have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Livestock Water

2. Date or approximate date of earliest beneficial use and how continuous the use has been: Since 1952, continuously

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 50 miner's inches

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Natural Spring Flow through ditch and then into Reservoir.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Reservoir - More than 10 years

7. The depth of water table: Unknown

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: None

9. The estimated amount of groundwater withdrawn each year: Unknown

10. The log of formations encountered in the drilling of each well if available: None

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None
