Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1916
Owner: George Aspelt
Address: East Line, West
Contractor (if any)
Address of Contractor
Date Started: 1916
Date Completed: 1916

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Springs

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

3000 gal. use - 2 acre ft
16000 gal. used for Irrigated

Signature of Owner: George Aspelt
Date: 12/30/63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Louis Pezort, of Box 276, Cut Bank, Glacier County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Agriculture and Livestock.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1912, Steady.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100%.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:for garden use.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1912.

8. The depth of water table: 180 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 8 inch casing and 3 inch cylinder.

10. The estimated amount of groundwater withdrawn each year: 500,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: No record.

Signature of Owner: 

Date: 9-23-30

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise, the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Mont. Session Laws, 1961)

1. George Dezor's    of Box 276    Out Bank
   (Name of Appropriator) (Address) (Town)

County of Glacier    State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: livestock and general farm purposes.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1941-1962.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 100%.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1962.

8. The depth of water table. 250 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 6 inch casing.

10. The estimated amount of groundwater withdrawn each year. one million gallons.

11. The log of formations encountered in the drilling of each well if available. not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. not available.

Signature of Owner    Date 12/30/62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Philip M. Schruette, of 1705 4th Ave, Butte
   (Name of Appropriator) (Address) (Town)
   County of: Silver
   State of: Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: January 15, 1938, continuous

4. The amount of groundwater claimed (in minor's inches or gallons per minute): 100 gph or more

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 20 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Draw water

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jun 1, 1938, completed in June

8. The depth of water table: 60 feet

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 100,000 gal.

11. The log of formations encountered in the drilling of each well, if available, forty feet

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Philip M. Schruette
Date: 12/33/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

## Details

**Appropriator:** Henry William Schuster  
**Address:** 386 East Bench Front  
**County:** Missoula  
**State:** Montana

Appropriator has appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>N</th>
<th>S</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.*

## Questions

1. **Name of Appropriate:** Henry William Schuster  
2. **Address:** 386 East Bench Front
3. **Date or approximate date of earliest beneficial use:** May 1913  
4. **Beneficial use on which the claim is based:**  
5. **The amount of groundwater claimed:** 1800 gallons per minute
6. **The means of withdrawing such water from the ground:**  
7. **The date of commencement and completion of the construction of the well or other works for withdrawal of groundwater:** May 1913  
8. **The depth of water table:** Eighty-four feet below the surface
9. **Secs., T., R., M.s. if available:**  
10. **The estimated amount of groundwater withdrawn each year:** 100,000 gallons per year
11. **The log of formations encountered in the drilling of each well if available:** Not available
12. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:**

**Signature:** Henry William Schuster  
**Date:** 12/3/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. George Rand, of the Town of East Bench
   (Name of Appropriator) (Address)

   County of Lewis State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: for livestock

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1916 - continuous

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 GPM

   5. If used for irrigation, give the area and description of the lands to which water has been applied and name of the owner thereof

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1916

   8. The depth of water table: 100 ft

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 100 ft, 1/2 in, 6 ft

   10. The estimated amount of groundwater withdrawn each year: 100 acres

   11. The log of formations encountered in the drilling of each well if available: Not Available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

   Signature of Owner: George Rand
   Date: 1/3/2026

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: [Date]
Edward A. and Owner: [Name]
Thad E. LeMieux Address: [Address]
Contractor (if any): [Name]
U.S.P.H.S. Address of Contractor: [Address]
Browning, Montana 59417 Date Started: August, 1966 Date Completed: September, 1966

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring development - 10 feet

_depth (approximately) with pipeline to house.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Quantity of water developed is estimated to meet requirement for domestic use of 500 gallons per day, supplemental water when available will be used to irrigate landscaping and garden. Estimated needs for garden approximately 400 gallons per minute. Use is continuous for domestic use.

Signature of Owner: [Signature]
Date: [Date]

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropiater.
Notice of Completion of Groundwater Appropriation Without Well

State of Montana

County of

State or community

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic, stock, irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: before 1920, daily use

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table: 120 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 18,250 gal

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Alan J. Anderson
Date: 12-26-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

STANLEY H. EIDEN
STATE ENGINEER

1. I, Calvin Legg, Box 23, Cut Bank,
County of Glacier, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is Stock water

3. The rate of use in gallons per minute or miner's inches of groundwater claimed

4. The annual period (inclusive dates) of intended use

5. The probable or intended date of first beneficial use

6. The probable or intended date of commencement and completion of the well or wells

7. The location, type, size and depth of well or wells contemplated

8. The probable or estimated depth of the water table or artesian aquifer

9. Name, address and license number of the driller engaged

10. Give such other similar information as may be useful in carrying out the policy of this act.

"As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artifically withdrawn."

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

1. Smith & Smith
   (Name of Appropriator)
   of
   (Address)
   State of Montana
   (Town)
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Water, Wells for Home & Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1940

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1000 gallons in 12 hrs

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Grapes

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table: 80 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: not determined

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: __________________________
Date: Dec 5, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. I, Calvin Angus, of Box 28 - Cut Bank, Mont.,
   County of Glacier, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is Stock water.

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is 2.5 gallons per minute.

4. The annual period (inclusive dates) of intended use is year round.

5. The probable or intended date of first beneficial use is 1-6.

6. The probable or intended date of commencement and completion of the well* or wells* is
   Commenced 12/1/62, Completed 12/1/62.

7. The location, type, size and depth of well or wells contemplated is

8. The probable or estimated depth of the water table or artesian aquifer is 125' deep.

9. Name, address and license number of the driller engaged is
   Ernest Peterson, license #11, Cut Bank, Mont.

10. Give such other similar information as may be useful in carrying out the policy of this act.

   Signature of Appropriator: Calvin Angus.
   Date: 1/15/63.

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

TEXACO Inc., Domestic 1236 No. 28th St.

Driller: Comanche Drilling Co., Address: Kevin, Montana

Date of Notice of Appropriation of Groundwater: Not filed

Date well started: 4-26-66 Date Completed: 4-30-66

Type of well: drilled Equipment Used: Rotary tools

3277 TD. Static Water Level

Static Water Level for non-flowing Well 3277' feet.

Shut-in Pressure for Flowing Well: ---

Pumping Water Level: 230' feet at: 161 gal. per minute.

Discharge in gal. per min. of flowing well: ---

Submersible pump at 2870' Length of Test: 1 hour

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation) 71' 5'-1/2' sand cemented w/150 sacks 50-50 Pozmix 4%

Gal 10% salt, cable tools from surface to TD 2870'. Rotary from 2870' to 3277' TD. Water used at injection wells.

Located throughout Northeast Cut Bank Sand Waterflood Unit.

This form to be prepared by driller, and three copies to be filed by owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
