State of Montana
Administrator of Groundwater Code
Office of State Engineer

Notice of Completion of Groundwater Appropriation by Means of Well
Developed After January 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Ralph Anderson
Address: Heide

Driller: Richard D. Potter
Address: Choteau

Date of Notice of appropriation of groundwater: 5/5/70
Date well started: 5/3/70
Date completed: 5/5/70

Type of well: Drilled
Equipment used: Rotary
(Hand driven, bored or drilled; Churn drill, rotary or other)

Water use: Domestic
Municipal
Stock
Irrigation
Industrial
Drainage
Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION WITHOUT WELL

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: December 20, 1963

Owner: Portland Cattle Co.
Address: Carter, Montana

Contractor (if any): None
Address of Contractor: None

Date Started: 1955 Date Completed: 1955

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. A soak hole was used to draw out and deepen spring to approx. 20 feet, a tank was installed for well B & C

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate length of periods of use: Spring A, B, C will use 800 head of cattle each, continuously the year around.

Signature of Owner: Portland Cattle Co. by Ref. Carter
Date: Dec. 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: D. Johnson
   (Address) 6 X 1915
   (Town) Last Buck

   County of: Glacier
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Crop Irrigation

3. Date or approximate date of earliest beneficial use: 1930

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 200 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Rainfed 5 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: May 1931

8. The depth of water table: 15 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1 well, 100 feet, 5 feet, 5 feet

10. The estimated amount of groundwater withdrawn each year: 200,000 gallons per year

11. The log of formations encountered in the drilling of each well if available: No log

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: D. Johnson

Date: October 25, 1934

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Maclean Ranch
Address: Chester, Montana

Driller: B. E. Blake
Address: Columbia Falls

Date of Notice of Appropriation of Groundwater: Aug 21, 1962
Date Well Started: Aug 15, 1962
Date Completed: Aug 4, 1962

Type of Well: Drilled
Equipment Used: Churn, drill, rotary or other

Water Use: Domestic

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Raymond A. Jacobson, of Cut Bank
   (Name of Appropriator) (Address) (Town)

   County of Glacier, State of Montana.

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Domestic and livestock

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been.  Known. Prior to 1957 when groundwater was purchased and has been in continuous use since.

   4. The amount of groundwater claimed (in miner’s inches or gallons per minute). 1,000 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not applicable.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump. 30 ft. 3 ft. 4 ft. Section 28 Township 36 N Range 12 W.

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Unknown.

   8. The depth of water table. 15 feet.

   9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Hand dug. Rock well. Four feet in diameter.

   10. The estimated amount of groundwater withdrawn each year. 1,500 gallons.

   11. The log of formations encountered in the drilling of each well if available. Unknown.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No other information available.

OFFICE OF STATE ENGINEER

NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION WITHOUT WELL

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec. 23rd, 1959
Owner: Pratt Cattle Co.
Address: Carter, Montana

Contractor (if any): Carter, Montana
Address of Contractor: Carter, Montana

Date Started: 1957 Date Completed: 1958

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable:

A seepage well
used to clean and deepen
spring to a depth of
approx. 12 ft.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use

100 acre-months
1000 head of cattle
100 acres of pasture

Signature of Owner: Pratt Cattle Co. By: Carter Dec. 23, 1959

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Contractor (if any): None
Address of Contractor: None
Date Started: 1963 Date Completed: 1968

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Spring was cleaned out and deepened to approx. 6 ft.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Spring will water approximately 1000 head of cattle the year around.

Signature of Owner: Oldfield Cattle Co.
Date: Dec 31st, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Rim Rock Ranch, Inc. of P. O. Box 337, Cut Bank, Montana
   (Name of Appropriator) (Address) (Town)

   County of Glacier
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based. Home, livestock, and Garden.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Well #1. 1938; Well #2. 1958; Well No. 3. 1980; Reservoir #4 since at least 1950, all have been in continuous use.

   4. The amount of groundwater claimed (in miner’s inches or gallons per minute). #1 well - 1000 gal. per hr.; #2 1000 gal. per hr.; #3 1000 gal. per hr.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. All by electric pumps.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. #1 well 1938; #2 well 1958; #3 well 1960.

   8. The depth of water table. #1 well 22 ft.; #2 well 18 ft.; #3 well 35 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater #1 is a hand dug 4 ft. wide cement curbed well; #2 well hand dug; 3 ft. wide with galvanized steel casing; #3 well is a drilled well with 8 in. casing. The reservoir is twenty feet deep, 200 ft. wide and backs up 800 to 100 feet. It never goes dry and is fed by springs. It is earthen filled with concrete spillways.

   10. The estimated amount of groundwater withdrawn each year. 25,000,000 gal. per year.

   11. The log of formations encountered in the drilling of each well if available. None available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

   Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

**Declaration of Vested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

1. **Harvey E. Anderson**, of [Address] (Town),
   - Name of Appropriator
   - State of Montana
   - Have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. **Beneficial Use**
   - The beneficial use on which the claim is based: *Domestic and Stock, Irrigation of Garden and Shelterbelt*

3. **Beneficial Use Date**
   - Date or approximate date of earliest beneficial use: *October 15, 1957*

4. **Amount Claimed**
   - The amount of groundwater claimed (in miner's inches or gallons per minute): *35 gallons*

5. **Irrigation Information**
   - If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: *Lawn and Garden*

6. **Means of Withdrawal**
   - The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: *Submersible Pump*

7. **Commencement and Completion**
   - The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: *October 15, 1957 (completed October 15, 1957)*

8. **Depth of Water Table**
   - The depth of water table: *150 feet*

9. **Wells and Depths**
   - So far as it may be available, the type, size and depth of each well or the general specifications of any other works for withdrawing groundwater: *Reinforced Gravel 135' to 180' in [reef]*

10. **Estimated Withdrawal**
    - The estimated amount of groundwater withdrawn each year: *588,600*

11. **Log of Formations**
    - The log of formations encountered in the drilling of each well if available: *None*

12. **Additional Information**
    - Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: *None*

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner:  William
Address:  East Bank
Driller:  John Doe
Address:  East Bank

Date of Notice of Appropriation of Groundwater:  Feb 25, 1967
Date Well Started:  Feb 25, 1967
Date Complete:  Mar 9, 1967

Type of Well:  Drilled
Equipment Used:  Drilling (Cone, drill, rotary or other)

Water Use:  Domestic [ ] Municipal [ ] Other [ ] Irrigation [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing well:  35 feet.
Shut-in Pressure for Flowing Well:  35 psi.
Pumping Water Level:  35 feet at 2.0 gal. per minute.
Discharge in gal. per min. of flowing well:  2.0
How Tested:  Air Pressure Test

Remarks:  (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, include number of acres irrigated, if used for irrigation)
