DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. A Date Sessions, of Whitehall

(name of appropriator) (address) (Town)

County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana Laws in effect prior to Jan. 1, 1962, as follows:

2. The beneficial use on which the claim is based

CULINARY + LIVESTOCK

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

50 YEARS CONSTANT (Both)

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

50 GALLONS (WELL) 50 GALLONS (SPRING)

5. If used for irrigation, give the acreage & description of the lands to which water has been applied & name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

PUMP GRAVITY

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

BEFORE 1910

8. The depth of water table

3 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

CASING 6 INCH 45 FEET GRAVITY

10. The estimated amount of groundwater withdrawn each year

50,000 GALLONS

11. The log of formations encountered in the drilling of each well if available

AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any Co. record

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Ralph G. Page and Margaret M. Page of Three Forks, Montana,
have appropriated groundwater according to the Montana laws, prior to January 1, 1962, as follows:

1. Ralph G. Page and Margaret M. Page of Three Forks, Montana (Town)

2. The beneficial use on which the claim is based.
   For irrigation on the land described hereon.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   June 1, 1943 and a continued use thru Spring and Summer.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   50 miner's inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   Thirty acres, in Section 17 and 30, Town Ship 1 N., Range 4 W.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Pumps run by electricity from three wells all in NE 1/4 Sec 17 T.11 N. R. 4 W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   Commencement of construction April 1, 1943 and completed June 1, 1943.

8. The depth of water table.
   It is changed from time to time as the Jefferson River
   raises or falls, the average water level is about 5 feet.

9. Name and number of wells; the general specifications of any other works for the withdrawal of groundwater.
   One well has a driven pipe 16 feet. One is a dug well 10 feet. The other well is near the swamp and is arranged so the swamp water runs in the well.

10. The estimated amount of groundwater withdrawn each year.
    About 1,000,000 cubic feet.

11. The log of formations encountered in the drilling of each well if available.
    3 ft. top soil, 3 ft. sand and silt, 10 ft gravel and rocks.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   - **July 1957**
   - **continuous since then**

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - **100 Gals. per hour**

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - **1 Acre**

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - **Drilling Jet 2 1/4 hp**

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - **July drilled 5" casing in one week**

   8. The depth of water table:
   - **First water 62 feet. Second water 93 feet.**

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - **Drilled, 6" casing, 118 ft. deep**

   10. The estimated amount of groundwater withdrawn each year:
   - **500,000 gallons per year**

   11. The log of formations encountered in the drilling of each well if available:
   - **About 100 feet then pea gravel for 18 ft.**

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: **Robert E. Simovich**
   Date: **12-14-63**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Patacini

Henry E. Patacini

1. Name of Appropriator: Patacini
   Address: 101 Main St., Whitehall, Montana
   Town: Whitehall
   County: Jefferson
   State: Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household use
      Stock Water & Sprinkling

   3. Date or approximate date of earliest beneficial use: 1949
      That is known of.

   4. The amount of groundwater claimed (in miner's inches per gallon per minute):
      About 10 gallons a minute from two of the wells and about 15 gallons on third
      well.

   5. If used for irrigation, give the acreage and description of the lands
      to which water has been applied and name of the owner thereof
      Used for sprinkling a small garden and lawn.

   6. The means of withdrawing such water from the ground and the
      location of each well or other means of withdrawal:
      Three wells, one in house, one in garage, and the other in barn.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal
      of groundwater: All three wells have been here as long as I know.

   8. The depth of water table: About 20 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
      works for the withdrawal of groundwater:
      All three are 20 feet deep and approximately 10 feet in diameter, one inch and a quarter,
      and the other is 1 foot and a half in diameter.

   10. The estimated amount of groundwater withdrawn each year: Rough estimate of 50 to 60 thousand

   11. The log of formations encountered in the drilling of each well if available: Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
      reference to book and page of any county record: None

   Signature of Owner: Henry E. Patacini
   Date: Dec. 1962

   Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is
   located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock water

3. Date or approximate date of earliest beneficial use: About 1930. Used each winter.

4. The amount of groundwater claimed, (in miner's inches or gallons per minute): About 500 gallons per hour

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   One pump in the pasture.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1930

8. The depth of water table: About 6 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Open well about 15 feet deep

10. The estimated amount of groundwater withdrawn each year: No possible way to even estimate.

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Henry B. Patasini

County of __________ State of __________

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use and how continuous the use has been:

4. The amount of groundwater claimed (in acre-feet), inches or gallons per minute:

5. If used for irrigation, give the name and description of the lands to which water has been applied and range of the owner thereof:

6. Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of _____________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Duplicate to Montana Bureau of Mines & Geology, and Duplicate in the Office of the State Engineer.
