STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD

NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 137 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: E. W. Bumby

Address: 1047 HALL - MONTANA 99074

Date well started: APRIL 10-72

GW 1

Type of well: DRILLED

Equipment used: CHURN

Water Use: Domestic [ ] Municipal [ ] Stock [ ] Irrigation [X]

Industrial [ ] Drainage [ ] Other [ ] Garden/Lawn [ ]

*Describe

USE: If used for irrigation, industrial, drainage or other, explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

ESTIMATED ANNUAL WITHDRAWAL: 27,000 GALLONS

Top of Ground

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

1. ERNEST W. TROY of Whitehall
   (Name of Appropriator) (Address) (Town)
   County of Jefferson State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: 1940 - used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 500 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Used on lands in Section 6 owned by claimant - 25 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Shallow well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: May, 1940

8. The depth of water table: 1 foot

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 14 inch steel casing to a vertical depth of 15 feet with electric jet type pump

10. The estimated amount of groundwater withdrawn each year: 5,000,000 gallons

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Ernests W. Troy
Date December 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriator.

(Under Chapter 237, Montana Session Laws, 1961)

1. EST. ST. W. T. BAY of Whitehall
   (Name of Appropriator) (Address) (Town)
   County of Jefferson State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stockwater

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1944 to 1946 - all used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute) Each well pumps 5,000 gallons per hour

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: (1) Manual pump. (2) Electric pump & (3) Manual pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1944 to 1946 for all 3 wells. (1) 30" casing to 15 foot depth (2) 4" casing to 10 foot depth. (3) 4" casing to 10 foot depth

8. The depth of water table: 4 foot

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: (1) 30" casing to 15 foot depth, 30" barrel casing. withdraw by bucket. (2) 4" casing to 10 foot depth. withdraw by electric motor and pump jack. (3) 4" casing to 10 foot depth with hand pump

10. The estimated amount of groundwater withdrawn each year: Each well 500,000 gallons

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Cardwell School District 16 & 31, of Cardwell, Montana,
   (Name of Appropriator) (Address) (Town)
   County of Jefferson & Madison, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. This well supplies the water for Cardwell Elementary School Dist. 16 & 31.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been, this well has been in continuous use since it was drilled about 1920.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallon per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof none.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal, electric pump and pressure system.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater (estimated) 1918 or 1920.

8. The depth of water table no available information within our knowledge.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater drilled well & casing.

10. The estimated amount of groundwater withdrawn each year 500,000 gallons.

11. The log of formations encountered in the drilling of each well if available no available information within our knowledge.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record unknown to us.

Chairman of Cardwell School Dist. 16 & 31
Signature of Owner: [Signature]
Date: December 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

(Under Chapter 297, Montana Session Laws, 1961)

1. EVELYN J. SHILTYAN of Cardwell, Montana
   (Name of Appropriator) (Address) (Town)
   County of Jefferson State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic and other uses.

3. Date or approximate date of earliest beneficial use and how continuous the use has been: December 14, 1928 - use has been continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 Miner's inches per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 25,000 Gals. Cistern & Pipeline.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: December 14, 1928.

8. The depth of water table: Water from Spring rises to surface of ground.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Water from Spring flows into 25,000 Gallon cement storage tank by gravity & is then piped by a 2" diameter pipe to Lots 4, 8, 9, 10 and 11 in said Section 12.

10. The estimated amount of groundwater withdrawn each year: 50,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Recorded previously in Book 3 of Water Rights at page 109, records of said Jefferson County.

Signature of Owner: [Signature]
Date: September 4, 1963.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

| Date of Appropriation of Groundwater: | 1942 |
| Address: | Willow Creek, Montana |
| Contractor: | None |
| Address of Contractor: | None |
| Date Started: | 1942 |
| Date Completed: | 1942 |

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. SPRING - head of spring dug out and boxed in and piped in 1 1/4 inch pipe to 275-gallon trough...

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

3.75 gallons per minute through 1 1/4 inch pipe to 275 gallon trough; used for stock-water daily during months of May, June, July, August, September and October of each year.

Signature of Owner: Lester B. Williams
Date: December 3, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Appropriate.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriator] of [Address] (Town)
   County of [Jefferson] State of [Montana]
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: 19xx - Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Average 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table: Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 5,250,000 gal.

11. The log of formations encountered in the drilling of each well:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: [Name]
Date: Dec. 31, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1941)

Date of Appropriation of Groundwater: 1941

LESTER B. WILLIAMS
Owner
Address: Willow Creek, Montana
Contractor (if any): none
Address of Contractor: none
Date Started: 1941 Date Completed: 1941

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Springs, head of spring dug out and boxed in and piped in 1 1/2 inch pipe to two troughs of 300 gallons capacity each.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1960
Owner: Walter M. Williams  Address: Willow Creek, Montana
Contractor (if any): 
Address of Contractor: 
Date Started:  
Date Completed: 1960

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Gravity spring, piped to troughs using 1 1/4 inch pipe, approximately 4 feet to water. Two troughs, capacity of each trough eighty (80) gallons.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Approximately 1 cubic feet per second into the troughs. This spring used five months of the year. This spring uses two and one half (2 1/2) gallons per minute, this is estimated.

Signature of Owner: 

Date: 12/18/63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder: duplicate to the State Engineer: Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

EVELYN J. SULLIVAN
of Cardwell, Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based: stock water & domestic purposes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. February 20, 1950 - use has been continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5. Miner's inches per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: gravity flow from spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Spring was developed by digging & enlarging about 1953 - 1st Diamater Pipe used to conduct water about 1,000 feet in a general southeasterly direction to Sec. 20, T. 1 N., R. 2 W.

8. The depth of water table: Spring rises to surface of ground.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Fenced Spring & piped water as mentioned in No. 7 above

10. The estimated amount of groundwater withdrawn each year: 50,000 gallons

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Recorded previously in Book 5 of Water Rights at page 52, records of said Jefferson County

Signature of Owner: 

Date: September 4, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Chapter 237 Montana Session Laws, 1961, as amended)

Date of Notice of appropriation of groundwater

Date well started

Date complete

Type of well

Equipment used

Drilled

Shurdrill

Dug, driven, bored or drilled

Churn drill, rotary or other

Indicate on the diagram the character and thickness of the different strata

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Indicate the character and thickness of the different strata in drilling, such as soil, clay, shale, gravel, rock or sand, etc.

Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

66 - 03 Soft Gummy Gray Shale

83 - 85 Tight Solidified Gray Shale

85 - 86 Very hard gray shale

66 - Some water, very silty well will not clear up

Static Water Level for non-flowing well

Shut-in Pressure for flowing well

Pumping Water Level

Discharge in gal. per min. of flowing well

How Tested

Sawyer

Length of Test

Remarks: (Gravel packing, cementing, packers, type of shutoff)

(Continue on reverse side)

USE-If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Steinmacher Brothers, of R. R. 1, Willow Creek
   (Name of Appropriator) (Address) (Town)
   County of Gallatin, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1952, as follows:

2. The beneficial use on which the claim is based
   Domestic, stock and poultry water

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Continuously since 1930

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1922

8. The depth of water table: 20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6" casing, 12' deep, drilled and cased well

10. The estimated amount of groundwater withdrawn each year: 500,000 gallons per annum

11. The log of formations encountered in the drilling of each well if available: none

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

Signature of Owner: John Steinmacher
Date: Dec. 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 15, 1963
Box 182,
Owner: Stein
Address: Willow Creek, Montana
Contractor (if any) None
Address of Contractor: None
Date Started: 6/1/63
Date Completed: 6/15/63

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Gravity Flow

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

20 Gallons per hour for 3 months, volume measured and times.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: [Signature]
Date: Dec. 26, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
**Declaration of Tested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

CARL H. WILLIAMS and RUTH M. WILLIAMS, as joint tenants,

(Name of Appropriator) 

(Address) 

(Town)

County of Jefferson 

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is water for livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. **1864, by grandfather of appropriator, then by her of appropriator, and now by appropriator.**

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) **250 gallons per hour, 24 hrs per day for each day of the year.**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof, **not used for irrigation. Carl H. Williams and Ruth M. Williams, owners as joint tenants.**

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. **Spring is located in the approximate center of Section 9, and water is drawn from spring through one inch pipe, into a large watering trough for livestock.**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. **1864, by grandfather, by Uncle in 1890, then by father in 1945, and then by appropriator in 1950, and continuously used by appropriators and predecessors since 1864.**

8. The depth of water table. **Opening of spring shows depth from 5 to 10 feet.**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. **Pipe from spring to large watering trough, one inch in diameter.**

10. The estimated amount of groundwater withdrawn each year. **250 gallons per hour, each day of the year.**

11. The log of formations encountered in the drilling of each well if available. **No log available.**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. **No other information available.**

**Signature of Owner:**

(Under Chapter 237, Montana Session Laws, 1961)

CARL H. WILLIAMS and RUTH M. WILLIAMS,
as joint tenants
of Willow Creek.

County of Jefferson
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is for water for livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1947 and continuous every year since

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1,000 gallons per hour drawn from 110 foot well into cement watering trough

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1947

8. The depth of water table... Between 75 and 100 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 5 inch casing over 100 feet in depth

10. The estimated amount of groundwater withdrawn each year... 300,000 gallons per annum

11. The log of formations encountered in the drilling of each well if available... no log was kept on this well when drilled, therefore no log is available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... no additional records available, nor is any other information available

Signature of Owner RUTH M. WILLIAMS

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Orville L. Jewett, of Willow Creek
(Names of Appropriator)

Jefferson, Montana
(Addresses) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stockwater and domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   1. completed 1910
   1. completed 1940

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Stockwater from old well 50 G.P.M. for new well

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Hand pump on old well
   Electric pump from new well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   New well: 1940
   Old well: 1910

8. The depth of water table: 10 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   New well: Driven, 4" casing, 18 feet deep
   Old well: Roped up sides, 3 feet diameter. 14 feet deep

   Stockwater from old well

10. The estimated amount of groundwater withdrawn each year: 50 G.P.M. from new well

11. The log of formations encountered in the drilling of each well if available: None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Orville L. Jewett
Date: December 16, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
