Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Phillip MATOVICH of MOSBY
(Name of Appropriator) (Address) (Town)

County of GARFIELD State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 NW Sec. 21 T. 16 N. R. 31

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based STOCK WATER

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1945

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal 8' Wind Mill Dist. from p.m.m.p

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Summer 1945

8. The depth of water table 280'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

DRILLED WELL 4" - Iron casing 260' deep

10. The estimated amount of groundwater withdrawn each year 200,000

11. The log of formations encountered in the drilling of each well if available

None AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Phil Matovich

Date 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

1. Gladys L. Kreider, of Sand Springs,
(Name of Appropriator) (Address) (Town)
County of Garfield State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 25. T. 16N. R. 32 East

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based
Stock Water;

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. November 7, 1961;

4. The amount of groundwater claimed (in miner's inches or gallons per minute) Thirty (30) gallons per minute;

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
Pumped by windmill;

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Commenced November 3, 1961 - completed November 7, 1961;

8. The depth of water table. Well depth 100 feet, water rises to within 30 feet of top;

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well depth 100 feet;
Size of pipe: 6 inch - 20 gauge; 1/8 inch slots; 70 to 90 feet casing
2 inch pipe.

10. The estimated amount of groundwater withdrawn each year. 60,000 gallons

11. The log of formations encountered in the drilling of each well if available. Drilled by McConnell Bros; Roundup, Montana
10 feet soil - 30 feet shale - 70 feet water zone - 90 feet sand - 100 feet shale

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner. Gladys L. Kreider
Date. 10-9-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based stockwater purposes
- Date or approximate date of earliest beneficial use; and how continuous the use has been July, 1963, and continuously since that date
- The amount of groundwater claimed (in miner's inches or gallons per minute) 1 gallon per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof used for stockwater purposes only
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal electric motor
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater July, 1963
- The depth of water table 30 feet
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater drilled water well, 3 inch casing, 1 1/2 pipe and 100 feet deep
- The estimated amount of groundwater withdrawn each year 75000 gallons per year
- The log of formations encountered in the drilling of each well if available Not available
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record Not available

Signature of Owner Clement A. LarsonDate December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 Sec. 14 T 16N R. 33 East

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.....
Stock water;

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. September 30, 1960;
(continuously)

4. The amount of groundwater claimed (in miner's inches or gallons per minute)..... two (2) gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Pumped by propane engine;

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Commenced August 25, 1960 - completed September 30, 1960;

8. The depth of water table. Well depth 265 feet, water rises to within 40 feet of top;

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well depth 265 feet;
6 inch, 20 gauge galvanized steel casing - 265 feet;
slotted 30 to 50 feet with 1/3 inch slots 100 to 110 feet;

10. The estimated amount of groundwater withdrawn each year.....

11. The log of formations encountered in the drilling of each well if available. Drilled by McConnell Bros. of Roundup, Montana. 5 feet clay soil; 10 feet shale; 20 feet coal 35 feet shale;
40 feet sandy shale and water level; 70 feet shale; 105 feet coal; 140 feet shale;
145 feet sandy shale; 175 feet shale; 180 feet coal and water; 200 feet shale; 205 feet
sandy shale; 230 feet shale; 255 feet coal and water; 250 feet shale; 255 feet sandy shale;
265 feet shale.
