Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of appropriation of groundwater: DEC. 19, 1963...

Owner: FRANCES E. LAN
Address: MAYVILLE, MONT.

Contractor (if any): NONE

Address of Contractor

Date Started: Date Completed:

Describe means of obtaining groundwater without a well, "as by
sub-irrigation and other natural processes". Insert depth to
water when applicable. BOXED SPRING WITH
TROUGH

Quantity of water: developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.
MAY THRU OCTOBER

Indicate point of appropriation and place of use, if possible.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

FRANK KESSE, of Maxwell, State of Montana,

County of Granite, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Approprietor: FRANK KESSE
   Address: Maxwell
   County: Granite
   State: Montana

2. The beneficial use on which the claim is based: HOUSEHOLD USE

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: CONTINUOUS SINCE 1925

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 GALS. PER MIN.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: JET PUMP

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: NOT KNOWN

8. The depth of water table: 11 FT

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 16 FT 24 INCH WOOD CASING

10. The estimated amount of groundwater withdrawn each year: NORMAL HOUSEHOLD USE

11. The log of formations encountered in the drilling of each well if available: 

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: FRANK KESSE
Date: 12-27-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. William And Mary Rodgers
   of Box 15
   Maxville
   Granite
   Montana

   I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household use and yard irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: September 19th and continued until present date

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): Five gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      Used on Approximately 4 acres, Owen, ed. by
      appropriator

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Water drawn with electric pump from well near residence

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: September 19th

   8. The depth of water table: About 30 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Dug well about 35 feet in depth and 12' x 12', timbered equipped with 3 H.P. electric motor pump

   10. The estimated amount of groundwater withdrawn each year: About 50,000 gal

   11. The log of formations encountered in the drilling of each well if available:
      Glaciated material mostly granite boulder and some sandstone

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county records available

   Signature of Owner: William Rodgers
   Date: 12/31/63

Encountered flow in mine adit 350 feet from surface.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

800 gallons per minute, flowing at continuous rate, for industrial use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Comingo American Incorporated
Date: January 1967

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Agnes M. McDonald
County Recorder

By Maude Echols, Deputy
Notice of Completion of Groundwater Appropriation

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: December 19, 1963

Owner: U. S. Forest Service
Address: Philipsburg, Montana

Contractor (if any): None
Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Development of a natural spring and piping water into troughs for stock water.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

3 Gallons per minute, used from June 15 to Oct. 15 annually.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Pearl E. Anderson (Name of Appropriator) of 622 North Benton (Address) Helena (Town)

2. The beneficial use on which the claim is based.
   Domestic & Stock

3. Date or approximate date of earliest beneficial use and how continuous the use has been.
   1890, Approx.

4. The amount of groundwater claimed in minor (in inches or gallons per minute).
   10 g.p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Pump. (Model)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   Same as 03

8. The depth of water table.
   3 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   13 feet, Augwall

10. The estimated amount of groundwater withdrawn each year.
    1,200,000 gallons

11. The log of formations encountered in the drilling of each well if available.
    N/A

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
    N/A

Signature of Owner

Date: 12/10/1943
