STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: Philip Matovich
   Address: Missoula
   Town: Montana

2. The beneficial use on which the claim is based: Stock Water

3. Date or approximate date of earliest beneficial use: 1845

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Well: Water Mill
   Distill Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Summer 1845

8. The depth of water table: 280'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Drilled well 4' deep casing 360' deep

10. The estimated amount of groundwater withdrawn each year: 200,000

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Philip Matovich
Dated: 12-30-67

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CONSERVATION
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1953
Owner: Phil Matovich
Address: Moscow
Contractor (if any): None
Address of Contractor: Natural Springs
Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Phil Matovich
Date: 12-30-63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

Owner. W.E. Byrns

Address: Sandsprings, Montana

Driller. George G. Singlay

Address: Laurelton, Montana

Date of Notice of Appropriation of Groundwater: None

Date Well Started: Sept. 29, 1962

Date Completed: Oct. 2, 1962

Type of Well: Drilled

Equipment Used: Rotary

(Dug, driven, bored or drilled)

(Crane drill, rotary or other)

Water Use: Domestic □ Municipal □ Stock □ Irrigation □

Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size of Well: 240 feet

Depth of Well: 240 feet

Perforations:

<table>

</tbody>
</table>

Static Water Level for non-flowing well: 160 feet

Shut-in Pressure for Flowing Well: 0

Pumping Water Level: 200 feet at 10 gal. per minute.

Discharge in gal. per min. of flowing well: None

How Tested: Air and Bailer

Length of Test: 1 hour

Remarks: (Gravel packing, cementing, packers, type of shut-off)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

USE—if used for irrigation, industrial drainage or other. Explain, state number of acres and location or other data (i.e., Lot, Block and Addition).

This form to be prepared by driller and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: W. J. Brown and Son

2. County of: Sand Springs, Montana

3. The beneficial use on which the claim is based: Stock-water

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 7 gal/min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electrically operated

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown

8. The depth of water table: Not known about 240 ft deep

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled-well 4 ft, light galvanized casing, 2 ft, cylinder powered with jack and electricity

10. The estimated amount of groundwater withdrawn each year: 1,000,000 gal

11. The log of formations encountered in the drilling of each well if available: None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: W. J. Brown and Son

Date: Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadriplecute for the Appropriator.

STATE ENGINEER

Gladys L. Kreider, of Sand Springs, County of Garfield, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: Gladys L. Kreider  
   Address: Sand Springs  
   Town: (State of Montana)  
   County: Garfield  
   Have appropriated groundwater according to Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:  
   Description of Groundwater  

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  
   November 7, 1961  
   Continuous use has been since November 7, 1961  

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   Thirty (30) gallons per minute  

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:  
   Indicate point of appropriation and place of use, 2 possible.  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   Pumped by windmill  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   Commenced November 3, 1961 - completed November 7, 1961  

8. The depth of water table:  
   Well depth 100 feet, water rises to within 30 feet of top  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   Well depth 100 feet;  
   Size of pipe: 6 inch - 30 gauge; 1/8 inch slots; 70 to 90 feet casing  
   2 inch pipe.  

10. The estimated amount of groundwater withdrawn each year:  
   60,000 gallons  

11. The log of formations encountered in the drilling of each well if available:  
   Drilled by McConnell Bros; Roundup, Montana  
   10 feet coal - 30 feet shale - 70 feet water sand - 90 feet sand - 100 feet shale  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  

Signature of Owner:  
Date: 10-27-63  

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Right

Under Chapter 237, Montana Session Laws, 1961

W. J. Brown and Son

(Name of Appropriator) (Address) (Town)

County of Garfield State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. ...

2. The beneficial use on which the claim is based:

   Stock Water and Farm Stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

   Unknown but approx. 1945 continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 7 GPM

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   Wind 9511

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown

8. The depth of water table: Not unknown, approx. 100 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 16" casing—has had a jet pump powered by electricity

10. The estimated amount of groundwater withdrawn each year: 1,000,000

11. The log of formations encountered in the drilling of each well if available: Unavailable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: W. J. Brown Ranch Co.
Dec 31, 1963
Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. W. E. Brown Ranch Co., of, (Name of Appropriate)
   of, (Address) state of
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Stock water

3. Date of approximate date of earliest beneficial use; and how continuous the use has been.  
   unknown  
   continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 2.5 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise blank will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(State of Montana)

Office of the State Engineer

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, Clement A. Larson, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.

2. The date or approximate date of earliest beneficial use; and how continuous the use has been since that date.

3. The amount of groundwater claimed (in miner's inches or gallons per minute).

4. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof used for stockwater purposes.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawing groundwater.

7. The depth of water table.

8. The estimated amount of groundwater withdrawn each year.

9. The log of formations encountered in the drilling of each well if available.

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Declaration of Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1933)

1. Clement A. Larson, of Sand Springs, (Name of Appropriator)
   (Address)
   County of Garfield, State of Montana (now of Hamilton, Montana), (Town)
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation purposes.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1922, and continuously since that date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 150,000 gallons per year or 2 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal (by windmill and electric motor).

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1922.

8. The depth of water table: 60 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled water well, 4 inch casing, 16 inch pipe, 125 feet deep.

10. The estimated amount of groundwater withdrawn each year: Approximately 150,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not available.

   (Address)
   (Town)
   County of Garfield
   State of Montana

I hereby claim and appropriate groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock watering

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1945 (continuously)

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pumped by windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Commenced and completed in 1961

8. The depth of water table: 60 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well depth, 105 feet; 6 inch casing; 2 inch pipe

10. The estimated amount of groundwater withdrawn each year: 100,000 gallons

11. The log of formations encountered in the drilling of each well if available: Driller unknown

Gladys L. Kreider having first been duly sworn,

deposes and says that she is of lawful age and is

the appropriator and claimant of the order and water right

mentioned in the foregoing notice of completion of groundwater appropriation

without well and declaration of vested groundwater rights and the person

whose name is subscribed thereto, as the appropriator

and claimant, that he knows the contents of said foregoing

notice and that the matters and things therein stated are true.

Gladys L. Kreider

Subscribed and sworn to before me, this 29th day of October, 1965

Notary Public for the State of Montana,
Residing at Great Falls, Montana
My commission expires May 11, 1965
**Declaration of Vested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

1. **Gladys L. Kraider**, of **Sand Springs**, 
   County of **Garfield**, State of **Montana**

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: **Stock water**.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: **September 20, 1956**; **continuously**.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): **two (2) gallons per minute**.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: **Pumped by propane engine**.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: **Commenced August 23, 1956 - completed September 30, 1956**.

   8. The depth of water table: **Well depth 265 feet, water rises to within 40 feet of top**.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: **Well depth 265 feet; 6 inch, 20 gauge galvanized steel casing - 255 feet; slotted 30 to 50 feet with 1/8 inch slots 100 to 110 feet**.

   10. The estimated amount of groundwater withdrawn each year: 

   11. The log of formations encountered in the drilling of each well if available: **Drilled by McConnell Bros. of Roundup, Montana. 5 feet clay soil; 10 feet shale; 20 feet coal 35 feet shale; 40 feet sandy shale and water level; 70 feet shale; 105 feet coal; 140 feet shale; 115 feet sandy shale; 175 feet shale; 185 feet coal and water; 200 feet shale; 205 feet sandy shale; 250 feet shale; 255 feet clayey shale; 265 feet shale**.

   12. Other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriate]
   (Name of Appropriator)
   of... [Address]
   (Address)
   [Town, County, State]

   Have appropriated groundwater according to the Montana laws as follows:

2. The beneficial use on which the claim is based:
   [Description of use]

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   [Date], [Description of continuous use]

4. The amount of groundwater claimed (in inches or gallons per minute):
   [Amount]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   [Acreage and description]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   [Means and location]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   [Commenced: Date 1, 1961; Completed: Date 2, 1961]

8. The depth of water table. Well depth [feet], water table within [feet of top].

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   [Specifications]

10. The estimated amount of groundwater withdrawn each year. [Amount]

11. The log of formations encountered in the drilling of each well if available:
    [Log of formations]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    [Additional information]

Signature of Owner: [Signature]
Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.
