gladye L. Kreider  
   (Name of Appropriator)  
   Sand Springs,  
   (Address)  
   (Town)  
   County of Garfield  
   State of Montana  

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.  
   
   Household:  

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.  
   since 1964 (continuously)  

4. The amount of groundwater claimed (in miner's inches or gallons per minute).  
   five (5) gallons per minute  

5. If used for irrigation, the acreage and description of the lands to which water has been applied and name of the owner thereof.  
   Small yard, Gladye L. Kreider, owner  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.  
   Chopper pump  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.  
   Commenced and completed in 1964 (dug by hand by ranch hands).  

8. The depth of water table.  
   35 feet  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.  
   Well depth 65 feet; 4' casing, jet pump, using 2 1/2 inch plastic pipe.  

10. The estimated amount of groundwater withdrawn each year.  
    200,000 gallons  

11. The log of formations encountered in the drilling of each well if available.  
    1st soil; 30' sandy shale; 11' sand rock  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Notice of Completion of Groundwater
Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: DON RASSER  Address: Sand Springs, Mont.
Driller: NICKIE DRANE  Address: Cylindl, Mont.

Date of Notice of appropriation of groundwater: 7-18-66
Date well started: 7-19-66  Date completed: 7-21-66

Type of well: Drilled  Equipment used: No. 131 Oil
(Dug, driven, bored or drilled) (Churn drill, rotary or other)

Water use: Domestic  Municipal  Stock  Irrigation
Industrial  Drainage  Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well: 150 feet.
Shut-in Pressure for Flowing Well: 187 feet at 3 gal. per minute.
Discharge in gal. per min. of flowing well: 247 gal.

How Tested: Pumped
Length of Test: 247 gal.
Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Show exact depth of bottom.

(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).
