Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

US Ranch Inc.

Box 312 Cut Bank

Glacier

Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Residence

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Year around

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 325 gpm deep

5. If used for irrigation, give the acreage and description of the lands to which water has been applied, and name of the owner thereof: Flowers and lawn

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Submersible pump in tubing

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Oct. 1963, put in pump immediately

8. The depth of water table: Nevet been checked

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 3½ in. galvanized casing 32½ ft deep, submersible pump 3½ in. outside tubing, casing set 1½ ft from gravel gravel.

10. The estimated amount of groundwater withdrawn each year: Driller didn't keep a log on Drilling

11. The log of formations encountered in the drilling of each well if available: Driller didn't keep a log on Drilling

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: See below.

Signature of Owner: US Ranch Inc.

Date: 12/29/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. US Ranch, Sec. 36, T.37 R.7 S.
   (Name of Appropriator)
   (Address)
   (Town)
   County of Glacier, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Stack Watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   8 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   All irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Pump Jack on Tin Tubing

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Drilled last week of July 1963 finished July 13, 1963, first pump jack July 19, 1963

8. The depth of water table:
   Static H2O 17 ft 3 in. above Surface
   8 gpm, Dynamic H2O 17 ft 3 in. above Surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:
   Clay 16-71 ft, sand and gravel shale 20-115 ft, sand shale and gravel shale with some hard limestone, rapids containing gravel, 125-132 ft, light gray silts and sands, 150-160 ft sand and gravel shale, 170-180 ft sand and gravel shale, 180-190 ft sand and gravel slate.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Sept. 5, 1964

Owner: [Name]
Address: [Address]
Contractor (if any): [Name]
Address of Contractor: [Address]

Date Started: Sept. 5, 1964
Date Completed: Sept. 15, 1964

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes", include depth to water when applicable. A spring was dug out and a pipe laid to take that water to a lower elevation to a stock tank. The spring flowed in excess of 10 gallons per minute. This was measured by letting the water go into a bucket of known size and timing the same.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Signature of Owner: [Signature]

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

I, Ed Reagan, of Cut Bank, Montana,
intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

1. Name of Appropriator: Ed Reagan
   Address: Cut Bank, Montana
   Town: Glacier
   County: Glacier
   State of Montana

2. The beneficial use to which water is to be applied is: stock water for livestock
   (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed: 400 gallons per hour (6 2/3 gal. per minute)

4. The annual period (inclusive dates) of intended use: year around — at all times

5. The probable or intended date of first beneficial use: November 1, 1965

6. The probable or intended date of commencement and completion of the well or wells: Commencement — June 1, 1965, Completion — November 1, 1965

7. The location, type, size and depth of well or wells contemplated: This will be a developed spring with enclosed box and water tank for livestock. Water will be piped from the box to the water tank.

8. The probable or estimated depth of the water table or artesian aquifer: Unknown — although it will be necessary to dig into a bank to a depth of 4 feet.

9. Name, address and license number of the driller engaged: HOME

10. Give such other similar information as may be useful

   in carrying out the policy of this act: the reason that all of this water need be appropriated is that to keep this water and tank from freezing in the winter it must be allowed to run free through the line and into this tank. This is appropriated so that this land surrounding this spring can be utilized for the pasturing of cattle in both summer and winter.

   Locate well or other means of development as accurately as possible on the map.

   Signature of Appropriator: [Signature]
   Date: June 1, 1965

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressure or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE WATER CONSERVATION BOARD

File No.: T. 37 N. 3 W.
DUP. No.: 1955

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: November 1, 1965
Owner: H. Ed Reagan
Address: Cut Bank, Montana
Contractor (if any): None
Address of Contractor:

Date Started: June 1, 1965
Date Completed: November 1, 1965

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. This is a developed spring. This was accomplished by digging into a bank on a hillside to the depth of approximately 4 feet. This was boxed in and a water line was run down the hill and connected to a stock water tank. The spring and the box itself were covered over with dirt. The water comes out of the ground under its own pressure.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. 6 2/3 gallons per min. developed and used. This water is used the year around. The rate of water was figured by using a bucket and a watch.

Indicate point of appropriation and place of use, if possible.

Signature of Owner:
Date: November 8, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

This form to be prepared by contractor (if any), otherwise by the owner. Three copies of this notice are to be filed with the County Clerk and Recorder in the county in which the works are located. If not applicable, state, otherwise the form will be returned.

Quantity of water developed and used for appropriation of groundwater, including amount of water used in irrigation and other natural processes, to be stated in thousand cubic feet per day.

Date of Appropriation of Groundwater Without Well

Describe means of obtaining groundwater without a well or well point of appropriation is not applicable, unless otherwise stated.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Administrative Office of the State Engineer.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 287 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Oct. 1960
Owner: Edward C. Allingston, Address: Box 147, Seeley, Mt.
Contractor (if any): None

Address of Contractor: None
Date Started: Oct. 10, 1960, Date Completed: Nov. 15, 1961

Describe means of obtaining groundwater: without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable. Water comes from snow and rain run off from coulee and fields above reservoir and is used in stock water and gross irrigation. Reservoir is approximately 20 feet deep.

Quantity of water developed and used with explanation of method used to measure or estimate such amount: Gallons of water used determined by size of reservoir which usually is filled in spring and used as long as water is available.

Signature of Owner: Edward C. Allingston
Date: Dec. 26, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Approprietor.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

[Name of Appropriator] of [Address] (Town)

County of [County] State of [State]

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, walls, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner [Signature]
Date [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Name of Appropriator: William S. McAlpine
Address: Box 166
Town: Cut Bank
County of: Glacier
State of: Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: farm and stock watering about 50 acres.

3. Date or approximate date of earliest beneficial use: 1916 - constant ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: About one acre, on William S. McAlpine ranch.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1915-1916.

8. The depth of water table: 15 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 2½ pump.

10. The estimated amount of groundwater withdrawn each year: One million gallons a year.

11. The log of formations encountered in the drilling of each well if available: None - hand aug.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Signature of Owner: William S. McAlpine
Date: 12-5-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions, if not applicable, so state, otherwise the form will be returned.

Gentlemen:

Forwarded herewith please find duplicate of the above matters. The originals have been filed with the Glacier County
Clerk and Recorder.

Yours very truly,

FRISBEE & MOORE

by

November 10, 1966
Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Beat Swenson
Address: Sand Coulee Mine

Driller: J. L. Anderson
Address: 621 7th St. NW

Date of Notice of Appropriation of Groundwater: Oct. 3

Date well started: Oct. 4

Date completed: Oct. 9

Type of well: Water Pump

Drill No.: 160

Equipment Used: (dug, driven, bored or drilled)

Water Use: Domestic □  Irrigation □  Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

<table>
<thead>
<tr>

Static Water Level for non-flowing Well: 1001 feet.

Shut-in Pressure for Flowing Well:

Pumping Water Level: 110 feet at 10 gal per minute.

Discharge in gal per min. of flowing well:

10 gpm

Duration of Test: 9 hrs

Remarks: (Gravel packing, cementing, packers, type of shut-off, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation):

Well Gravel packed with one yard of pea gravel

Driller's License Number: #30

Driller's Signature: J. L. Anderson

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Appropriation of Groundwater

NOV 17 1966

(Under Chapter 237, Montana Session Laws, 1961)

1. I, Best Lewis, (Name of Appropriate) 312 Ave. H (Address) (Town)
   County of Ravalli, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is Stock Water. (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed 2 to 3hours per day.

4. The annual period (inclusive dates) of intended use. Year around.

5. The probable or intended date of first beneficial use. Nov 15, 1966.

6. The probable or intended date of commencement and completion of the well* or wells*. Complete Oct 7, 1966.

7. The location, type, size and depth of well or wells contemplated. 1½ x 18.5

8. The probable or estimated depth of the water table or artesian aquifer, 100 feet.

9. Name, address and license number of the driller engaged. 30 Neary, Lewistown, MT 1993.

10. Give such other similar information as may be useful.

   Signature of Appropriate: Best Lewis

   Date: Oct 16, 1966.

   [signature]

   Locate well or other means of development as accurately as possible on the plat.

As defined in the Code Sec. 1 (q) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressure or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriate.
Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. Robert Lawrence, subject farm, State of Montana
   (Name of Appropriator) (Address) (Town)
   County of Beaverhead, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is:
   (describe lands to be benefited, if for irrigation)
   Capacity
   9 to 12 hours per day

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is:
   180 gal. per min.

4. The annual period (inclusive dates) of intended use is:
   Year round

5. The probable or intended date of first beneficial use is:
   Oct 15, 1966

6. The probable or intended date of commencement and completion of the well or wells is:
   Completed Oct 7, 1966

7. The location, type, size and depth of well or wells contemplated is:
   1/2 X 18.5 ft

8. The probable or estimated depth of the water table or artesian aquifer is:
   Montana level

9. Name, address and license number of the driller engaged is:
   George Sennett 01-993

10. Give such other similar information as may be useful in carrying out the policy of this act:
    
    "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
